American Republics Seek Trade Problem Solution In Cuba Meet

HULL SILENT ON U. S. PLAN OF SECURITY

Closer Ties Sought For Americas

HAVANA — (P) — The United States delegation became the center of intense activity Saturday night in informal conversations aimed at formulating proposals on hemisphere defense and economy at the second meeting of American foreign ministers opening here Sunday.

The arrival of Secretary of State Hull, with his staff of diplomatic, trade, monetary and agricultural advisers, opened preliminary consultations in which officials of the other American republics sought first to hear details of the United States proposals.

Hull stays "listener"

The unostentatious Hull, however, adopted the role of a "listener" to get a clear picture of the problems facing each of the other countries, before disclosing just how the United States proposes to help them.

Absent from these preliminary talks was the Argentine delegation, from which is expected to emanate the chief obstacles to Hull's hoped-for unanimity among the 21 republics on measures to safeguard the security and economy of the new world.

Argentina Is Obstacle

The delegation from Argentina, a country which already shows signs of resistance to any plans which might further disrupt its trade with European countries, does not arrive until Monday morning when the business sessions begin.

While Hull guarded carefully any proposals that he brought from Washington, officials of other countries forecast definite steps at this meeting to immunize all the Americas against any military or trade threats that may grow out of the European war.

Closer Ties Sought

Despite the absence of military experts from the United States and most of the other delegations, some quarters predicted at least preliminary action on joint military plans for this hemisphere.

What did seem certain was that the United States sought to bring the other republics into even more active partnership under the Monroe Doctrine.

Linked closely with this are the American colonies of European countries which constituted the primary concern of the United States in initiating the Havana meeting, after German military successes in Europe had raised doubts about the

French Indo-China Gets New Official

HANOI, French Indo-China — (P) — French Indo-China changed governors Saturday in a move which may speed Japan's growing influence in Southern Asia.

Admiral Jean Decoux, named by the totalitarian government of Marshal Philippe Petain, took over administration of this French colony from Gen. George Catroux.

Outwardly, at least, the change was amicably arranged.

The new administration is generally expected to facilitate far-reaching economic dealings with the Japanese government.

Nazis Sign Barter Pact With Hungary

BERLIN — (P) — A German-Hungarian trade treaty, greatly increasing barter arrangements, was signed Saturday.

Blast Hurts 30

Two Trainmen Killed In Georgia Wreck

CARTERSVILLE, Ga. — (P) — A milling crowd of spectators was sprayed with burning gasoline Saturday when a tank car in a freight track wreck exploded as rescuers were attempting to extricate the bodies of two engineers.

State highway patrolmen estimated more than 30 persons were injured, none seriously.

Killed in the wreck, which preceded the tank car explosion by some 40 minutes, were the engineer of a through freight of the Louisville and Nashville Railroad and the engineer of a switch engine of the Nashville, Chattanooga and St. Louis Railroad.

Louisiana Democrats Desert Wallace

Willkie Gets Support Of Some Politicians As Party Split Comes

NEW ORLEANS — (P) — The split among Louisiana Democrats over Secretary Wallace's nomination for vice president widened into direct action Saturday night with the announcement of David W. Pipes, Jr., that he was a Republican candidate for Congress.

Pipes, a life-long Democrat and nationally known sugar planter of Houma, was the second to announce withdrawal from the state's anciently solid Democratic ranks within 24 hours.

Charles A. Farwell, spokesman for the American Sugar Cane League, Friday night pinned on a "Willkie For President" button, and said "the Republicans are Louisiana's only hope."

The delegates to the convention spurned Wallace because of his restriction program and gave their 20 votes to Speaker Bankhead. Governor Sam Jones said he was against Wallace "1,000 per cent."

But Saturday night in Baton Rouge Governor Jones, outspoken in his criticism of Secretary Wallace, declared he would fight for the Democratic ticket.

"I want to tell the world I'm a Democrat," the governor said. "I'm for Franklin D. Roosevelt for president. Any reports about my being for the candidate of the utilities company is made out of whole cloth."

Mexican Railways Face Reorganization Crisis

General Manager Resigns In Protest To Workers' Refusal To Take Cut

MEXICO CITY — (P) — The general manager of the worker-operated national railways Saturday resigned in protest against employee opposition to the economic reorganization of the lines ordered recently by President Lázaro Cárdenas because of failure to meet their financial obligations.

General Manager Juan Gutiérrez, whose predecessor also resigned because of the resistance of the system's 50,000 employees to wage cuts, job eliminations and other retrenchments, declared "extensive economies are indispensable to save the lines from ruin."

He informed the Railroad Workers Union and the Workers Administration of the railways that he believed it "my duty" to resign after the employees rejected his reorganization program which entailed monthly wage cuts of 1,800,000 pesos among other economies.

The unit reportedly countered Gutiérrez's plan during a conference with Cárdenas a few days ago with proposals that freight and passenger rates be increased and that the government, far from instituting economies, invest about 150 million pesos in improving the system.

War Birds

O'Daniel Predicts Smashing Victory

SAN ANTONIO — (P) — Predicting a victory celebration a week hence, Governor W. Lee O'Daniel Saturday night poured it on professional politicians and tax dodgers who he declared had been misleading the people.

The governor asserted that not only would Texans give a smashing endorsement of his administration and bid him Godspeed for another two years but warned that they were looking for senators and representatives with "blood in their eyes."

"They are looking for members of the legislature who will pass bills the people want passed," O'Daniel said.

Germany Says Demos Have Lead To Carry

DALLAS — (P) — E. B. Germany, state Democratic chairman, said on his return from the Chicago convention Saturday that "the third term and Henry Wallace have given the Democratic party a lead to carry."

"Texans won nothing at the convention except respect," said Germany, who was co-chairman of the Garner-for-president campaign.

F. D. Will Continue His Week-End Cruise

WASHINGTON — (P) — President Roosevelt sent word to the White House Saturday that he would continue his cruise on the Potomac river until sometime Sunday and leave the capital Sunday night for Hyde Park, N. Y.

BRITISH SAVE ITALIAN CREW

Australian Warship Celebrates Win

ALEXANDRIA, Egypt — (P) — British men o'war splashed into Alexandria harbor Saturday with 545 half-naked officers and men saved from the Italian cruiser Bartolomeo Colleoni, sunk in battle Friday in the Aegean Sea.

The Italians, a British communiqué said, were rescued by British warships while Italian planes rained bombs on the scene of operations. Italian casualties were reckoned unofficially as not over 300. The captain was among those saved.

Crews of British and French warships, anchored in the green waters of the western harbor, lined their decks to cheer the incoming vessels bearing the prisoners.

It was a big day for Alexandria, celebrating the feat of the Australian cruiser Sydney and destroyers in sending the prize Italian vessel to the bottom of the sea.

Sped To Escape

The communiqué said the Italian cruiser was sighted early Friday morning. The Italian, with a maximum speed of 40 knots, sped southwards in an effort to escape.

"Our forces, however, made a determined attack and accurate fire from the Sydney caused vital hits in the Colleoni, which reduced the speed, enabling our destroyers to complete her destruction," said the official account.

A second cruiser of the same class got away, after being hit several times.

Cardenas Presents Bill To Make Army Service Compulsory

MEXICO CITY — (P) — President Lázaro Cárdenas sent to congress Saturday a bill to establish universal compulsory military training in Mexico. Its passage was considered assured.

In a message accompanying the bill he said, "the situation which prevails in the world because of the European war urgently demands that nations take adequate means to prevent unjustified aggressions."

Cardenas asserted scarcity of trained reserves would "make practically impossible a mobilization that might be needed at any moment for defense of our institutions and national territory."

Homer Brooks Says Dies Charge Untrue

SAN ANTONIO — (P) — Homer Brooks of Houston, state secretary of the Communist party of Texas, declared here Saturday there "is not a word of truth" in testimony before the Dies committee concerning the Communism of any college president in Texas, or of Communist party support of democratic candidates for governor.

Crusade Called To Down Pagan Naziism

LONDON — (P) — A Catholic crusade against the "rank paganism of Nazism" was called for Saturday by Arthur Cardinal Hinsley, Roman Catholic Archbishop of Westminster.

U. S. PROMISES GREATEST FLEET IN HISTORY

Navy Department Authorized To Increase Strength Seventy Per Cent By Roosevelt

WASHINGTON — (P) — Prompt action to begin construction of the greatest fleet in World history was promised by the Navy Department Saturday after President Roosevelt signed a bill authorizing a 70 per cent, \$4,000,000,000 increase in naval strength.

Within the past 40 days, officials pointed out, construction has been started on 92 vessels previously authorized, thus clearing the way for immediate negotiations on contracts for the first of the 200 combat vessels to be added to the fleet under the new act.

Upon completion of those 200 vessels, scheduled for 1943 or 1947, the United States will have a "two-ocean" navy of 701 fighting ships of 3,547,700 tons.

That record-shattering armada would outweigh today's combined fleets of Great Britain and Japan, the two other principal sea powers.

Funds to begin construction of the 200 new vessels were not provided in the bill signed Saturday, but a \$178,000,000 appropriation included in a \$936,176,540 bill on which a House committee is scheduled to commence hearings Monday.

Hearings will begin Monday also on President Roosevelt's request of July 10 for \$4,848,171,957 in appropriations and contract authorization for the Army and Navy to assure "total defense" for the United States.

The Senate military committee had hoped to have a compulsory training bill ready to report with the reconvening of Congress after the Democratic convention, but Chairman Sheppard (D-Tex.) said it would be delayed.

The committee is engaged in redrafting the Burke-Wadsworth bill calling for registration and selective training of all men between 18 and 65 years of age. The revised bill will incorporate changes proposed by the army and navy. Sheppard said it would be ready shortly.

Before the naval expansion program can be pushed to top speed, Navy officials said, additional ship construction facilities will have to be provided.

DIES FINDS MANY TEXAS RED GROUPS

Students, Teachers Said Members

BEAUMONT — (P) — Reports that Communist infiltration in Texas was so pronounced that it embraced at least one state college president, and athletic coach and many teachers and students was released Saturday by sources close to the Dies committee.

Active units of the Communist party have been established in many Texas cities, it was learned, and the party's leadership assigned a teachers' college student to attend a Communist organization's national convention, where he was to be seated "with the delegates from the University of Texas."

Units Established

Units have been established at Fort Worth, northwest Texas, headquarters; Breckenridge, Lubbock, Abilene, Monahans, Big Spring, Weatherford, Amarillo, Ennis, Kilgore, Athens, Tyler, Longview, Henderson and Van.

The committee also received word that Communists could render New York City uninhabitable within a few days.

Investigators George Hurley and Steve Birmingham gave the group evidence purporting to show that Communists had obtained, through a WPA writers' project, complete information of New York's nerve centers of industry, communication, transportation, and food and water supply.

Report Is Denied

Utilization of this mass of photographic and charted material would mean, possibly, demoralization of the great city within a space of hours, the committee sources asserted.

Nerve Centers Listed

The investigators reported the material pertained to water supply, subways, food and milk centers, electricity, railroads, gas supplies, bridges, water mains, terminals and police and fire department signal systems.

The additional information regarding the Texas Communist situation came from a report Sheriff Chris P. Fox of El Paso had placed before the committee Friday.

It was an account of a meeting of Communist leaders in a Lake Garden area.

Arms Program Means Jobs For 2,500,000

WASHINGTON — (P) — The CIO estimated Saturday that 2,500,000 unemployed would find jobs in the next 12 months as a result of the rearmament program.

Actual defense expenditures in this period, the organization's economic outlook said, are expected to be \$6,400,000,000. Estimating the number of unemployed at 10,748,000, it said an annual arms expenditure of fifteen to twenty billions would be required to employ all of them.

Georgia Melons Used In Bombing Practice

COCHRAN, Ga. — (P) — Watermelons are commonplace in Georgia, but delivery of one load of them made news.

Dedicating a flying school hangar here, pilots in the Civil Aeronautics Authority's training class used the melons as bombs in bombing practice.

Swelter Siege Kills At Least Twelve

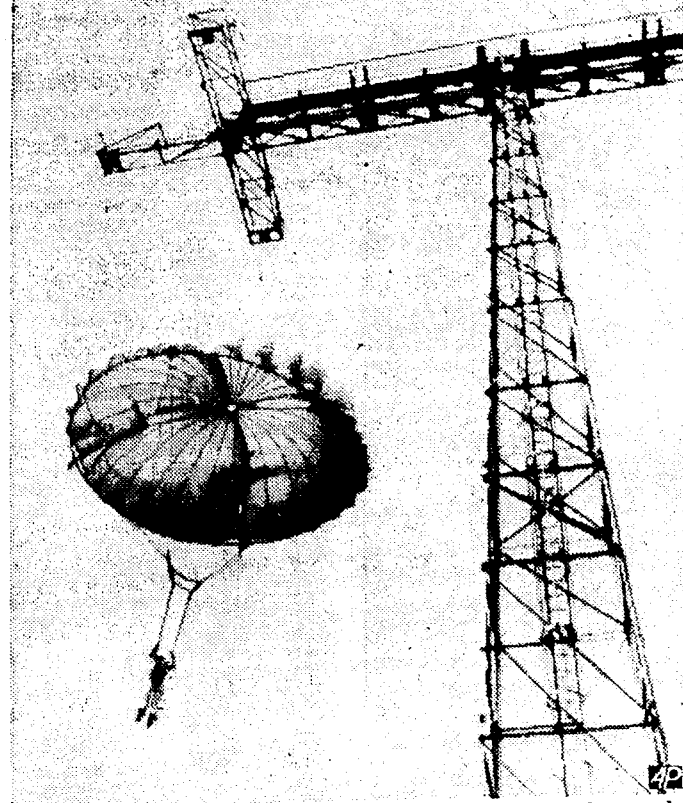

CHICAGO — (P) — The worst heat wave of the summer engulfed most of the eastern half of the nation Saturday.

Twelve deaths were attributed directly to the sweltering siege while nine persons who sought temporary relief in cooling waters drowned.

Thousands of residents of states between the Rocky Mountains and the Atlantic Seaboard hurried to beaches and woodlands for the week-end when forecasters reported no general break in the sultry spell was in sight.

Temperatures in the nineties were common in many cities.

U. S. Parachutists Train

This "parachute tower" at Hightstown, N. J., is to be used soon to train an experimental U. S. Army unit from Fort Dix as parachutists, the War Department has announced. The troops are to be trained in a manner similar to that of the Russian and German parachute troops.

ZAPATA OPENS NEW HIGHWAY

State Heads Attend U. S. 83 Hilation

ZAPATA — Zapata county presented its Frontier Hilation to the county officials and citizens Saturday to celebrate the opening of the million-dollar U. S. Highway 83, connecting the Lower Rio Grande Valley with Laredo and the Winter Garden area.

Several thousand persons spread over many acres of land cleared and made comfortable for the celebration as County Judge Manuel B. Bravo of Zapata county put his Hilation "in high" for the entertainment of the visitors.

Hot, smoked barbecue, fresh from a barbecue pit nearly 100 feet long and ten feet wide, and nearly any kind of drink one could demand was served to the thousands of visitors at noon, all at the expense of Zapata county. The menu included barbecued beef, ranch-style beans and beef stew. With full stomachs, the visiting crowds settled down to nearly two and a half hours of oratory and band concerts, the former presented by speakers from every part of South Texas and the latter by the Laredo and Zapata High School bands.

Judge Bravo welcomed his county's guests and introduced County Judge M. B. Raymond of Laredo.

Germany Withdraws Note To Costa Rica

SAN JOSE, Costa Rica — (P) — The government announced Saturday night that the German legation had withdrawn the note of two weeks ago in which it expressed hope that Central American nations would do nothing "unneutral" at the Havana conference of foreign ministers.

The withdrawal, the government reported, was made by German Minister Otto Reinbeck, with apologies, in a cable from Havana, where he has gone to watch developments at the sessions opening Sunday.

Netherlands Uphold Prisoner Treatment

WASHINGTON — (P) — The Netherlands legation said in a statement Saturday that Germans interned in the Netherlands East Indies received food and sleeping accommodations equal to those of Europeans serving with the Indies armed forces.

The statement was issued in reply to Nazi charges of mistreatment of German Nationals and threats of reprisals against residents of occupied Holland.

AGED MAN SENTENCED

ODESSA — (P) — District Judge Cecil Collins Saturday sentenced Newton L. Lamar, 62, of Amarillo, to two years in the penitentiary after Lamar pleaded guilty to attempted rape of a nine-year-old girl.

HITLER WARNS DESTRUCTION TO BE FINAL

German Bombs Still Harass Empire

LONDON — (P) — (Sunday) — Far-ranging German air bombers carried on their almost constant attacks against England and Wales early Sunday. Some raiders dumped clusters of bombs on two English sectors before they were chased away.

In northwest England, one person was killed and a number were injured by eight bombs reported dropped by a single plane which flew low over a town. One bomb was said to have hit a school.

Bombers Driven Off

In southwest England, several enemy planes dropped about a dozen bombs, damaging shops and cottages.

The Nazi raiders penetrated as far westward as Wales before British fighter planes drove them back. No bombs were reported dropped in Wales however.

Great fleets of Junkers bombers and Messerschmitt fighters swept across the British coasts all day Saturday in one of the greatest air offensives of the war keeping British anti-aircraft batteries and fighting planes continually busy.

Britons Talk Offensive

While the German bombs like exclamation points to Adolf Hitler's "final appeal" for an axis-dictated peace, found targets across the length and breadth of the island Saturday, Britons insisted they were looking beyond the defense of this gun-girt seat of empire to an eventual British offensive abroad, and handed command of this kingdom's greatest army to today's Uistern General Sir Alan Brooke.

Pounding steadily by air, evidently to "soften" Britain for the threatened direct onslaught, Nazi bombers took a toll of 336 civilian lives and left 476 other persons seriously injured in the month beginning June 18, the Ministry of Home Security reported. It was the first of the monthly casualty totals.

Casualty Lists Given

A brief communiqué said "the largest number killed in any locality on any occasion was 22." Newspaper records show total casualties during the World War as the result of air raids to be 857 dead, 2,058 injured.

Swarming across Britain's coasts in day-long attacks again Saturday, Nazi raiders kept British anti-aircraft batteries and fighting planes constantly busy.

British defense planes brought down twelve of the aerial invaders, the Air Ministry said, and two German fighter planes were "severely damaged" attempting to drive off a British night bombing raid on Germany.

Two Planes Are Lost

The Air Ministry said two British fighter planes were lost, but the pilot of one was safe.

Again, it disclosed British fliers made their own night forays over German territory Friday striking

Alfalfa Bill Murray To Support Willkie

OKLAHOMA CITY — (P) — William H. "Alfalfa Bill" Murray, who sought the Democratic nomination for president in 1932, pledged his support to Wendell Willkie Saturday in a telegram to the 1940 Republican nominee.

Mexico Divided

Almazan's Congress Is Seen By Neri

MEXICO CITY — (P) — A prospect of a congressional struggle between Gen. Juan Andre Almazan and Gen. Manuel Avila Camacho, rivals in Mexico's recent presidential election, appeared Saturday night when General Almazan's campaign manager, Eduardo Neri, said congressional candidates on the Almazan ticket would set up their own congress.

Neri added that he assumed the followers of the administration candidate, General Camacho, would do the same and that "we therefore would have two groups, each claiming to be the legal congress."

"Of course," Neri said, "ours will be the legal congress since our party got 90 per cent of the vote in the elections."

Garner Will Leave Washington To Democrats

HE'S HEADED FOR HOME IN NATIVE STATE

Remains Opposed To Any Third Term

WASHINGTON—(AP)—Vice President Garner, 71, of a third term for Franklin Roosevelt, packed away some of his private views to a few senatorial cronies and friends said, made ready to quit the capital.

His friends said that Garner planned to go to his Uvalde, Tex. home to vote in the primary elections on July 27, and might stay there leaving Congress, the administration and the Democratic party to their own devices.

Because of his third term views, his associates said, the 71-year-old Texan felt he could not participate in the campaign for President Roosevelt and Secretary Wallace nominated to succeed Garner as vice-president.

Other Democrats said Garner declined to say whether he had sent any congratulatory messages to the President or Vice President but friends said they understood he had not.

The third term issue had a prominent part elsewhere in the day's political developments.

Former Democratic Senator James A. Reed of Missouri offered to join with Senator Burke (D-Neb.) in organizing Democrats opposed to a third term.

The Harrisburg, Pa. Patriot newspaper published by Vance A. McCannick former Democratic national chairman announced its support of the Republican presidential nominee Wendell L. Willkie.

Wallace To Continue Representative Ditter (R-Ia.) said in a statement that "hundreds of volunteer workers" in Pennsylvania and New Jersey including "many patriotic Democrats" had joined "in revolt against the overbearing dictatorship of the overthrown of the third term faction by the New Deal convention at Chicago."

Wallace announced at Des Moines, Iowa that he did not plan to resign his post as Secretary of Agriculture saying that "I believe Herbert Hoover remained in the cabinet (as Secretary of Commerce) when he was campaigning for the presidency." Republicans contending that the agriculture department could exert vast political power, indicated they would make a campaign issue of Wallace's failure to resign.

Some new rules for campaigning in this and subsequent federal elections became effective when President Roosevelt signed the Hatch bill. The measure, sponsored by Senator Hatch and Representative Dempsey, both New Mexico Democrats, restricts political activity by state and local government workers paid in whole or part from federal funds. (It affects about 300,000.)

Heavy Fines Provided The legislation also places a limit of \$3,000,000 a year on expenditures by the national committee of political parties and limits to \$5,000 the contribution of any individual or organization to a party committee.

"This should stop these tremendous campaign contributions," Dempsey said. "When someone gives half a million dollars to a political campaign chest, everybody knows something is expected in return."

The limit on campaign expenditures compares with \$8,000,000 set by the Republican National Committee and \$5,000,000 spent by the Democratic national committee in 1936.

Violations of the Hatch act by state employees could result in dismissal or if the state attorney failed to dismiss them, loss of the annual salaries of the employees from federal grants.

Attempts to use federal funds to influence to coerce or intimidate voters could be punished by fine of up to \$10,000 and imprisonment of up to a year.

VOTE PROBE COURT ENDS

Absentee Balloting Inquiry Receded

RAYMONDVILLE—Willacy county's court of inquiry, called when a number of citizens petitioned for hearing on absentee ballot activities in Precinct 7, had been recessed Saturday. It was reported by Justice of the Peace A. J. Schubert of Precinct 7, who presided during the court of inquiry, held at the Portin gin east of Lyford.

Schubert said the court of inquiry had been recessed indefinitely, and probably will be resumed at some time just prior to meeting of the next grand jury.

The petition seeking the court of inquiry alleged that disproportionate number of absentee votes were being cast from Precinct 7, and that most of the voters were brought to the court house by the same man. It was claimed that the voters were aliens or otherwise ineligible.

County Attorney James Strawn was in charge of the investigation before Schubert, and A. A. Klein, assistant district attorney, also was seen entering the courtroom, presumably to assist in the probe.

Farley Re-Elected Demo's Chairman

James A. Farley, center, wore this broad smile after he was re-elected chairman of the Democratic National Committee to serve until August 17, when he would retire to accept an attractive private business offer. Grinning approval are L. W. Chip Roberts, Jr., left, and Oliver A. Quayle, Jr., right, national secretary and treasurer respectively.

Cameron's Malaria Reduction Praised

BROWNSVILLE—Citing figures showing malaria mortality in Cameron county, a letter from Dr. George Cox, Austin, asserted "the very notable reduction which we had in Texas seems to be all our county," according to Cameron County Judge Oscar C. Dancy today.

Judge Dancy wrote recently to obtain information the state board of health has on Cameron county's malaria mortality.

Since 1934, the following cases and deaths for Cameron county are recorded:

In 1934, there were 1,557 cases and 90 deaths; in 1935 there were 1,498 cases and 124 deaths; in 1936 there were 711 cases and 49 deaths; in 1937 there were 990 cases and 42 deaths; in 1938 there were 104 cases and 18 deaths; in 1939 there were 54 cases and nine deaths.

"From a comparison of the past three years with the previous four years, it would seem the people of your county have been saved from at least 1,000 reported cases of malaria a year," Dr. Cox asserted.

"On the basis of 1934 and 1939 statistics, you have 81 people alive today who would have died during 1939. If you compare 1939 with 1935, then over 100 persons are living today in Cameron county who would have died."

"I do not know what your budget may show, but I do know that your budget of human lives is definitely in the black," Dr. Cox added.

Dancy's Comment Commenting on Dr. Cox's letter, Judge Dancy declared "the greatest loss to American is sickness." He said an estimated \$20,000,000,000 annual loss in the United States due to unemployment would come second to the sickness loss. And "we think a \$14,000,000,000 preparedness bill is pretty big," Judge Dancy added. "The first step in preparedness is the health of the people. I hope Cameron county will set the example of becoming the healthiest county in the United States."

Music for the Union service Sunday evening will be in charge of Miss Mildred Ormsher. Accompanying at the piano will be Miss Betty Jean McMin.

Laymen's committees are in charge of arrangements for Brownsville's summer Union services, which are sponsored by the First Baptist, First Presbyterian, First Methodist and Central Christian churches, Church of the Advent and the Fort Brown post chapel.

'Crowd Is Small' Political Rally Has Little Interest

McALLEN—Practically nobody came to the political rally sponsored by the chamber of commerce Friday night. Only a score were present when the rally was held in the city hall.

The group finally growing to 150 by the time all candidates and their representatives finished speaking.

Present were Representative Leonard, who acted as master of ceremonies; a representative of the railroad commission, J. Gordon Griffith, McAllen candidate for chief justice of the supreme court; County Commissioner Stanley Melton and his opponent, J. R. (Dick) Harris, Jr.; David Noser, Leonard's opponent; Bob Miller, who spoke for Justice of the Peace T. J. Powell; and J. L. R. F. Cook and Kent Manning, candidates for justice of the peace, and John Bales, candidate for constable.

VISITS CORPUS CHRISTI TEXAS SCHOOLS OFFER COURSES FOR MOTORISTS

Austin—(AP)—Texas junior high schools will offer courses in automobile driving next fall.

R. B. Rice, supervisor of traffic education, told a southwest traffic engineers' conference here Saturday the courses would offer full scholastic credit.

He said many teacher-training colleges were offering courses in traffic education and public schools would be well equipped with instructors.

Rice urged redoubled efforts in establishing local safety councils throughout the state.

The conference was sponsored jointly by the University of Texas and the state highway department.

POLICE PLAN SAFETY DRIVE

Will Crack Down On Speedsters

HARLINGEN—Police department here has been instructed to "crack down" on speeding and reckless drivers in the city limits, Mayor Hugh Ramsey said Friday.

A number of complaints have been received at the city hall concerning young drivers in strip-down cars, and Mayor Ramsey asked parents of boys with such vehicles to warn them "before they get into trouble."

Reports made to the city were that majority of the reckless driving was done late at night on streets leading to the business district and Chief of Police E. W. Anglin said the force has been instructed to watch for these drivers and to pick them up.

WESLACO MAN FINED

WESLACO—Accused of using abusive language, Andrea Garcia of Weslaco was fined \$1 and costs before Justice of the Peace R. E. Irwin Friday. The contested case was prosecuted by Assistant District Attorney Hollis Rankin of Edinburg.

MOTHERS AND FATHERS OF FRANCE SEEK CHILDREN THROUGH WANT ADS

PARIS—(AP)—(Via Berlin—Delayed)—With an unending stream of pitiful little want-ads, the mothers and fathers of France are searching Saturday for their legion of lost children.

These poignant paragraphs in the thin columns of Paris newspapers thunder with simplicity the story of a vanished host of little people. They tell of babies, boys, girls—and parents, too—lost, without scarcely a trace, in the exodus of civilians fleeing the overwhelming German advance.

Where are they? Who knows? But read the little ads:

"Will the woman who rescued a two-months-old baby girl from a cannon (army truck) at the Bridge of Orleans please give her whereabouts?"

"Kills, seeking daughter Christiane, confided to her school teacher for evacuation and disappeared since June 16 from Neufchatel."

"Two boys and a girl sought by their parents—Charles, George and Denise Tricot—lost June 15 at the Bridge of Thionville."

"Jean Paul LeFevre, 6, lost June 17 seven kilometers from Gien." Jacques Lebeau, 9, lost in the

evacuation. Can be identified by brown spot over right eye."

"The widow Tola seeks her son, Jean Tola, 15, last seen on a bicycle headed toward Nantes."

More than one ad hints of a faithless servant. One mother seeks "two children, Jean Claude and Suzanne, four and five years old, blond, blue-eyed, the same height, abandoned by their nurse to a French military convoy going toward Orleans."

By contrast is the conscientious conduct implied by: "Michele Vacheron is with nurse—Camille."

Valley Wildcatting Activity Spreads As Drilling Seen In Six Areas

THREE NEW PRODUCERS FINALED THIS WEEK AS OTHER TESTS ON SPOT

Rincon Field Well Seen Important Test As Other Wildcats Are Watched

McALLEN — Lower Rio Grande Valley wildcats were drilling in a half dozen counties Saturday as operations continued to spread. Most of the tests were being drilled in Starr county, as usual.

One of the most important tests was Complete Oil Well Service Company's No. 1 Yzaguirre, south-east corner of Survey 227 and a mile east of the northernmost production in the Rincon field. The well was scheduled for 3,000 feet and was making hole around 4,000 feet. The acreage was obtained under a farmout from Sun Oil Company.

Several miles north of the Rio Grande City field in southern Starr, McCollum Oil Company (Houston) No. 1 Rodriguez, Share 56, Portion 80, Camargo Jurisdiction, made salt water on first production test and is now cemented preparatory to another test. Operators drilled to total depth of 2,710 feet and cemented 5 1/2-inch o. d. casing at 1,285 feet. Production test was made through casing perforations in the sand at 1,173-79 feet.

Wildcat Is Staked

Several thousand feet southwest of production in the Barboas field, Marr and Brown's No. 1 Mrs. Anna Kelsey-Bass has been staked. 2,460 feet west and 450 feet south of the northwest corner of Share 38, Portion 88, location being in Share 5, Portion 87, Camargo Jurisdiction. The wildcat will go to 3,600 feet.

In western Jim Hogg county, Pate Drillers, Inc., No. 1 Daniel Gutierrez, Block 51, Survey 579, El Payote Grant, cemented 5 1/2-inch o. d. casing on bottom at 3,156 feet, preparatory to production test. The sand show at 3,120-10 feet. The sand show at 3,120-10 feet. The sand show at 3,120-10 feet.

The Colorado field sand and a little oil on 20-minute drill stem test. The Colorado field sand and a little oil on 20-minute drill stem test.

The same well was reported cored at 2,840-46 feet and showed a little oil on drill stem test.

Humble Oil and Refining No. 4 Mestena Oil and Gas Company, about seven miles east of Hebbronville and in Diego Hinojosa Grant, was reported making hole around 4,100 feet.

Brooks County promised to attract much attention during the next few days with two highly important wildcat drilling steadily ahead.

Wildcat Activity Seen

About 12 miles south of Falfurrias, Sun No. 1 Charles Boedeker, Survey 16, was coring at 3,678 feet on a deep wildcat in the Brooks County salt dome area.

About five miles northeast of the Sun wildcat, J. M. West Production Company No. 1 J. D. Cagle, Survey 31, was reported making hole slowly around 6,800 feet on a projected 10,000-foot hole.

H. H. Howell's No. 1 M. Cantu Estate, 6,222 feet from the north and 467 feet from the east lines of Share 5-C, La Alameda Grant, location corrected, was reported moving in for a 7,500-foot test. Location is about three miles south of the West wildcat.

In eastern Wilcox county, Pan-American Production Company No. 1 Porfirio Garcia, 660 feet from the south and 487 feet from the east lines of a 143-acre tract in Share 13, San Juan de Carrizcos Grant, was rigging up and ready to spud.

THREE NEW PRODUCERS ARE FINALED ON SATURDAY

McALLEN—Three new producers were turned into storage in as many South Texas proven fields Saturday, but four other tests were

CATTLE MEN AID US PLAN

Long Range Program Seen In America

SAN ANGELO — (AP) — Texas cattlemen and those in other parts of the nation are to go down the line with the United States in working out a long range livestock program that will assist in bringing unity to the western hemisphere, Jay Taylor, Amarillo, told a staff member of the San Angelo Standard Times in Amarillo Saturday afternoon.

"A changing world calls for readjustment of our ideas and thoughts," the ranching leader declared, "and today we face a condition entirely different from anything America has ever confronted as do other peoples of South and North America."

Taylor said the cattle industry desires to aid in a program of hemisphere solidarity, but in the past the cattlemen have felt they were left in the dark as to the real intentions of the state department and administration.

"What we want is a chance to sit down with officials from both North and South America and talk things over," Taylor said.

Port Firemen Hosts At Barbecue Supper

PORT ISABEL — Thursday night the Port Isabel Firemen gave a barbecue at the city hall, at which Harlingen's mayor, Hugh Ramsey, Mr. and Mrs. E. C. Bennett, Fire Chief and Mrs. J. Winters, Assistant Chief, and the Harlingen Firemen were guests. The racing team won first place at the Houston convention in June.

VALLEY BLAST SUIT ENTERED

Weslaco Car Dealer Seeks \$9,000

EDINBURG — Damages of \$9,025 are asked by Eunice Ford, Weslaco auto dealer and garage owner, in a suit filed in district court Saturday as the outgrowth of an explosion last March 12 which destroyed a Weslaco business building and resulted in the death of a young girl. Ford filed the suit against the Chambers Range Demonstration Service, Incorporated, the Nueces Hardware Company of Corpus Christi, listed as owner of the service, Kermit Sibson, manager of the demonstration firm, and Winston Rasor, an employee. The petition charges negligence on the part of Rasor in handling escape valves on two butane gas cylinders. Gas escaping from the cylinders was blamed for the explosion.

Ford, who operated his garage next to the Chambers firm, said he was deafened by the blast and ill for 30 days thereafter, in addition to losing much of his stock and equipment.

Cobb Backs GOP

Writer To Support Wendell Willkie

DENVER — (AP) — Word that Irvin S. Cobb, the writer, has pledged his support as "A life long Democrat" to Wendell Willkie, was received Friday by the Republican presidential nominee.

Don E. Burton, a friend of Willkie in Bohemian Grove, Calif., telegraphed the nominee that Cobb had sent the following message to Senator Edward R. Burke (D-Neb) who recently announced he was for Willkie:

"As a life-long Democrat, I regret that we have to wait from 1898 to 1940 for a presidential nominee who was named neither by party bosses nor party patronage. As a life-long Democrat, I rejoice that a real fellow Democrat has been so nominated, even though it took a Republican convention to nominate him."

Father Of Actress Dies In Hollywood

SANTA MONICA, Calif. — (AP) — Jesus Leonardo Asunso, 67, father of Dolores Del Rio, Mexican film actress, died of a heart ailment Friday at the home of his daughter, where he had resided the last two years.

Born in Chihuahua, Mexico, he had been a banker until his retirement a few years ago. His widow, Mrs. Antonia Lopez y Asunso, also survives.

Vickers Will Speak At K. of C. Session

McALLEN — McAllen Chamber of Commerce Manager Paul T. Vickers will be the speaker at the regular meeting of the McAllen-Mission council of the Knights of Columbus, meeting in Mission Monday night.

An interesting musical program has also been arranged, Council Lecturer Dr. E. G. Garza said.

LOS FRESNOS GUEST

LOS FRESNO — Mr. and Mrs. Larry Lupton have had as their house guest Mrs. Fred Bruce of Fairfield, Ill. Mrs. Bruce was accompanied to the Valley by Mrs. Bert Swan, also of Fairfield, who visited Mrs. Jessie Betts of San Benito.

BROWNSVILLE'S WILLKIE CLUB IS TO BE FORMED

BROWNSVILLE — Organization of Brownsville's "Willkie-for-President" club will be completed in a meeting Wednesday at 8 p. m. at the chamber of commerce, Carlos G. Watson said Saturday.

Mr. Watson noted as chairman at the organization's preliminary meeting two weeks ago, and is a member of the committee named to call this week's meeting.

Pointing out the "Willkie-for-President" club is non-partisan, Mr. Watson extended invitation to attend to all who oppose a third term for President Roosevelt.

CADET FLIGHT BACK TO BASE

40 Army Planes Make Trip To Valley

BROWNSVILLE — A large U. S. Army air corps student flight from Kelly Field, San Antonio, returned to its base Friday night after a navigation flight here.

Forty basic combat ships, and a Douglas B-18 bomber, were in the flight with the students flying the BC-1's. The flight was in command of Captain T. Miller.

Officers accompanying the flight were: Major A. B. Pitts and the following lieutenants: H. D. Schultz, L. P. Egger, P. M. Spicer, A. P. Sights, J. H. Spangler, J. Stetson, W. W. Walmsley and L. H. Vereen.

Solons See Lengthy Session Of Congress

WASHINGTON — (AP) — Taking their cue from President Roosevelt, most members of Congress talked Saturday of combining a national political campaign with a continuous session of Congress.

"I pity anybody who proposes to adjourn with the present temper of the country," said Senator Vandenberg (R-Mich.).

From the Democratic ranks, Senator George (D-Ga.) predicted that the pending "excess profits" tax proposal, compulsory military training, and an assortment of defense measures would keep legislative machinery busy for many weeks.

With both major political conventions out of the way, Congress will reassemble Monday after nearly a month of slight activity. First was a week recess for the Republican convention at Philadelphia and more recently the 10-day interlude for the Democratic sessions at Chicago.

One of the few dissenters, Senator Norris (Ind-Neb.) said he saw "no good reason why Congress should not adjourn after we clean up the odds and ends."

Interpreting The War News

Cuba Making History

World Spotlight Shifts From War-Torn Europe, Seeking Peace Formula

By KIRKE L. SIMPSON

Amid suspense, deepened by Hitler's surrender-or-die ultimatum to England, the world's attention turns to peaceful events elsewhere. Another island, serene and beautiful in a new world tropical setting, is the stage for events of a nature which could go even farther to influence world destiny than the immediate fate of England.

In Cuba, the Pan-American conference is gathering in the most important meeting that the new world international family council ever held. Momentous decisions for the Americas and for the world may stem from it.

Down all the years since the beginning of the dream of western hemisphere solidarity to insulate the new world against the wars and ills of the old, there has never been an hour of greater peril.

GEORGE ALLEN HONORED HERE

Valley Man Will Go To Huntington

GEORGE ALLEN

HARLINGEN — Mr. and Mrs. George Allen Saturday noon were honored with a luncheon at the Madison Hotel by the Jefferson Standard Life Insurance Company, Greensboro, N. C., for which Allen is Valley district manager.

Allen will leave Wednesday for Huntington, W. Va., where he has been transferred as branch manager for that half of the state. Allen came here more than four years ago and his division has been writing insurance at the rate of \$900,000 per year, according to O. P. Schnabel, San Antonio branch manager.

Allen has been active in church, civic and charity work since his residence here. He is president of the Harlingen Optimist club, president of the Baptist Brotherhood here, secretary-treasurer of the Valley Grande Association of Life Underwriters, and chairman of the official organization committee of the Boy Scout organization.

At the Saturday luncheon, Schnabel presided, and Rev. E. Douglas Carver, Lee O. Cox and M. O. Johnson spoke in praise of Allen. Other guests were D. B. Meadows, C. S. Jackson, M. B. Gore, I. B. Lee, Gene Davis, Irene Ellbrecht.

Schnabel said Allen's successor had not been named but a number of applications were under consideration. Miss Irene Ellbrecht will continue as cashier at the local office, which for the present will be directed from the San Antonio branch office.

Texans Train

Industrial Classes Enroll 500

AUSTIN — (P) — Five hundred men currently are enrolled in industrial classes in Texas for emergency defense training. State Superintendent L. A. Woods announced Saturday.

Woods said \$20,000, the first allotment of federal funds for such training, had been sent to schools participating in the program and \$600,000 had been earmarked for a second period of training. The first allotment covers a four-weeks period.

The superintendent stated the federal government was paying salaries of instructors, light and power bills, and was buying special equipment. Present enrollees are persons with at least two years experience in industrial employment.

Youth Charged With Automobile Stabbing

SAN ANGELO — (P) — Hubert Ritchie, 17-year-old Marble Falls youth, was charged with murder here in connection with the fatal stabbing Friday night of his brother-in-law, Leslie Terry, about 34, also of Marble Falls.

Held as material witnesses were Ruben Ritchie of Marble Falls and James Gallagher of San Angelo. All four were riding in the same automobile when Hubert Ritchie and Terry allegedly became involved in a fight which ended in the stabbing. County Attorney Ralph Logan said.

Wallace May Resign To Run Campaign

WASHINGTON — (P) — Senator George (D-Ga) predicted Saturday that Secretary Wallace would resign soon as Secretary of Agriculture to conduct an active campaign vice-presidency.

Some speculation that Marvin Jones (D-Tex), chairman of the House agriculture committee, might be appointed to succeed Wallace, but friends of the Texan, who is on a fishing trip, questioned this. They pointed out that Jones had received a life-time appointment to a judgeship on the United States Court of Claims.

CONSUL WILL OPEN BORDER POST MONDAY

Byington Arranging Reynosa Schedule

McALLEN — U. S. Vice Consul James C. Byington of Torreon, Mexico, announced Saturday that the Reynosa, Mexico consulate probably will open Monday.

Byington and his wife arrived in McAllen Friday afternoon, and the vice consul immediately began making arrangements for office space at Reynosa and conferred with Mexican immigration officials. He went to Reynosa Friday afternoon to inspect office quarters and met Mexican Immigration Chief Eduardo Ochoa Urtiz.

More Clerks Needed

Later, the young consular official went to Matamoros to confer with U. S. Consul H. W. Goforth there in an effort to increase clerical help at the Reynosa office.

Byington said with only one clerk, the office could visa but from 10 to 20 passports a day. He wants to secure enough clerks for the issuance of 100 visas daily. The clerks, who must be able to speak and write Spanish, would be employed at Reynosa or McAllen, he indicated.

Mr. and Mrs. Byington will make their home in McAllen. They will remain here three or more months or longer, depending upon instructions from the state department, he said.

C of C Aids Work

The McAllen Chamber of Commerce foreign relations committee Saturday began compiling a list of Mexican citizens who frequently come here to aid the consul in expediting the visa work.

Byington was ordered to Reynosa from Torreon by the state department after the McAllen chamber and others requested the government to open a consular office at the border city to permit Mexican nationals to secure passport visas for visiting McAllen and other Valley cities in compliance with American immigration regulations which went into effect August 1.

US Due One Cent

Sears Head Settles Income Tax Bill

WASHINGTON — (P) — A penny was all that was left Friday of an income tax controversy between the treasury and Lessing J. Rosenwald, Philadelphia millionaire.

The treasury thought that Rosenwald, head of Sears Roebuck and Company, hadn't paid enough income tax for 1937. Rosenwald thought he had paid too much.

After a few years of arguing, the treasury said Rosenwald was almost right. He was awarded \$28,173.29 in refunds, and \$4,694.69 in credits against subsequent taxes.

This left the treasury still claiming one cent, but it won't be pressed.

Prisoners Of Nazis Ask Red Cross Help

VICHY, France — (P) — Andre Francois-Poncet, former ambassador to Italy, conferred with representatives of the International Red Cross Saturday over the care of some 1,500,000 Frenchmen taken prisoner of war by the Germans.

Francois-Poncet, who was named French delegate to the Red Cross Friday, had ordered a census of French prisoners.

Under armistice terms, Germans held by the French already have been freed, but the French need not be released until the peace treaty is signed. The Germans, however, are reported to have agreed to release members of the sanitary and medical services.

Fugitive Witness Is Found With Carnival

INDIANAPOLIS — (P) — State Police Captain Walter Eckert said Saturday a carnival photographer arrested at Claypool, Ind., had admitted being William C. McQuiston, 38, Dies committee witness charged with murder in New Orleans.

McQuiston is under indictment in the fatal shooting of Philip Carey, National Maritime Union official, in front of a New Orleans tavern last Sept. 17.

Eckert said the photographer was identified as McQuiston through a tattoo on one arm even before he admitted who he was. He said the man was undecided whether to resist extradition.

Fireboat Handy When Barge Needs Service

NEW YORK — (P) — When flames broke out in an ash-laden department of sanitation barge being towed up East River Saturday the skipper hustled the barge alongside the fireboat Firefighter, moored at the battery, and called for service.

The sea-going firemen obliged with a squirt from the deck hose, then the ash fleet literally steamed off toward the dumping ground.

Anyone May Now See Sacred Indian Dance

POCATELLO, Idaho — (P) — The Indians of the West are "streamlining" the sun dance—ancient, tortuous and once sacred ritual of the Red Man.

Time was when the sun dance, as old as the American Indian himself, was a ritual which no white man could witness. Today the sun dance is semi-public, and the white brethren can witness it—for a small fee.

Harlingen Townsend Meeting Is Called

HARLINGEN — M. E. Mitchell of La Feria will be principal speaker at the meeting of the Harlingen Townsend Club to be held here Monday at 8 p.m. at city auditorium, L. A. Baker, president of the club said Saturday.

NATION RECORD IS SET BY DIARY

STAFFORD SPRINGS, Conn. — (P) — It is almost a sure-thing bet that one of the first things Washington Davis Graves did Saturday was to turn his 93rd birthday in his diary.

Graves, a retired carpenter, has been keeping a diary since 1866, and believes that his diary jottings for 74 years constitute a national record.

Born in Bowdoinham, Me., in 1847, Graves, as a young man, made two voyages around Cape Horn in clipper ships which he helped to build. He has been a resident of this town for 70 years.

Air Squadron Goes To Puerto Rico Post

SAN ANTONIO — (P) — One hundred and thirty-seven men of the 24th Air Base Squadron were scheduled to depart from Kelly Field by special train Saturday afternoon for their new station at Borinquen Field, Puerto Rico.

The detachment will embark on army transport at Charleston, S. C.

CCC Office Slated

HARLINGEN — James B. Stafford, San Antonio, vice-president of Commercial Credit Company, will open offices here at 116 East Van Buren on August 1, according to announcement Saturday.

Carl Garner will be in charge of the local office. Tracy Evans has charge of the Valley district for the company.

Suspenders Break As Wearer Atop Ladder With His Hands Full

MARISSA, Ill. — (P) — Harold Jackson claims this as the height of embarrassment: His suspenders broke while he was perched at the top of a step ladder, dropping his trousers to the ankles. To add to the blush moment, he had a blow torch in one hand, a putty knife in the other.

Two Fines Assessed In Harlingen Court

HARLINGEN — Two fines were assessed by Judge Menton Murray in corporation court here Saturday. Eddie Rocha was fined \$5 and lost a driver license stub when charged by State Highway Patrolman Ben Thomas with violating the law of the road. Arnulfo Galinda was fined \$5 on charge of using abusive language, filed by City Officer Joe Alvarez.

Willkie And Peek Discuss New Farm Program For U. S.

FORMER AAA CHIEF TELLS OF HIS PLAN

However Willkie Says He'll See Others

COLORADO SPRINGS, Colo.—(AP)—Wendell L. Willkie received a comprehensive outline of a new farm program Saturday from George N. Peek, former agricultural adjustment administrator, but the nominee made it plain that Peek's was only one of many suggestions he would consider in drafting the farm section of his acceptance address.

Peek, who left the New Deal administration because of his disagreement with its reciprocal trade policies, read a lengthy memorandum on his views at Willkie's afternoon press conference.

Here's Farm Program

- In brief, the former AAA administrator offered this farm program:
1. Secure protection of the American market for the American farmer.
 2. An "American price for American commodities" should be insured independent of export or world prices.
 3. "Active and at times aggressive government assistance will be necessary in negotiating for the disposal of surpluses in foreign trade."
 4. Development of new uses for farm products.
 5. A long range soil conservation program.
 6. Farmer-owned and controlled co-operative organizations designed to reduce the price spread between the producer and consumer.
 7. Continuation of commodity loans "on a sound basis."
 8. Reimbursement of "desirable features" of existing farm legislation.
- Willkie said he asked Peek to come here for a chat about farm problems because he understood the latter had a number of ideas on the subject.

Seeks Varied Views

The nominee said he was "trying to get the viewpoint of a number of people on the agricultural situation," and that he would make his own decisions later.

Willkie did express interest in one of Peek's ideas—that it all wealth comes from productivity, then the emphasis should be placed on the production of wealth rather than on its restriction.

PEEK

Peek said he thought many New Deal measures had been restrictive. Questioned about the reciprocal trade treaties, the former administration official said "I never have thought they were worth a damn and I haven't changed my mind."

Willkie also received Peek's ideas on a trade program. Among other things, Peek suggested that the tariff commission be converted into an executive foreign trade board which would determine trade policy.

Thanks Demo Backers

Peek also suggested congressional approval or rejection of any trade agreements.

Prior to the luncheon conference with Peek the Republican presidential nominee expressed gratification that Irvin Cobb, Charles Farwell of New Orleans and other Democrats and said they would support him.

"My phone hasn't stopped ringing since the Democratic convention because of the important Democrats over the country saying they will come out for me," Willkie told his press conference.

Several Willkie added, had asked his suggestion as to when they should make their declarations.

Fisherman Wounded By Trout; Jumps In And Lands His Fish

HOLBROOK, Ariz.—(AP)—Dillon Lewis vouches that the fish really were biting.

A 22-inch trout nipped him so severely he needed first aid treatment for a wounded hand. His dander up, Lewis jumped into the water, clothes and all and tossed the three pounder out onto the bank.

Texas Woman Hits Wallace Nomination

DALLAS, (AP)—Texas delegates to the Democratic national convention in Chicago began trickling home Saturday—divided in opinion as to whether the convention was a "dictated" meeting, but confident that Roosevelt and Wallace will win in November.

Mrs. Pauline Adoue Hall of Dallas, an alternate who took the place of Col. R. B. Allen, lamented Wallace's nomination.

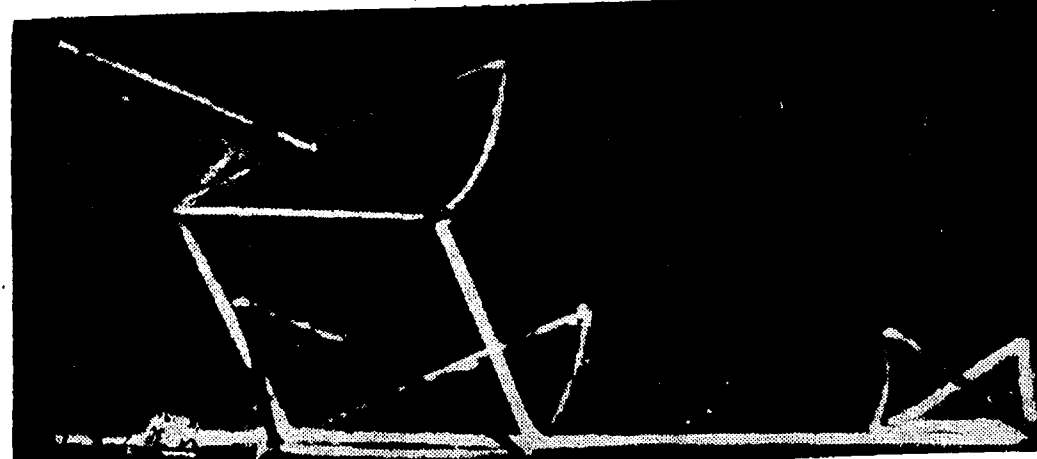

"It was awful," she said. "Simply awful."

E. B. Germany, head of the Garner-for-President movement, said he would make a statement concerning the convention sometime late Saturday.

The Latest In One Horsefly-Power

Shown above is the one fly-power, microfilm model plane recently built by Garver Murray and his Harlingen model plane club boys. The fly Saturday afternoon demonstrated his ability to drag the light plane with the transparent wings through the air, until the motor went dead. Murray and his co-workers are now studying design on a three horsefly-power job which is expected to be to the model plane field what the Stuka dive-bomber is to the combat plane field. Who knows? This may be the answer to England's quest for more powerful warplane motors. Harnessing enough horsefly power may do the job.

Brownsville To Study Passport Difficulties

Session Is Called For Tuesday Night At Chamber Of Commerce Office

BROWNVILLE—Brownsville business and professional men and women will meet Tuesday night at the chamber of commerce building to discuss the passport situation on the border.

The session was called by George Aziz, chairman of the merchants' committee of the chamber of commerce, after the committee met Friday night with H. W. Goforth, American consul in Matamoros.

Just what has been done, what the situation is and what Brownsville people can do to help by getting proper information to the Latin American people affected, will be explained at the meeting.

One way they can help, it was suggested, is for Brownsville business or professional people who have regular customers in Matamoros to write letters of recommendation to those persons, so these letters can be presented as indication of reliability, facilitating issuance of passports to these persons.

Added Help

Mr. Goforth said that he has received from the State Department authorization for the employment of an additional clerk, and has employed the clerk. The issuance of passports is being accomplished at a faster rate every day, and the consul said he expects it to reach a total of 20 in a short time.

So far 60 passports have been issued, covering about 240 persons, since most of these are for families of several people.

The various activities of the chamber of commerce in connection with the matter were explained by President Frank L. Davis.

The first action was to appeal for a six-month period of grace, in which to make the transfer. When this was refused, the chamber of commerce appealed for additional help at the consulate to facilitate issuance of the passports.

This was followed by action of the State Department in establishing a temporary consulate at Reynosa, to relieve the Matamoros consulate of the burden of issuing passports to residents of that area, and by authorization of additional help in the Matamoros office.

To Ask More Aid

An appeal for still more aid to the office in Matamoros was forwarded to Washington Saturday by the chamber of commerce.

Merchants at the meeting Friday night explained that Brownsville will suffer a tremendous loss in business the next four months unless the issuance of passports can be speeded up to permit crossing of a large number of the people who ordinarily come here.

It was brought out at the meeting that there are some border crossing papers now held by Mexican citizens living on both sides of the Rio Grande which are still good.

There are a few Mexican citizens residing in Mexico who have cards issued at the Brownsville office giving them a commuter's status, according to R. L. Shultz, assistant inspector in charge of immigration. They have paid their immigration fees and have lawful residence in the United States although they still live in Mexico. The orders under which these cards were issued have been cancelled, and all but about a dozen who were issued such cards have failed to maintain U. S. resident status.

Mexican citizens residing in the United States who have resident cards issued at the local office also can continue to use their present papers.

Others Listed

Mexican citizens residing in the United States who have immigrant identification cards issued by the American consul when they obtained their immigrant visas, or who have registry certificates issued from Washington upon application at the local office, can obtain resident cards from the immigration office here if they have a legitimate

NAVY SEEKING NEW RECRUITS

Valley Boys Told Of Requirements

HARLINGEN—Valley youths, who have a minimum of two years of college work, have an opportunity to apply for the rank of midshipman, and later ensign in the U. S. Navy, Recruiting Officer R. A. Kern of Harlingen, announced Saturday.

The candidates are taken on a 30-day probationary cruise, and if they qualify are eligible for three months' instruction as midshipmen.

Will Receive Pay

Satisfactory completion of the three months' course of instruction will qualify the midshipman for a commission of ensign in the U. S. naval reserve.

While taking the midshipman's course, he will be paid at the regular midshipman rate of \$780 a year with a 75-cent daily ration allowance.

Must Be Native Born

Applicants must be native born, with at least two years of college, age limit 19 to 26, be of good repute and be able to pass a physical examination.

Urging interested Valley youths to contact him immediately, Officer Kern pointed out that the appointments are likely to be open only for several weeks.

CAMERON HAS 194 BALLOTS

Absentee Vote About Normal

BROWNSVILLE—Cameron county voters had cast 194 absentee ballots for the July 27 primary, shortly after noon Saturday, according to deputies in Cameron County Clerk H. D. Seago's office at the courthouse in Brownsville.

Absentee ballots may be cast through July 24 for the primary, and Mr. Seago's office will remain open for that purpose until midnight Wednesday, the last day, deputies said.

Persons who will be out of the county on the election day, and those who are sick or physically disabled and thus unable to go to the polls on election day, may cast absentee ballots.

Knox Sees Army

Congress To Approve US Conscription

MANCHESTER, N. H.—(AP)—Secretary of the Navy Frank Knox said Saturday that "the country as a whole is urgently demanding some form of compulsory military training" and that there is "every prospect" that congress would approve such a program when it reassembled.

Here to spend the week-end with Mrs. Knox at their summer home, the colonel said such procedure was the only Democratic way for a Democracy "to organize its defenses so that the burden falls equally on rich and poor alike."

Legislation providing for compulsory military service would come up as soon as congress reassembled, he added.

Mexico Mining Firm Enters Labor Plea

MEXICO CITY.—(AP)—The Cananea Copper Company of Sonora state filed a petition with the federal labor board Saturday to declare the four-months-old strike of its 1,200 employees non-existent, or in effect to order the strikers to return to work.

The company urged that its petition should be accepted on the grounds that the firm is economically unable to grant the workers' demands for higher wages.

HARLINGEN—Mrs. R. E. Taylor and children, Mildred and Emory, have returned to their home in Freer after a visit with Mrs. Taylor's parents, Mr. and Mrs. J. C. Young of Harlingen.

Shrinking Mystery Is Solved

Scissors Were Used And Not Sponge

PHILADELPHIA.—(AP)—Detectives gleefully claimed Saturday a solution to the six-year mystery of the "shrinking suits" which they said cost the nation's clothing makers at least \$200,000.

For years manufacturers puzzled over why trousers legs pulled up and topcoats suddenly became a size smaller at little more than a sign of rain.

The answer came, said Captain Richard Doyle of the labor squad, with the arrest of three men, one the operator of a sponging plant which shrinks suiting for clothing makers from all parts of the country.

The detective said his investigators found the "shrinking" had been done "with a sponge, not a sponge," and that \$5,000 worth of cloth had been recovered in a south Philadelphia home.

Doyle explained that the operator, instead of shrinking the cloth, merely snipped three yards—the normal shrinkage of sponging—from the end of each bolt and sent the rest back to the manufacturer.

Another man relayed the odds and ends to a third, who sold them to small tailors.

Was Too Tall But He Is In Air Corps Now

DALLAS.—(AP)—A year ago Emmett F. Blakemore, Jr., young geology instructor at Southern Methodist University, applied for admission to the United States Army Air Corps.

"You're an inch too tall," said the examiners.

He was six feet and three inches in height.

Blakemore returned home. For a year he practiced a deliberate "slump" before the mirror until the slump "came natural." The slump took an inch and a half off his height.

Next week, he enters the final 10 weeks of his air training at Kelly Field, San Antonio.

New Nazi Marshals Celebrate Saturday

Reluctant Cherokee Tribe Ends Ancient Fire Dance

Din Of Tom-Toms And Songs Of Nighthawk Clan Heard As Rite Enacted

GORE, Okla.—(AP)—Saturday's dawn brought an end to the fire dance of the Kee-Too-Wahs, shy, reluctant Cherokee tribesmen who live deep in the wooded Cookson Hills.

The din of tom-toms and the ancient songs of this nighthawk clan had reverberated through the hills since Friday morning, reaching a fevered pitch as night fell.

Dancing and chanting in supplications to their Fire Gods, the Sa-quoya, inventor of the Cherokee alphabet, and to John Redbird Smith, modern hero of the clan, the Kee-Too-Wahs enacted their mystic rite for the 112th known time.

Abilize in a secluded grove were the ever-burning seven sacred fires. Legend says the Cherokees have seven sainted priests when they were driven from Georgia over the "Trail of Tears" more than a century ago. The first high priest went up into the mountains and there communed with a heavenly spirit, who lit his sacred fire and named the clan "Kee-Too-Wah" or "Nighthawks."

Each priest followed until there were seven fires and a complete creed to be taken into the Cherokees' new hunting ground.

It is around these same sacred flames, say the Kee-Too-Wahs, that the clan gathers for its annual meeting.

Although the members of the clan are strongly opposed to the white man's civilization, a few neighbors were permitted to watch the copper-skinned celebrants sway to the savage rhythm, flinging their heads backward and bowing earthward in praise of their gods.

COST OF FOOD SEEN ON HIKE

Living Costs Climb As Result Now

NEW YORK.—(AP)—A 1.4 per cent increase in the cost of food was responsible largely for a rise of 0.5 per cent in wage earners' living costs in June, the National Industrial Conference Board reported Saturday. The board is a research organization supported largely by industry.

Food prices, said the report, reached the highest level since July 1933, were 4.9 per cent above those in June a year ago and 33.7 per cent above the depression low of March, 1933.

The dollar's purchasing value, as against 700 cents in 1923, was 115.7 cents last month.

Clothing prices and sundries remained unchanged from May to June, said the report, which stated rentals and coal prices each rose 0.1 per cent in June.

VISIT IN GEORGIA

LA FERIA.—The Rev. and Mrs. J. C. Lovern left during the week to spend two weeks vacation with relatives in Georgia. Mr. Lovern is pastor of the First Methodist Church of La Feria.

Dr. R. M. McRill, Optometrist, In Valley 18 Years

McAlLEN—Dr. R. M. McRill, optometrist, is now celebrating his 18th anniversary in McAllen, having maintained offices here since moving from Oklahoma in 1922.

An "eye-sight specialist," Dr. McRill has been fitting glasses for 32 years, holding a license in optometry by standard examination in Kansas, Oklahoma and Texas. He has been a member of the Better Vision Institute for nine years, of the International Optical League for 22 years, and has been attending state and national clinics and congresses of optometrists since 1914 in order to give his patients the advantage of the latest developments in this field.

Dr. McRill returned recently from the national convention, Congress and Clinic of Optometry held in Cincinnati, Ohio, June 21 through July 1.

In his offices in McAllen, Dr. McRill has the finest and most modern equipment for examining eyes and for prescribing and fitting lenses and mountings. Some of the lenses and mountings now being fitted by Dr. McRill were introduced for the first time at the national congress which he attended this summer in Cincinnati.—(Adv.)

To The Voters Of Cameron County

Again I want to apologize to those of you that I have been unable to call on personally to solicit your vote, but wish to assure you that I do want your vote and support in my race for Sheriff of Cameron County.

I have heard "rumors," in some parts of the county, in regards to my intentions if elected, and as those reports do not coincide with my own, I wish to take this opportunity to straighten it out.

TOM J. MORRISON OF COMBES, TEXAS

First, let me say that I did not announce for the office of "Deputy Sheriff" of Cameron County as I have no fight with them. Most of them are fine, upright, efficient officers that any "Sheriff" should be proud of, but while we are on the subject, I would like for you to know that there are a few who have had a very weak line of "Merchandise" to offer, such as the following: (quote) Well there may have been some irregularities in the "office" in times gone by, but that has all been straightened out and everything is on the up and up now; also there is this to consider—if the present Sheriff should be defeated, what will become of me? I may lose my job and that would not do, as I surely do need it.—(end of quote.)

In other words, the honest, upright citizens of Cameron County must tolerate the present administration so that some deputy may draw a regular salary.

Folks, that may appeal to your sympathetic nature, but to me it sounds like pretty "Weak Tea".

Now, while we are on the subject, let's talk a little more about Deputies. It seems to be an ancient and honorable (not honorable) custom to put on quite a few Deputies just before election and then fire them after the primaries are over. Also I noticed in

a local paper of recent date where the Sheriff Department is putting on (one hundred) new "Pistol Toters" to combat Fifth Column activities. If there are any such activities, they should be investigated to the fullest extent of the law, but the article to me smells slightly of Pre-election gestures, as I do not know of a Red Blooded American Citizen who needs a "Commission" in order to report to the F. B. I. or other law enforcing agencies anything that he or she thinks is absolutely not on the level. In fact, the President of the United States only recently appealed to the Citizens of our Country that they are not to get hysterical and try to take the law in their own hands, but to report any subversive activities to the proper authorities and to that I say "Amen", as I have implicit faith in our President.

If elected—I want to run the Sheriff's office as a business—as it is a business that belongs to the people of Cameron County, and does not belong to a certain Ring or Clique of "Political Tycoons" who have various "political axes" to grind, "axes" that would be for personal gain of a chosen few, but not for the benefit of the people as a whole. No, good people, that office belongs to the Taxpayers of the entire County.

I expect to uphold the dignity of the office, and give Cameron County an honest administration; also, I will see that the best deputies for the various communities to be served will be available, also see that they attend to their duties as officers, and not allow them to put in too much time campaigning at the expense of the taxpayers, because after all, the taxpayer is the real boss of the County, and when you spend too much of the Boss' money, he sometimes does not like it and shows his disapproval.

I hope you will go to the Polls on July 27, and show by your vote that you are my kind of people.

I thank you.

Fishing Rodeo Notes
Fred Maly, sports editor of the San Antonio Evening News and an ace fisherman, wives fishing rodeo headquarters at Port Isabel, that he will be on hand for sure and will bring several San Antonio anglers with him.

In the party that Fred will bring to the Valley will be E. A. Bass, Sr. prominent San Antonio business man who recently won the tarpon rodeo at Port Aransas. Incidentally it will be the first time that a Port Aransas champion has fished in the Valley rodeo.

Fred has won the Valley rodeo championship twice and you can be sure he will be trying hard for his third title.

Once again the Gulf Refining Company will furnish a sound truck for announcements during the big roundup. This service will be doubly appreciated this year for an unusually large crowd is predicted to attend the closing ceremony August 4.

The final meeting of the board of directors of the rodeo will be held Monday night at the Reese-Wilmond Hotel in Harlingen. All directors are urged to attend so that final arrangements for the coming sports event can be made.

From all indications, a record number of up-state and out-of-state contestants will be on hand to compete for the huge array of awards that will go to various winners. Inquiries are being received at the rodeo office daily.

All boat owners who desire to make their boats available to contestants are required to register them at rodeo headquarters as soon as possible. If the expected number of entrants is received, all available boats will be needed.

A minimum of 25 sailfish and at least one marlin has been set as the goal of the 1940 fishing event. If this goal is reached, Valley coastal waters will be established as the premier spot in the Gulf of Mexico.

With the event rightly labeled "The Rio Grande Valley Fishing Rodeo" it is hoped that the entire Valley will get solidly behind the event in order to make it the biggest and best ever held.

It is surprising how many entrants plan on going after tarpon during the rodeo. This is as it should be for there is no question but what the silver king is a game fighter and a big fish that any angler should be proud to catch.

Plans for the final day's entertainment are going along at a fast pace. The board of directors and the Port Isabel local committee are joining hands to make the final day of the event one to be remembered. It is certain that all Valley rodeos will lead to this big, final ceremony.

Uncle Sam Could Hurt
Uncle Sam could deal Texas Anglers a blow in the solar plexus area if he see fit to call up the three-year R.O.T.C. men before the 1940 football season for A. and M. would be harder hit than may be realized.

A total of nine of the top men would respond to the call and would include: All-America fullback John Kimbrough; All-Conference right halfback Jim Thompson; Tommie Vaughn, center; Charlie Henke, right guard; all starting players; Henry Houser, left halfback; Marland Conner, quarterback; all first string reserves; Jack Kimbrough, end; and Howard Shelton, center, both second string reserves.

All of that group have completed three years of their military training climaxed by six weeks of infantry maneuvers in the field this summer and are due to receive their reserve officers' commissions next June. All have contracts and are liable for call if needed.

Should two-year men be called up, it would strip the Aggie squad down to the upcoming sophomores as everyone at A. and M. is required to take military science and tactics during their first two years at the college.

Arkansas is the only other team in the conference that would be hit along with A. and M. as it also is an R.O.T.C. school. None of the other five schools has such units.

All-Star Battle Is Washed Out
AMARILLO —(P)—The West Texas-New Mexico League's all-star game scheduled here Saturday night was blown and washed away by a high northeast wind and a drenching shower.

With more than 2,300 fans in the grandstand, the wind ripped off a portion of the roof 45 minutes before game time. A milling crowd estimated at 1,000 was jamming the gates when the near-tragedy took place.

Five persons received hospital treatment, none being seriously injured. Milton E. Price, league president, said the game likely would be played here on August 9.

14 Teams To Seek Crown At Mercedes

Harlingen Vs Donna Is Opener

MERCEDES—The official district girls softball tournament, with a \$100 cash grand prize to be awarded the winner, will open Monday evening, July 22, with a triple-header on Lions Field at Mercedes under the sponsorship of the Texas Amateur Athletic Federation, with Harlingen and Donna, representing every town in the Valley, have entered the tourney to select the district champion who will represent this area in the state tournament of the Texas Amateur Athletic Federation at Austin in August. Ed Hauf, Mercedes softball manager, is in charge of arrangements, assisted by members of the Mercedes Lions Club, sponsor of this tournament.

Large crowds are expected to be on hand to cheer their respective teams to victory. "La Feria has already made reservations for 1,500 people and every other town will bring a large contingent of rooters," Hauf stated Saturday. However, there are seats on the grounds now to seat several thousand people and arrangements have been made to secure additional seats at any time. A 1,000-seat extension has been made to the grandstand and field boxes have been built to accommodate an additional 500 fans. Reservations for 160 cars are available around the playing field to enable a large number of spectators to view the game seated in their automobiles.

The double elimination system will be used in determining the winner of the tournament, which will be played over a period extending from July 22 to August 6 with games on Tuesdays and Fridays. The Harlingen and Donna teams are scheduled to play the first contest in the triple header Monday night at 7:45 o'clock. Mercedes will play Edinburg in the second game while San Perito is matched against Mission in the third game of the evening.

In another triple-header Tuesday night the Sebastian girls will play the McAllen girls. La Feria will play Raymondville in the second game, Del Rio will meet Edcouch in the third contest.

Port Isabel and Rio Hondo, latest entries in the tournament, are slated for an encounter later in the week. The remainder of the play-off schedule will be announced later.

Legion Juniors Play At Austin

AUSTIN, Tex.—(P)—Drawings for a five-team double elimination tournament to determine 1940's Texas American Legion junior baseball champion will be held here Monday and play will start Friday, Legion officials announced Saturday.

Either eight or nine games will be necessary to see whether Austin retains the title won last year or passes it on to one of the other district champions—Service Scouts of Dallas and the Galveston-Crockett and Carthage-Texas-Kanawha Legion officials said district titles would be decided this weekend.

Two fields will be utilized, with the championship game Sunday to be played at House Park. Only one night game, Saturday night, is scheduled. Games will be seven-inning affairs until Sunday, when the first game will go nine innings and the second, if it is a tie, seven. Four games were slated Friday and three Saturday.

F. A. Peters of San Antonio, chairman of the state committee on Legion junior baseball, will be the tournament director.

Winner here will go to New Orleans for the regional tournament against the champions of Louisiana, Arkansas and Mississippi.

J. E. McClain, of Austin's Travis Post 76, pointed out Saturday that Legion junior baseball has turned over many big league stars, including Cookie Lavagetto and Joe Gallagher of Brooklyn, Augie Galan of the Cubs, Morris Aronovich of Cincinnati, Kirby Hight of the Phillies, Bob Feller of Cleveland, George Case of Washington, Joe Gordon, Babe Dahlgren and Warren Rosar of the Yankees, Bobby Doerr and Ted Williams of the Red Sox. Sam Chapman of the Athletics and Barney McCosky of Detroit.

Howard Pollet, Houston's sensational left-hander, three years ago defeated Austin's Texas champions for New Orleans in the regional tourney.

McNeill Walks Away With Another Title

BALTIMORE —(P)—Don McNeill, the Oklahoma City youth who is expected to challenge Bobby Riggs for the National men's singles title this summer, unleashed Saturday the brand of tennis that has carried him toward championship heights as he overcame Jack Kramer, of California, to win the Mid-Atlantic and Maryland state crowns.

Except for a bitterly-fought first set, the singles championship play was all McNeill's way. Scores were 9-7, 6-3, 6-2.

Alice Marble of Beverly Hills, Calif., the National women's singles champion, and her little doubles teammate Mary Arnold, also of California, captured the women's doubles crown from Mary Hardwick and Valerie Scott of England, 7-5, 6-4.

Revolta Holds Slim Lead In Chicago Open

Guldahl Is Hanging On In Second Amateurs Putting Up Battle

By EARL HILLIGAN

CHICAGO —(P)—Curly-haired Johnny Revolta, long one of the finest short-iron artists in the game, demonstrated his wizardry Saturday with a three-under-par 69 performance which gave him a 36-hole total of 136 strokes and the leadership of the \$5,000 Chicago Open Golf championship at the half-way point.

The 29-year-old professional from Evanston, Ill., who had a fine five under par 47 Friday, gave a brilliant exhibition of chip and explosion shots in four of his five birdies as he went out in 36, even par, and came home in 33, three under regulation figures.

In second place as the tourney headed for Sunday's 36-hole final was Ralph Guldahl, two-time winner of the National Open. He came in with a blazing 34-54—88, for a 36-hole total of 137.

The amateur contingent were still in there "pitching." Jim Ferrer, Open and Amateur champion of Australia, who led the field Friday with a 66, came in Saturday with a 73 for a 139 total which led the simon-pure entries.

Also in the 139 bracket was Dick Metz, Chicago professional. In the 141 division were amateurs Wilford Wehrle of the home club, and Willie Turnesa, former National Amateur title-holder.

Jim Foulis, Chicago, and Al Huske, De Kalb, Ill., were in the 142 bracket, with a Chicago professional, Bob McDonald, and Ben Hogan of New York, at 143. Among the equals of par of 144 were Ed Oliver, Harry Cooper and Gene Sarazen.

Lawson Little, who had a 73 Friday, equalled par Saturday for a 145 total. Sam Snead could do no better than a 75 Saturday for a 38 hole total of 148. This put him well within the group of some 75 players who qualified for the final but far away from a reasonable chance of coping the first prize money of \$1,500.

Treasury Considers Tithes For Defense

LONGVIEW —(P)—Elmore R. Torn of Longview said Saturday he had received word from officials that his proposal for a "national defense tithe" has been taken under consideration by the treasury.

Torn, agriculture and forestry director for the East Texas Chamber of Commerce, wrote to President Roosevelt recently to urge that the tithe be levied on all income, national defense funds. He suggested tithes of about two per cent of earnings and said to save expenses, postmasters might collect the money.

Representative Dies After Short Illness

FORT WORTH —(P)—State Representative Ed Bradford of Fort Worth died in a hospital here Saturday night. He had been ill seven weeks.

Bradford, 29, was serving his first term in the lower house of the state legislature but because of the press of his private law practice had not filed for a second term. Acute lymphatic leukemia was given as the cause of death.

Salt Water Angling Easy For Novice According To Records

PORT ISABEL—To the average individual of inexperience, deep salt water angling is somewhat of a mysterious venture into the unknown realm of sport activity. The thought uppermost in the mind is that for one to be successful, he or she must have either gone through a period of apprenticeship or to have been coached by some master of the art. On the contrary no major sport holds forth such opportunity for success at the hands of the inexperienced as does salt water angling at the waters of the tropics or near tropics touched by the Gulf Stream.

In recent years almost every magazine or periodical of importance has repeatedly carried photographic representations of the success of certain individuals inexperienced and novice posing with the results of their day of effort at the hands of the mighty fighters of the deep. If the evidence of their prowess were to be a tuna weighing into the upper brackets of the hundreds of pounds, the first thought is Nova Scotia or Catalina Islands. If it's sail-fish it may be anyone of many places from Guyana in the Gulf of Lower California, the Gulf Stream off the coast of Florida or the waters of the lower coast of Texas.

Marlin Are Tough

It is true that fishing for marlin and sail-fish are the term "art" in angling and comes more nearly being a specialized procedure than that of any other angling activity. However with an experienced guide who will properly coach his student and supervise his action should assure success. The only handicap being that human equation, the degree of "luck" with which the novice is afflicted, and an affection to which all must be subject.

It is almost embarrassing to the angling fraternity of the Valley to of angling ability can really "strut" these many years our waters have contained such an abundance of sail and marlin and we failed to learn of it until in comparatively recent years and then in a great degree by accident. Now we know and it remains for us to subdue our embarrassment and devote our energies to clarifying some of the major points in connection with our discoveries such as just where the best fishing spots are; what season of the year holds forth the best chance of success; and what else there is to offer in matters of fishing in our waters.

To the novice seeking to reach the peak of success as a deep sea angler, the tarpon provides a source of experience—the rubber ring upon which the beginner can cut his teeth and gain an experience which will, as he climbs the ladder of success, be of invaluable experience in every angling effort in days to come.

Game Fighters

The tarpon, always rated as the gamest of the game fish, is easy prey for the beginner. He often strikes with fury, fights a game fight, with no quitting until completely exhausted, and when finally defeated provides a trophy specimen of which any angler can be proud. He knows all of the tricks from

One doesn't have to be big and strong to hook and bring to gaff a Rio Grande Valley tarpon. Mrs. E. W. McDowell of San Antonio, proved that when she caught one in the gulf last Friday that measured six feet, two inches and weighed 116 pounds. Mrs. McDowell weighs but 105 and stands five foot, one inch. She is shown above with a real fishing smile as she looks up at her catch. The smaller tarpon was brought in gaff by her father, Fredrick W. Sanborn of Denver, Colo. (Photo by Johnny Martin)

the most spectacular aerial tactics to the hard and rough bull-dog maneuvers of any of the larger game fish. He comes most nearly conforming to the mental picture of "a fish" than any of the other prized specimens of the deep. Any boy of twelve years of age, equipped with a regulation reel, heavy line and rod and a reasonable amount of intestinal fortitude, can land any tarpon of six feet or better almost as dexterously as an experienced angler if given an even break by an experienced boatman. He is indeed the woman's friend when the

they often land some of these grand battles with this disgustingly light equipment.

It is so often a strange coincidence that in competitive angling it is usually the novice that takes away the laurels in tarpon fishing. No explanation for this makes sense, but if staking your money on any tarpon fishing contest, place a bet on the boy from the short grass country who probably never saw a tarpon, until after he had registered as a contestant for the event.

In comparatively recent years competitive fishing contests have adopted the western moniker "Fishing Rodeo" which have become quite common in all gulf waters. Those who have fished the waters that are touched by the Gulf Stream, and have done battle with the many species of fighters indigenous to these waters, can easily understand why the term "rodeo" so aptly applies to these contests. Almost every fishing port of consequence on the Gulf of Mexico has some form of fishing rodeo. Mobile, Alabama was the pioneer in bringing about competitive fishing or fishing as a competitive sport. They were closely followed by Port Aransas where anglers concentrate their efforts upon tarpon fishing. It remained for the Lower Rio Grande Valley section to place the fishing rodeo upon a plane covering almost the entire field of competitive fishing. The comparatively recent discovery that these waters provided sailfish in unthought of abundance and that the mighty blue marlin was to be had with very little effort, set this section of the Gulf of Mexico into the forefront as one of America's premier fishing spots. The only spot in the world where marlin, sailfish, tarpon, wahoo, barracuda, grouper, channel bass and a dozen other species can all be caught within an hour's run from port.

A Successful Event

The communities of this fast growing section of Texas has seen to it that anglers from every state of the union have an opportunity to pit their skill against each other. The whole Valley with its 250,000 population have sponsored and arranged the Rio Grande Valley Fishing Rodeo which now approaches its seventh annual contest. With six highly successful contests behind us with some of the most phenomenal catches of record to which we can point with pride, we invite all anglers, both novice and professional, to join us in a week of fun. To taste of the famed Texas hospitality with the Rio Grand Valley touch.

Beginning July 28, it is estimated that 20 or more anglers, all of which have had experience, some of them in the upper brackets of deep sea angling, will go into our waters for one week of marlin fishing. The result of their catches will be our first demonstration of what our waters have to offer in this class of angling. On August 1 a number of other contestants will be added to this group who will devote their energies chiefly to sailfish and also marlin. With favorable fishing conditions the 1940 fishing rodeo should establish our section as top notch fishing waters, whether we shall go to the head of the class or be placed near the foot, depends to a great degree upon the results of the week of angling from July 28 to August 3, inclusive.

Match play will be in effect with the winner of a two game giving his team three points. Total points of team play will determine the winner.

A large trophy will be awarded the winning club and will be played for each year. Other awards have been donated by the following: Sears Roebuck, golf club; Day's Drug, ash tray; Walgreen Drug, comb and brush set; Pete Bros., pair of suspenders; Rio Grande Hardware, fishing net; Pearl Distributing Co., two cases of Pearl; Andy's No. 1, sun glasses and case. It is understood that a mutual agreement has been made between the clubs that the winner will not do too much bragging over the outcome of the tournament.

The pairings, with 20-30 players named first, and teeing off times: 12:30—Jack Jones vs Herbert Elster; Howard Anderson vs Bill Anderson.

12:35—L. Wilson vs Morris Dudley; Hilton Ray vs Bert Mayo.

Top Fishing Roper

PORT ARTHUR —(P)—Port Arthur fishing fans Saturday hailed Dr. W. E. Crumpler, Jr., Port Arthur physician-angler, as "top roper" in the city's annual fishing rodeo" which ends Sunday.

Friday the doctor was angling for small fish with a long gut leader. A mighty tug perked his line.

After a lengthy battle he drew in his prey.

It was a 85-pound tarpon he had "lassoed" with his leader.

Schoolboys May All Be Insured

AUSTIN —(P)—The Texas Inter-scholastic League Saturday approved a contract offered by a nationally-known insurance company whereby football player injury or life insurance may be taken out by member schools.

The insurance, as explained by C. H. Kenley, San Angelo high school principal and athletic insurance committee chairman, calls for an annual premium per player of \$1.75 and pays up to \$100 medical care for the more serious type of fractures or lacerations. Life insurance, available at a slightly higher premium, is optional.

Schools interested would contract with the insurance company directly. The league's function was merely one of approving the type of contract.

Kenley said Texas schoolboy squads suffered two defeats and 1,399 injuries during the regular 12-week schedule last year. Forty-three per cent of the injuries were sprains and 20 per cent fractures.

The committee chairman stated Texas was the 18th state to adopt the blanket insurance plan since Wisconsin pioneered it in 1930.

Since the insurance plan became effective in Wisconsin, he said, injuries in that state dropped from 90 to 40 per 1,000 players due largely to safety features, including proper equipment and warm-up exercises, insisted upon by coaches.

A survey of the Texas high school conference showed 495 schools last year paid out \$28,657, or \$58.86 per school, for injury treatment or individual school insurance.

Players Fined

NEW YORK —(P)—Claude Passeeau, Chicago pitcher, was fined \$75 and Joe Gallagher, Brooklyn outfielder \$50 by President Ford Frick of the National League Saturday for causing a disturbance in Friday's Cubs-Dodgers game at Chicago.

Frick said he fined Passeeau for throwing his bat toward the mound after being "dusted off" by Pitcher Hugh Casey and Gallagher for leaving the bench and mixing into something that was none of his business.

Play In TAAF Tournament Starts At McAllen Monday

McALLEN — One of the largest and fastest field of entries in Valley softball history will begin play here Monday night in the district Texas Amateur Athletic Federation tournament, which offers \$150 to the winning team.

The strong Rio Grande City ten, which may prove to be the dark-horse team, meets the ACJM squad of Weslaco at 9 p.m. Monday. They will be preceded by a city league game.

DFOUGHT'S TOLL IS COSTLY FOR NEBRASKA AREA

OMAHA —(P)—Nebraska reckoned the toll Saturday of a dry dusty decade. One in every ten rural residents has been forced to seek a new home.

The state as a whole lost nearly one-twentieth of its population in the last ten years, but the grim hand of drought lay much heavier on the farms and small towns so closely tied to them. Those rural areas lost a total of 88,954.

In the hardest hit south central part of the state, some counties saw as much as a fifth of their population trickle away as crops failed year after year.

In five years, 11,657 farm units disappeared.

Small farms from 40 acres up became unprofitable because of drought, one expert explained, and farms now average from 280 to 500 acres.

Woman Writes Song; Husband Leaves Her

CHICAGO —(P)—Mrs. Lillian Van Krum Colen, a song writer, was granted a divorce after testifying that her husband took exception to a song she had written and deserted her. The song "That Gray Haired Daddy of Mine."

Arrangements have been made to take care of extra-large crowds. The tournament is under the supervision of Harold White, district TAAF commissioner, with details being handled by C. J. Thompson of McAllen.

Kinnick Leads In Grid Votes

CHICAGO —(P)—Nile Kinnick, Iowa's sensational halfback of 1939, is getting a heavy play from the country's grid fans in the nationwide poll to select an All-Star college eleven to meet the Green Bay Packers in Soldier Field August 29.

The Iowa ace has polled 304,758 votes, more than any other player at any position and in excess of 60,000 ahead of his closest halfback rival.

The writing ends next Tuesday at midnight.

Leaders in the latest poll tabulation:

Ends—Bill Fisk, Southern California, 239,154; Bill Kerr, Notre Dame, 232,962.

Tackles—Nick Cutlich, Northwestern, 211,943; Joe Boyd, Texas Aggies

Now You Tell One

Superstition Rampant
LONDON.—(P)—An R. A. F. pilot made his own cast of arms, defying superstitions with sketches of a broken mirror.

For three cigarettes lit with one match, a person walking under a ladder and the number 13. He's had good luck so far.

Those Hitch Hikers!
MEMPHIS, Tenn.—(P)—One hitch hiker had a busy day. He kept his thumb working as a funeral procession went past. He even signaled the hearse.

'Little Brother' Is 79
SHEPHERDSTOWN, W. Va.—(P)—Shepherdstown has four brothers and sisters whose combined ages total 342 years. They are Mrs. Betty Renth, 90; Ed Licklider, 87; Miss Anna Licklider, 86; and Will Licklider, who shortly will be 79.

Love Conquers All
ROSELLE PARK, N. J.—(P)—Deprived of her kittens, the pet cat of Mr. and Mrs. John Fehrenbacher timidly showed up at the house with a baby

rabbit in her mouth. When there were no signs of objection, she disappeared into nearby woods and returned with three more young rabbits.

The First 100 Years Not At All Hard

MEMPHIS, Tenn.—(P)—Born 100 years ago in Williamston, N. C., Joe Hogg still tends his own vegetable garden and raises poultry.

Joe and Mrs. Hogg have been married 68 years—"with never a cross word," he adds. And he boasts: "I've never smoked nor drank, chewed tobacco, dipped snuff, cursed or got convicted in a court of law."

Shop For A Hat And Forget The War

MEMPHIS, Tenn.—(P)—Judge Camille Kelley of juvenile court suggests two ways for women to get their minds off war. Says she:

"Get interested in some youngster who needs help."
"Go down town and look at hats."

Of Mice And Women

RICHMOND, Va.—(P)—Mrs. Louise Pittman, police switchboard operator, yelled for police when she saw a mouse on the board. Cops failed to dislodge it by brute force, de-

tectives failed with stealth.

When Mrs. Ola Sharp, night operator, came on duty she called indignantly to detective headquarters:

"Who put this stuffed mouse on my board?"

"Laddy, he is very much alive. Sit still!"

S-W-I-S-H went Mrs. Sharp's fly swatter. Detectives said the rodent died of a blow inflicted by a blunt instrument.

The Rover Boys In A Predicament

CHARLES CITY, Va.—(P)—When Edward and Walter Major, twin brothers, started to school, Rover, a collie pup, followed them.

This year, when the boys got their high school diplomas, Rover was waiting in his accustomed place at the door. He has been a regular attendant for years and is going to be a sad dog unless Mr. Major makes provision for three to go to college next fall.

Eye To Business

MANCHESTER, England.—(P)—A bungalow dweller in a southeast England town charged his neighbors and friends a penny each to look down a crater made in his garden by a German air-raid bomb.

WHAT! NO CARS ON MAIN STEM TO BLOCK WAY

AUSTIN.—(P)—Cities without a single motor vehicle parked on streets were envisioned here Friday by O. H. Koch, Dallas consulting engineer.

Addressing a conference of southwest traffic engineers, Koch suggested the time may come when cities will set aside a strip of land, perhaps 100 feet wide, in the center of each block or alternate blocks for parking purposes.

These would give 50 per cent more traffic movement on streets by eliminating parking lanes and triple the number of cars now parked around a given block, he asserted.

Cotton Gin Trash Inspection Seen For Cameron This Week

FIRST PESTS LOCATED IN AREA'S CROP

Infestation Thought Lighter Now

McALLEN.—With the disclosure last week of the first 1940 pink boll worm infestation of mature cotton in southern Cameron county, gin trash inspection for the other three Valley counties was scheduled to get under way this week to determine possible further extent of the cotton pest's ravages.

Evidences of the infestation in southern Cameron, where last year approximately 30,000 acres of cotton stalks were destroyed in a special federal clean-up program, were discovered at a gin in San Benito on the first day's operation of the gin trash machine. The cotton is from the fields infested last year.

Infestation Is Lighter
Pink boll worm officials said Saturday they were not prepared to estimate what the extent of the infestation was other than that it apparently is lighter at this time this year than it was at the approximate period last year, they explained, to the installation of gin trash machines with the initial processing of the crop.

The worm's depredations increase in intensity with the age of the cotton which, as it ages, produces additional generations of the pest.

To date there has been no attempt to find the maximum number of worms, F. I. Jeffrey, assistant chief of the pink boll worm control project in the Valley, said. The gin trash inspections are more in the nature of a random test on cotton picked from various fields to determine how widely scattered the infestation might be rather than to ascertain its intensity at a given time.

Some Fields Heavy

The gin trash inspections revealed conditions which had been unearthed by the bloom inspection and the earlier stages of the crop's maturity by the field inspection conducted by the research division of the department of agriculture. The research unit, working primarily in southern Cameron, revealed some fields with as high as 12 per cent infestation which is relatively heavy infestation at this time of the year, Jeffrey explained. Since the infestation by nature is progressive, the percentage will increase in proportion to the age of the cotton.

No field inspections were made in Hidalgo, Starr or Willacy counties which were examined during the bloom inspection.

Canada For U. S.

Hitler Charged With 'Fantastic Plan'

LONDON.—(P)—The London Sketch, in its "Inside Information" column, said Saturday that one of the things Adolf Hitler failed to mention in his speech was a "fantastic plan to offer Canada to the United States which Ribbentrop (German foreign minister) conceived and is having circulated tentatively in Washington."

The paper added that by this plan, which it said had been communicated to leading propagandists in the United States, "Hitler will give a solemn pledge not to interfere in the Americas after he has 'finished' with Britain. As proof of his sincerity, he would agree to the incorporation of Canada."

Convicts Caught

Dead End Street Aid In Capture

ST. JOSEPH, Mo.—(P)—Two bursts of gunfire in the Sunday school room of a church and a baffling dead end street brought about the recapture of two escaped Iowa convicts who had robbed a bank, then kidnaped motorists, stolen cars and fought pistol battles in panic-stricken flight.

One convict, Lowell Haez, 27, of Sleepy Eye, Minn., slumped to the floor of the church at Marysville, Kan., Friday with bullet wounds in his legs after he was beaten to the draw by Leo Schramm, assistant city marshal of the northeast Kansas town.

The other convict, Ivan Sullivan, 29, was so confused Saturday at Atchison, Kan., by a dead end street that he jumped from his stolen automobile as a pursuing officer fired at him, made his slow way across the Missouri river into Missouri where two highway officers pounced on him.

Van Zeeland Arrives In U. S. From Horta

HAMILTON, Bermuda.—(P)—Dr. Paul Van Zeeland, former Belgian premier, arrived Saturday from Horta on his way to New York. He told reporters he was "not in a position to say anything."

SCOUTS GIVEN MANY HONORS

14 Boys Get Merit Badges Here

HARLINGEN.—Fourteen Boy Scouts of Troop 9 and the Explorer Patrol of Harlingen received rank advances and merit badge awards here Friday night at a board of review conducted by E. C. Bennet and William Winters.

Robert Polson passed the conservation merit badge tests to reach the highest rank obtainable in exploring scouting.

Second class awards were made to Carl Weir, Lowell Wilkerson, Bobby Stovall, and first class award to Sonny Yates. Merit badges were awarded Darrell Manley, Pat Kennedy, Sonny Yates, Frank Yates, D. M. Denton, Lynn Yantis, Glen Jones and Billy Black.

Manley received badges for life saving, botany, animal industry, first aid to animals, camping and civics; Kennedy, weather and botany; Sonny Yates, first aid to animals, animal industry, personal health, public health, first aid, and interpreting; Frank Yates, book-binding, reading and health; Denton, animal industry and public health; Yantis, civics and life saving; Jones, public health, first aid, animal industry, and swimming; and Black, zoology.

Almazan Claims Big Election Majority

MEXICO D. F.—(P)—The independent party of General Juan Andres Almazan, at present on a "vacation" in Havana, published advertisements Saturday claiming he received a tremendous majority with a total of 2,492,567 votes in the recent presidential election.

Government-supported General Manuel Avila Camacho, contending he is the winner, has placed his total at 2,265,199 votes.

Shock Proves Fatal To Ice Dock Worker

DENVER CITY.—(P)—Cus E. Bowles, 24, was shocked to death Saturday morning when he caught an extension cord at a Denver City ice house.

The cord carried only 110 volts, but Bowles, dock worker, was standing in water.

Despite artificial respiration, Bowles was dead when dislodged from the wire.

CLUB MEETING CALLED

HARLINGEN.—The North Harlingen 4-H Club will meet Tuesday afternoon at the home of Mrs. Harry Wendt, officials said Saturday, and urged all members to be present.

Cop Quits Traffic To Rush To Rescue Of Stuffed Animal

SEASIDE, Ore.—(P)—Patrolman Albert Henshaw abandoned a traffic snarl and hastened to rescue a bull wedged in a crate and apparently dying.

"Do you mean to keep that creature boxed up like that?" he demanded of the owner.

"I certainly do," the owner replied. Henshaw threatened humane society action but the owner assured him it wouldn't be necessary.

The life-like bull was a stuffed subject used by a photographer.

WARNING SET ON ORDINANCE

Sanitary Rules To Be Enforced

HARLINGEN.—Sanitary plumbing ordinance passed some time ago was publicized here Saturday by leaflets, which outlined provisions and penalties for violation of the regulations concerning out-door open toilets after the September 15 deadline.

Fine for not connecting toilets to the city sewer system by September 15 ranges from \$10 to \$50. In connection with enforcement of this ordinance, the city has suspended the \$10 sewer tap fee ordinarily charged when the system is tapped for residences.

Commissioners pointed out some time ago that numerous surface toilets not connected with the sewer or septic tanks constituted a hazard to the public health.

Nickel Is Found

Arizona Deposit Is Nation's Tops

PHOENIX, Ariz.—(P)—The nation's most important nickel deposit has been discovered in a remote section of northwestern Arizona near Littlefield, W. J. Graham, secretary of the Arizona Mineral Resources Board, declared Saturday.

Surface samples, Graham asserted, reveal a nickel content of .58 of one per cent with a by-product of platinum running from \$150 to \$350 per ton. There also is a small copper content, he added.

Nickel, a strategic mineral used in alloys, is imported for the most part from Canada, which is responsible for about 85 to 90 per cent of world production.

Texan Feared Lost In Wyoming Canyon

BASIN, Wyo.—(P)—Undersheriff William Barnett and eight CCC men from the Basin camp searched Saturday in Trapper Canyon for Henry Bailey, 34, of Toiyah, Texas.

George Benedict of Greybull, Wyo., reported Friday night that Bailey was lost while the two were fishing.

Benedict told Sheriff Don C. Parkin that they separated, to meet again at an appointed spot, but that the Texan did not appear. A brief search did not locate him.

New Yorker Cleared Of Un-Americanism

WASHINGTON.—(P)—Representative Dempsey (D-NM) said Saturday that a House subcommittee had cleared Carl Eyrer, New York publicist, of charges of un-American activities.

In a telegram to Chairman Dies of the House committee investigating un-American activities, Dempsey recommended that it adopt a resolution "covering a full exoneration."

Appointed

Fred C. Keeney, Weslaco, (above) son of Mrs. Lola C. Keeney, Weslaco, was admitted to the United States Naval Academy at Annapolis, Md., on July 10, for a six year term. Keeney was an honor graduate from Weslaco high school in 1939, and had attended Texas A. and M. College one year. Keeney was born in New York and came to Weslaco with his parents in 1932.

BACK FROM MISSOURI

SAN JUAN.—Mrs. M. E. Zinn has returned home from a visit with relatives in Missouri.

DEATH PROBE DUE MONDAY

McAllen Woman Dies Friday Night

McALLEN.—Assistant District Attorney Hollis Rankin will conduct an investigation Monday morning into the death Friday night of Mrs. Elsie Johnson, 50, who has been living here for about two weeks.

Rankin told McAllen Police Officer Richard Bales he would take statements from relatives Monday at the police office.

Mrs. Johnson was taken to City Hospital about 5:30 p.m. Friday by a Martin-Nelson ambulance after an emergency call was turned in by a neighbor. Police said a bottle of disinfectant was lying on the floor by her bed.

She died about midnight. Funeral services will be held at Stafford, Kan., where the body was forwarded by the Kreidler Funeral Home.

Mrs. Wayne A. Hartnett is the only relative living in McAllen.

Hearing Is Ordered After Auto Mishap

McALLEN.—Fernando Garza and E. E. Phelps were cited to appear for a hearing before City Judge C. D. Martin Monday morning concerning a collision in which their autos figured Friday night. City Patrolman Richard Bales said Saturday.

Autos driven by the two men collided at the intersection of South Seventeenth Street and Austin Avenue.

REELECT JOE P. HATCHITT YOUR DISTRICT ATTORNEY

Pledging a continuation of the vigorous prosecution of organized racketeers and other criminals that characterized his administration, District Attorney Joe P. Hatchitt is seeking re-election to the office of District Attorney on the basis of the work he has done in the past.

Joe P. Hatchitt pointed out that he has obtained 299 convictions in Cameron County as against 4 acquittals. The last Grand Jury unanimously passed a resolution commending the District Attorney's office for the efficient manner in which all cases were handled and presented officers have commended Joe P. Hatchitt and his staff on the excellent cooperation the District Attorney's office has given in the enforcement of the law and suppression of crime.

"My office has taken a fair impartial stand on all matters that has come before us; Hatchitt declared.

"I have never compromised with crime and do not intend to do so; that is the reason that organized racketeers are fighting me so," Hatchitt declared, "but as long as I am your district attorney there will be no blackout law or order in this district."

Texas Gubernatorial Candidates Book Many Speeches For Final Week

O'DANIEL LEADS GROUP WITH 28 TALKS SLATED

Rail Commission Post's 18 Candidates Try Hard To Become Standouts

By The Associated Press

No new issues bobbed up in the gubernatorial campaign last week, but the electorate turned out in great numbers everywhere to hear the six candidates accuse each other or defend themselves. The report indicative of a growing interest in the campaign also was the fact that from some sections that absentee voting was heavier than in the Democratic primary two years ago. Other counties showed fewer advance ballots but it was impossible to draw an accurate conclusion until this phase of the election is concluded Wednesday.

Governor W. Lee O'Daniel drew big crowds wherever he went in north, east and south Texas last week. The governor, who announced early in the campaign that his duties might prevent an intensive stump tour, scheduled 23 day and night speeches in west Texas. Jerry Sadler booked 19, and the other candidates concentrated on sectional rallies.

The 18 men sprinting for the one empty chair on the railroad commission were trying desperately to distinguish themselves from the pack. Some of these gubernatorial candidates were trailing the smallest gathering of voters to put themselves and their programs across.

O'Daniel's campaign was much like his amazing drive of two years ago. This time he was able to call names specifically instead of confine his remarks to a general attack on "professional politicians."

Beginning at Greenville Monday night and throughout the week he vigorously assailed four of the five men running against him, renewed his attack on the game, fish and oyster commission and other Austin boards and bureaus, and even where ridiculed statements that his new sound truck cost \$15,000. The governor called for election of a legislature that would "follow the will of the people."

Called Republican

Ernest O. Thompson became the first opponent this year to call O'Daniel a Republican. At Terrell he said the governor was "a Republican from Kansas, and the only time he ever voted in Texas was for Hoover."

At a rally in Austin Thompson hitly on the run, and estimated O'Daniel as "the greatest failure" as a governor in the state's history. Everywhere he pounded for taxes on natural resources and attacked O'Daniel as a sales tax advocate.

No less heated was Jerry Sadler's attack on O'Daniel's policies. He cried out against mud-slinging and offered to withdraw from the race and support O'Daniel if the latter would call a special session of the legislature "and pass a tax on natural resources to pay social security obligations." He plugged for his own tax program as "simple and workable."

James E. Ferguson, campaigning for Mrs. Miriam A. Ferguson, told a Houston audience the governor refused to reply to questions about how he proposes to finance social security. He referred to O'Daniel as the "most incompetent" governor in Texas history. He said O'Daniel and not the legislature was responsible for the "old people not getting their pensions."

Henry Hines offered his record as highway commissioner during a heavy week of campaigning that included many a country barbecue and picnic. He told a Leonard farm group that his "practical and economical tax plan" should be "sweet enough music" for the ears of the people, and said this is no time for "entertainment and sight-seeing."

Artion B. Cyclone Davis stood in an Uncle Sam costume on the steps of the state capitol and charged that the governor attempted to intimidate the legislature. He said the state's natural resources were being "stolen right out from under the people's feet."

HITLER URGES END FOR WAR

Appeals To England With Radio

(Continued From Page 1)

ler's Reichstag speech of Friday was "not worth answering" was rejected in Berlin as not the true voice of the British people.

Air Raids Widespread

"This is merely the voice of the plutocratic clique," it was stated here. "What strikes us is the haste with which these insolent commentaries are issued—so quickly as to give the impression they were written in advance."

With the German radio broadcast in English translations of the Hitler speech over and over again, the high command made it plain that there is a much grimmer side to this "realization" campaign directed at England.

Saturday's communique detailed widespread air raids on shipping, harbors, power plants, warehouses and military positions from south England to Scotland; claimed the sinking of a 5,000-ton merchant ship and damage to three other merchantmen and a destroyer, and reported the sinking of 24,700 tons of merchant shipping by a single U-boat.

RAF Raids Continue

It took cognizance of the new British air raids which "injured several civilians" in northern and western Germany Friday night.

The high command also gave a ratio of 27 to 3 for English and German planes, respectively, lost on Friday.

The next few days will show, authorized persons asserted, how the British reaction to the Hitler speech, as pounded home by the radio campaign, is to be evaluated.

Saturday with Count Galeazzo Ciano, Mussolini's son-in-law and Italian foreign minister, it was described as a courtesy call. Ciano and his staff left for home at midnight, the German wireless said.

DIES FINDS TEXAS REDS

Students, Teachers Said Members

(Continued From Page 1)

Worth cabin near Fort Worth last May.

Among other things, the report said the party aimed to build a permanent independent labor political party in this state. "One which could be used to great advantage" long after the coming state election.

Students Are Members

Fox report related that: The information concerning schools came through conversation between a student in a state teachers college and Homer Brooks, Communist party chieftain in Texas.

The student said he had "not been doing a great deal" but had managed to hold the unit together and pass out literature among the students.

He said the party unit in the city in which the school was located was comprised of students, all boys, most of whom were on the football and basketball teams.

They could talk Communism "all they wanted to," he said, as the basketball coach was "very much in favor of Communism."

Coach Is Communist

Brooks laughed and asserted the coach should be in favor of Communism as he was a member of the party. Brooks also said several teachers in the school were members at large of the party, and the student could feel safe in carrying out work among the students.

Even the head of the school was a "confidential member" of the party.

Brooks said he would send the student to the national convention of the National Theatre League, described as an organization developed by the Communist party, in Geneva, Wis., in the latter part of July, and that the young man would be seated with the delegates from the University of Texas.

To Have Own Candidates

Delegates from Texas to the national convention of the Communist party, Brooks said, included four from the marine industry and two from the oil industry.

Brooks read a resolution endorsed by the state executive committee, which stated the party would support a gubernatorial candidate in the primary, but would have its own candidates in the general election.

The report claimed also that Brooks said the Communist party was supporting "the Lewis group" in an educational campaign it planned to inaugurate in June in the oil industry.

According to the report the campaign would be directed primarily against the Standard Oil Company and the Humble Oil and Refining Company at Baytown, and from there would spread to all Standard Oil refineries in Texas.

at air and naval bases along the coast of Germany and Nazi-held Holland—potential jumping off points for invasion of England—and attacking Nazi aircraft factories, oil plants and railroad communication.

Shipping in English southeast ports attracted the heaviest Nazi attacks Saturday.

German planes were given battle over southwest England, Wales and southeast Scotland.

Ironside Is Replaced

In a reshuffle of army commands, Sir Alan—one of the northern Irish family of "fighting Brooks"—replaces Sir Edmund Ironside as commander-in-chief of home forces, Viscount Gort, who led the British Expeditionary Force in France, now is inspector-general to the forces for training.

Neutral military observers regard the selection of Sir Alan, who also fought with the BEF, as fresh evidence of a British shift from straight defense to a balance between defensive and offensive plans—aimed at wrestling initiative from the Nazis and, ultimately, winning the war on the continent.

With the 1907 class registering Saturday, Britain enrolled the third group called to the colors this month. When youths who reached the age of 20 since June 22 and the class of 1908 register next Saturday, it is expected that Britain's army strength will reach 4,000,000 men.

Plane Factories Hit

Amplifying the communique on Friday's night air action by the RAF the air ministry said the Focke-Wulf airplane factories at Bremen had been damaged in an attack which lasted an hour and a half.

Dornier plane factories at Wismar and Wenzendorf were set afire, the Wilhelmshaven docks were bombed and the main rail line south of Recklinghausen, manufacturing and mining town in Westphalia, was cut.

Shore batteries as well as guns of British warships took part in the fight over the Channel. The Germans attempted unsuccessfully to put the warships out of action to break their barrage. At one time it was estimated nearly 100 planes were in the air.

The British, in their tabulations of the month's casualties, placed the number of planes lost by the Germans at 130 with 40 to 50 others so badly damaged it was unlikely that they would be able to reach home.

RADIO CHAIN BLACKLISTED

Mutual Stations Cut Off Hitler Talk

NEW YORK — (AP) — The Mutual Broadcasting System was black-listed Saturday night by Dr. Otto Dietrich, Adolf Hitler's personal press chief.

Dietrich, in a cable from Berlin, banned MBS from broadcasting from Germany or German-controlled areas in Europe because 31 Pacific coast stations cut off Hitler's 95-minute speech Friday.

Arthur Whitesides, MBS production manager, said Dietrich asked for a complete report and explanation of the incident.

The company, Whitesides said, supplied Hitler's full speech and that individual stations were free to take it or leave it, or otherwise control their own programs.

Whitesides added the MBS had no programs scheduled from Germany until Sunday night and expected that the situation might be cleared up by that time.

Until the Hitler-inspired reprisal of Dr. Dietrich is removed, however, Whitesides said, MBS would be unable to present commentaries from German-controlled areas, or to rebroadcast any programs originating in those areas.

State General Fund Is Millions In Red

AUSTIN, — (AP) — The state's general fund was \$23,378,479 in the red Saturday, an increase of \$633,576 since June 5, the treasury department reported.

The deficit was announced in connection with a call for payment of \$275,186 in warrants through Oct. 25, 1939.

EUROPE FACES SHORT CROPS

Germany To Suffer In Wheat Drops

BUDAPEST — (AP) — The lean crop prospects in southeastern Europe were emphasized anew Saturday by a Bucharest wheat forecast placing Rumania's anticipated harvest at 1,630,000 metric tons compared to the average yearly production of around 5,000,000 tons.

The situation in Rumania is reflected in other southeast countries where the poor prospects are expected to throttle exports, especially to Germany. Last winter's unprecedented cold and the late spring planting brought about the acute situation.

Wheat experts here figure Germany must import at least 2,000,000 tons of wheat this year. Ordinarily Rumania alone could supply half this amount; Hungary, Yugoslavia and Bulgaria the rest.

Bugan Belgrade it was announced Yugoslavia would have to import wheat for her own needs this year and Hungary has initiated official steps to assure sufficient grain for her own people.

Who Owns Ships?

British And French Claim Craft

WASHINGTON — (AP) — Rival British and French claims to some 100 American-made war planes held by the French at the Caribbean island of Martinique were submitted Saturday to acting Secretary of State Sumner Welles.

Count Rene De St. Quentin, the French ambassador, and Lord Lothian, the British envoy, conferred separately with Welles on the dispute.

The planes were taken to Martinique from Canada by the French aircraft carrier Bearn, following the French armistice with Germany.

The point at issue is whether they were included in an agreement by which the British, after the armistice, took over commitments of the Anglo-French purchasing mission.

STATE RATE NOT YET SET

Advalorem Tax Seen After Election

AUSTIN — (AP) — Texans will have to wait a few days—perhaps until after the Democratic primary election—to learn what the new state advalorem tax rate will be.

State law requires counties to certify their assessed valuations to the comptroller by July 15 and the automatic tax board composed of the governor, comptroller and treasurer, to meet five days after the certifications are received and set the rate.

However, 11 counties have so far failed to submit certificates and the board members are out of the city campaigning for re-election.

The current rate is 77 cents per \$100 assessed valuation, 35 cents for schools, 35 cents for general fund and seven cents for Confederate pension fund. On the basis of incomplete returns this year's increase in valuations is approximately \$12,000,000 making a total of \$3,500,000,000.

Bobbitt pointed out that the highway would bring closer together the citizens of the Lower Rio Grande Valley and the Winter Garden area in Texas, as well as their friends the citizens of Northern Mexico.

Other prominent state officials who were introduced were Railroad Commissioner Ernest O. Thompson, candidate for governor, and State Land Commissioner Bascom Giles, unopposed candidate for re-election. A number of candidates for other offices appeared briefly on the program.

future of French, Netherlands and British possessions in this area. Skepticism was apparent among some of the Latin American delegations that proposals for mandate or protectorates over these possessions would develop into concrete action at this meeting.

Instead, some expected agreement in broad terms upon measures that might be taken to meet certain eventualities resulting from the European war.

What concerned Latin American delegations even more than military threats was what the United States could do to relieve their economic difficulties arising from the loss of European markets.

On this, the first objective of the United States delegation is to get first hand information on the individual problems of these countries and determine how far they are prepared to submit them for general solution.

U. S. Has Own Ideas

The meeting here is watched closely by German, British and other "unofficial" observers, despite Secretary Hull's statement in Washington that it is strictly an American affair.

Secretary Hull told a press conference that he had gone over more important phases of the meeting with delegates from some other countries, including the foreign ministers of Cuba and Paraguay and the Venezuelan ambassador to the United States, but he would not comment on what he or other delegates considered the most urgent problems.

Hull said he preferred to let others take the leadership when they were disposed to do so. Asked whether the United States had definite proposals on all subjects on the agenda, Secretary Hull said his delegation had ideas to offer and these would be outlined in his speech Monday.

Commissioners' courts of a half-dozen South Texas counties were introduced, as were mayors and other municipal officials of many South Texas towns.

State Highway Commissioners Harry Hines, of Wichita Falls, candidate for governor, and Robert Lee Bobbitt of San Antonio, who was the principal speaker at the celebration, received ovations. They were praised by the various county judges for their work in making possible construction of the highway, on which more than \$1,000,000 has been spent during the past four years.

VALLEY FOWL SHOW'S PLANS TAKING FORM

Fanciers' Department Added At McAllen

McALLEN—Manager Harry Hill of the McAllen Poultry Congress announced Saturday that a fowl fanciers' department has been added to the annual show, which will be held October 3, 4 and 5 this year.

Prizes are to be awarded in all classes of poultry, bantams, waterfowl, and pigeons of pure bred strains. Entries are now being received.

Manager Hill declared this year's show, financed by the McAllen Chamber of Commerce with merchants donating merchandise awards, will be the largest ever held here. The show managed by Hill last year was said to have been the biggest poultry congress ever held in the Valley.

Exhibit Space Set

Many feed mills, poultry appliance factories and hatcheries have already engaged exhibit space.

The show's main feature will be the exhibit of the choice pens of five chickens from lots of 50, which were placed among 4-H, FFA and Scout groups. A total of 5,000 baby chicks, purchased principally with funds provided by the McAllen Chamber of Commerce, were placed on Hidalgo County farms in March and April. The flocks are under constant observation of Manager Hill, who carries on a continuous poultry training course with the farm boys and girls.

Specialists Are Due

Outstanding poultry specialists of the south will be brought to McAllen for lectures, furthering the educational purposes of the show. Texas A. & M. College authorities will be among the speakers. District Agent R. G. Burwell, Assistant Farm Agent W. H. Gardner and Miss Myrtle Miller, home demonstration agent, will have charge of the lecturing and demonstration programs. There will be no entry fees in the fanciers' department for Hidalgo county exhibitors, but persons from outside the county will be charged 25 cents for a single fowl or 50 cents per pen. An attendance of 8,000 persons is expected this year.

Dope Seized

Customs Agents Hold Jap Suspect

SAN FRANCISCO—(AP)—U. S. Customs agents seized 17 pounds, three ounces of narcotics aboard a Japanese freighter here Saturday, and arrested a Japanese, while the seized narcotics hinted the case would have international ramifications and involve contraband worth more than \$1,000,000 when it was "cleaned up."

Paul E. Madden, chief of the California Narcotics Enforcement Division, said the largest (in a long, long time) and that the lot taken would be valued "wholesale" at \$81,000, and probably would bring well above \$200,000 in illegal street sales.

Madden said the Japanese was seized by customs agents in the engine room of the Naumann Maru, which docked here from Orient, via Los Angeles, late Friday.

Almazan Vavations

In Cuba Says He Won

HAVANA, Cuba—(AP)—General Juan Andre Almazan, independent candidate who contends he overwhelmly defeated government-supported General Manuel Avila Camacho in Mexico's recent presidential election, arrived here Saturday on a "vacation."

"I am awaiting August 15 for congress to meet and canvass the election," he said. "I was elected by the votes of 90 per cent of my countrymen; I will occupy the post of chief executive."

Camacho backers contend on the other hand that their man won by 20 to 1.

British Reporting

Italian Air Raids

CAIRO, Egypt—(AP)—A Royal Air Force communiqué Saturday reported Italian air raids on Alessandria, Matruh, in the western Egypt, from Thursday through early Friday morning in which one Italian bomber crashed in flames.

Five of the crew were said to have died, while the wireless operator was taken prisoner.

R. A. F. bombers were said to have started fires at El Gubbi, Libya, and to have scored direct hits in a new attack on the Italian naval base at Tobruk, Libya.

Nazis Are Growing Spuds On Airfields

WASHINGTON—(AP)—Holes in airfields may mean potato-digging, not bomb scars, advices from Germany indicated.

An economic report received by the commerce department said that potatoes, grain, hemp and other agricultural commodities were being grown on military airports, especially in corners and sides which could be spared from war purposes.

Inspection Of Canal Is Now Completed

BALBOA, C. Z.—(AP)—Three members of a House military subcommittee completed an inspection of Canal Zone defenses Saturday and left aboard two army bombers for Miami.

Representative Charles I. Fiddie (D-Pa.), head of the committee, and two other members will start the 10-day back home Sunday by way of Central America and Mexico.

Babson Says Average Man Is Not Ready To 'Sacrifice'

States All New Defense Taxing Should Hit Every Person's Pocketbook

By ROGER W. BABSON
GLOUCESTER, Mass.—Talk in Washington about a new excess profits tax worries me. Obviously, we cannot spend \$14,000,000,000 for defense without raising at least part of the money "as we go." The basic formula, however, should be that all new taxes should hit every person's pocketbook to make every one realize that this country is entering a changed order—a new era. All should realize that the next five years the way we have in the past five.

It is unpleasant to say so, but I have seen no indication yet that the average worker, business man, or politician is ready to give up anything for the sake of the new

Playwriter Is Given \$10 For Lot Of Work

HOLLYWOOD—(AP)—Writers who constantly moan that their well-turned efforts are butchered by directors should meet Preston Sturges. He's solved the problem. Sturges wrote a story, developed it into a motion picture scenario, sold it and then directed it.

He parted with it, incidentally, for \$10. He didn't want anything for it, but the studio insisted on paying him to make the transition legal. He replied he'd settle for \$1. But when the producer read it he opined it was worth at least ten times that much, and paid it.

Singer-Model Given Divorce From Actor

LOS ANGELES—(AP)—Vivian Wildman, singer and model, was granted a divorce Friday from actor Robert Wildman, actor, after she testified "He couldn't make up his mind whether he loved me or not."

She charged he took her earnings and allowed her only 25 cents a day for herself. Because he failed to pay the rent, they were forced to move eight times in one year, Mrs. Wildman declared.

M. Quezon Defends One-Party System

MANILA—(AP)—A two party system of government is all right for the United States, President Manuel Quezon of the Philippines agreed Friday, but added the Philippines must do their "own thinking and learn from lessons of contemporary history or bust."

Labor Controversy Arbitration Begins

WASHINGTON—(AP)—A three-member fact-finding board appointed by President Roosevelt began hearing testimony Saturday in the controversy between the Railway Express Agency and the Brotherhood of Railway Clerks.

The brotherhood is demanding a 44-hour week for all express employees represented by it. A strike was called for July 12, but this was averted, temporarily at least, when the President named the fact-finding board under authorization of the railway labor act.

THREE SHIPS DUE AT PORT

Scrap Iron To Move From Brownsville

BROWNSVILLE—Three vessels are due this week at the Port of Brownsville, one of them to load the second cargo of scrap iron out of the port in about as many weeks.

Due here Monday to pick up the scrap is the SS Pankraft of the Waterman Steamship Line, the first of Waterman ships ever to dock at the port.

With Waterman one of the largest U. S. lines in the foreign service, the cargo is expected to go abroad. Here recently was the SS Condylys, a Greek ship, which also sailed under sealed orders with a large cargo of the iron.

The SS Henry R. Mallory of the Clyde-Mallory Lines is due Sunday to load general cargo for New York, Boston and Houston. The Philen Shipping Company is agent for both ships.

The Barge Tulsa, in tow of the Tug South American, will bring another large cargo of Texaco gasoline from Port Arthur to Brownsville Wednesday. The barge was brought here recently with 360,000 gallons.

Louisiana Oil Men Advise Curtailment

BATON ROUGE, La.—(AP)—Louisiana oilmen Friday with few exceptions recommended a general cut in the state's production in order to prevent further increasing stored crude and gasoline stocks.

The Standard Oil Company of Louisiana suggested an 11.47 per cent curtailment in allowances. Some companies, including the Texas Company, asked for greater production, however.

Okfuskee Oil Well Presages New Field

BROWNSVILLE GETS \$23,771 WPA PROJECT

Water Main Job Is Approved

BROWNSVILLE—President Roosevelt has given Brownsville's \$23,771 WPA water main project the final approval necessary, and all that is left to get the project under way is a WPA work order, city officials said Saturday.

Word the president had approved the project was received late last week.

New Pipe Is Sited

The project includes digging up about 4,000 feet of unused 12-inch main in the Riverside area, to be cleaned and used to replace three blocks of eight-inch, and seven blocks of four-inch pipe on S. E. Levee street, from Palm boulevard to Tenth.

The salvaged eight-inch pipe will be supplemented by some new pipe, and lines will be laid on Ringgold and Tyler between Fourteenth and Sixteenth streets to serve the Brownsville Housing Authority.

New pipe will be purchased to lay a main 900 feet north from the intersection of the San Benito highway and the Boca Chica by-pass road.

Cash Outlay Held Down

The WPA will provide \$15,102 of the \$23,771 for which the project is set up, and the city's share as sponsor is \$8,669. The city, however, will be allowed a salvage price on the 4,000 feet of 12-inch line that will amount to about half its price, according to City Engineer John O. Kelley.

Actual cash outlay of the city for the project will be further held down through credit that will be allowed on use of city equipment and on labor of technicians regularly employed by the city.

Different War

Ambulance Driver In New Trouble

NEW YORK—(AP)—Peter Muir, 42, who drove an ambulance in France and was captured by the Germans, returned to the United States only to find himself on another battlefield—matrimonial.

In a snappy American field service uniform, he stepped off the Manhattan Thursday into the arms of officers with a desertion warrant sworn out by his ex-countess wife who has been pursuing him for some six years.

She is the former Countess Victoria Louise de Montglot whom he married in Japan in 1924 after a varied career which included newspaper reporting in Pittsburgh.

She sued his mother and stepfather, Mr. and Mrs. Cary T. Hutchinson, for \$250,000, charging alienation of affections.

Alsace Lorraine May Again Become Nazi

NEW YORK—(AP)—A British broadcast heard by NBC said Saturday a German commission had arrived in French Alsace-Lorraine to take a census determining persons of German and those of French origin. The announcer said this action apparently foreshadows incorporation of the two provinces into the German Reich.

FLATFOOT COP IS THING OF THE PAST; HE GIVES WAY TO SCIENTIFIC EXPERT

McALLEN—The days of the gun-toting, flatfoot police officer are over, succeeded by the officer who uses scientific aids in crime detection, declares Henry Mallau, McAllen policeman and only Valley member of the Texas division of the Association for Identification.

Mallau returned recently from Galveston, where the association conducted its annual meeting, with some of the nation's leading identification experts on hand to discuss new developments in the field of crime detection.

Although Mallau will be transferred from the police to the sanitation department August 1, he will continue as identification officer for the city, the Hidalgo County sheriff's office and other cities desiring his services.

He owns his own fingerprinting paraphernalia and cameras and is constantly adding to his equipment.

Among the prominent speakers at the convention were Lt. Col. Clark W. Thompson, U. S. Marine corps, Galveston; George H. Gymer, commissioner of fire and police, Galveston; Col. Homer Garrison, Jr., director department of public safety, Austin; Forrest V. Sorrells, supervising agent, United States secret service; George J. Lacy, Houston, criminologist; E. E. Conroy, chief special agent, FBI, Dallas; V. A. Leonard, criminologist, Fort Worth; and Joe Fletcher, chief of the bureau of identification and records, department of public safety, Austin.

"Joe Fletcher, the state identification expert, showed a sound movie taken at the scene of the crime, stressing how and where to look for evidence and what to do with the material obtained," Mallau said. "Fletcher declared fingerprint experts are of a new school, aiding police in apprehending criminals and protecting the innocent as well."

Fletcher said police executives realize the average criminal of today is of a higher degree of intelligence than in years gone by. Police must equip themselves with modern methods of apprehending them. A good fingerprint file is one of the most valuable assets. He urged attendants to tell their chiefs of police of the work done at the convention and to let the public know that they have a modern and up to date police department. He urged use of newspapers for this information.

"Work of the FBI in connection with fifth column activities was described by E. E. Conroy of the FBI. Colonel Garrison lauded identification officers for their cooperation with the FBI in combating fifth column activities by accumulating information and forwarding it to the FBI."

Bullitt Returns To America; Tells Of Experiences With German Army

Escape From Death Was Closer Than Reported

NEW YORK—(AP)—Trans-Atlantic Dixie Clipper brought home from broken France Saturday United States Ambassador William C. Bullitt, who narrowly escaped death in the bombings which preceded the French collapse.

In the same plane came the former Empress Zita of Austria-Hungary. Driven into European exile when that empire crashed in 1918, she was seeking a new and more distant refuge now—this time from the military conquests of the son of a pre-war Austrian

Mexico Is Planning Military Training

MEXICO CITY—(AP)—War Minister General Jesus Agustin Castro informed the Mexican people Saturday that the government would not have to "make great outlays to establish compulsory military service."

The minister, in a press interview, said the economic aspect of such training had been studied carefully and that the government believed a healthful, efficient and practical program could be undertaken economically.

The extraordinary session of congress scheduled to convene July 25 has enabling legislation for compulsory military training at the top of its agenda.

17 Candidates Fail To Record Expenses

DALLAS—(AP)—Seventeen Dallas county political candidates Saturday were open to \$1,000 fines or penitentiary sentences.

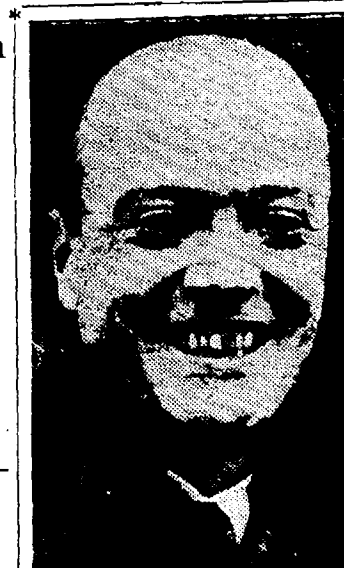

County Clerk Ed Steger reported they failed to file second campaign expense statements by Friday midnight's deadline.

Steger pointed out the penalty has never been imposed in Dallas county.

Rancher Candidate Is Discovered Dead

BURNET—(AP)—A searching party Friday night found the body of Sam H. Munn, 71, Burnet county rancher, in a shallow pool of a creek running through the Munn Ranch, near here.

Munn was a member of the county board of education and a candidate for county commissioner.

WILLIAM C. BULLITT

customs official, Fuehrer Adolf Hitler.

Neither Bullitt nor the former Empress would predict what the next European developments might be.

Bullitt, however, talked freely of what he had seen and experienced in war-torn France, and emphasized that "the French people today have all the magnificent qualities they always had."

The ambassador disclosed that bombs dropped on Paris by the Germans came even closer to killing him than first reports indicated.

As originally reported in censored dispatches, one of the 23 bombs dropped on or near the Air Ministry headquarters, where Bullitt was lunching with French officials, crashed through the ceiling of a room through which they passed, but was a dud.

Actually, the ambassador said, it was a time-bomb. It hung halfway through the ceiling, looking like a dud, but an hour later it exploded, demolishing the place.

Valley Wildcatting Activity Spreads As Drilling Seen In Six Areas

THREE NEW PRODUCERS FINALED THIS WEEK AS OTHER TESTS ON SPOT

Rincon Field Well Seen Important Test As Other Wildcats Are Watched

McAlLEN — Lower Rio Grande Valley wildcats were drilling in a half dozen counties Saturday as operations continued to spread. Most of the tests were being drilled in Starr county, as usual.

One of the most important tests was Complete Oil Well Service Company's No. 1 Yzaguirre, south-east corner of Survey 227 and a mile east of the northernmost production in the Rincon field. The well was scheduled for 5,000 feet and was making hole around 4,000 feet. The acreage was obtained under a farmout from Sun Oil Company. Several miles north of the Rio Grande City field in southern Starr, McCollum Oil Company (Houston) No. 1 Rodriguez, Survey 56, Portion 80, Camargo Jurisdiction, made salt water on first production test and is now cemented preparatory to another test. Operators drilled to total depth of 2,710 feet and cemented 3 1/2-inch o. d. casing at 1,285 feet. Production test was made through casing perforations in the sand at 1,173-79 feet.

Wildcat Is Staked
Several thousand feet southwest of production in the Barbacoas field, Marr and Brown's No. 1 Mrs. Anna Kelsey-Buss has been staked 2,480 feet west and 450 feet south of the northwest corner of Share 38, Portion 88, location being in Share 5, Portion 87, Camargo Jurisdiction. The wildcat will go to 3,300 feet.

In western Jim Hogg county, Patterson, Inc. No. 1 Daniel Gutierrez, Block 51, Survey 579, El Payote Grant, cemented 5 1/2-inch o. d. casing on bottom at 3,156 feet, preparatory to production test in sand at 3,120-150 feet. The sand showed 750 pounds pressure and a little oil mud on 20-minute drill stem test. The Colorado field sand in the same well was reported cored at 2,840-46 feet and showed a little oil on drill stem test.

Humble Oil and Refining No. 4
Meatens Oil and Gas Company, about seven miles east of Hebbronville and in Diego Hinojosa Grant, was reported making hole around 4,100 feet.

Brooks County promised to attract much attention during the next few days with two highly important wildcats drilling steadily ahead.

Willacy Activity Seen
About 12 miles south of Falfurrias, Sun No. 1 Charles Boedeker, Survey 16, was coring at 3,676 feet on a deep wildcat in the Brooks County salt dome area.

About five miles northeast of the Sun wildcat, J. M. West Production Company No. 1 J. D. Cage, Survey 31, was reported making hole slowly around 6,800 feet on a projected 10,000-foot hole.

H. H. Howell's No. 1 M. Cantu Estate, 6,222 feet from the north and 487 feet from the east lines of Share 5-C, La Alameda Grant, (location corrected) was reported moving in for a 7,500-foot test. Location is about three miles south of the West wildcat.

In eastern Willacy county, Pan-American Production Company No. 1 Portillo Garcia, 680 feet from the south and 457 feet from the east lines of a 143-acre tract in Share 13, San Juan de Carrizitas Grant, was rigging up and ready to spud.

THREE NEW PRODUCERS ARE FINALED ON SATURDAY
McAlLEN—Three new producers were turned into storage in as many South Texas proven fields Saturday, but four other tests were

CATTLE MEN AID US PLAN

Long Range Program Seen In America

SAN ANGELO—(AP)—Texas cattlemen and those in other parts of the nation are to go down the line with the United States in working out a long range livestock program that will assist in bringing unity to the western hemisphere. Jay Taylor, Amarillo, told a staff member of the San Angelo Standard Times in Amarillo Saturday afternoon. "A changing world calls for readjustment of ideas and thoughts," the ranching leader declared, "and today we face a condition entirely different from anything America has ever confronted. This, the livestock people realize as do other peoples of South and North America."

Taylor said the cattle industry desires to aid in a program of hemisphere solidarity, but in the past it has been left in the dark as to the real intentions of the state department and administration.

"What we want is a chance to sit down with officials from both North and South America and talk things over," Taylor said.

VALLEY BLAST SUIT ENTERED

Weslaco Car Dealer Seeks \$9,000

EDINBURG—Damages of \$9,025 are asked by Eunis Ford, Weslaco auto dealer and garage owner, in a suit filed in district court Saturday as the outgrowth of an explosion last March 12 which destroyed a Weslaco business building and resulted in the death of a young girl. Ford filed the suit against the Chambers Range Demonstration Service, Incorporated, the Nucor Hardware Company, of Corpus Christi, listed as owner of the service, Kermit Gibson, manager of the demonstration firm, and Winston Raser, an employee. The petition charges negligence on the part of Raser in handling escape valves on two butane gas cylinders. Gas from the cylinders was escaping from the explosion. Ford, who operated his garage next to the Chambers firm, said he was deafened by the blast and ill for 30 days thereafter, in addition to losing much of his stock and equipment.

Cobb Backs GOP

Writer To Support Wendell Willkie

DENVER—(AP)—Word that Irvin S. Cobb, the writer, has pledged his support as "A life long Democrat" to Wendell Willkie, was received Friday by the Republican presidential nominee. Don R. Burton, a friend of Willkie in Bohemian Grove, Calif., telegraphed the nominee that Cobb had sent the following message to Senator Edward R. Burke (D-Neb) who recently announced he was for Willkie: "As a life-long Democrat, I regret that we have to wait from 1896 to 1940 for a presidential nominee who was named neither by party bosses nor party patronage. As a life-long Democrat, I rejoice that a real fellow Democrat has been so nominated, even though it took a Republican convention to nominate him."

CADET FLIGHT BACK TO BASE Solons See Lengthy Session Of Congress

40 Army Planes Make Trip To Valley

BROWNSVILLE—A large U. S. army air corps student flight from Kelly Field, San Antonio, returned to its base Friday night after a navigation flight here.

Forty basic combat ships, and a Douglas B-18 bomber, were in the flight with the students flying the BC-1's. The flight was in command of Captain T. Miller.

Officers accompanying the flight were: Major A. B. Pitts and the following lieutenants: H. D. Schultz, L. P. Egger, P. M. Spicer, A. P. Sights, J. H. Spangler, J. Stetson, W. W. Walmsley and L. H. Vereen.

WASHINGTON — (AP) — Taking

their cue from President Roosevelt, most members of Congress talked Saturday of combining a national political campaign with a continuous session of Congress.

"I pity anybody who proposes to adjourn with the present temper of the country," said Senator Vandenberg (R-Mich).

From the Democratic ranks, Senator George (D-Ga) predicted that the pending "excess profits" tax proposal, compulsory military training, and an assortment of defense measures would keep legislative machinery busy for many weeks.

With both major political conventions out of the way, Congress will resemble Monday after nearly a month of slight activity. First was a week recess for the Republican convention at Philadelphia and more recently the 10-day interlude for the Democratic sessions at Chicago.

One of the few dissenters, Senator Norris (Ind-Neb) said he saw "no good reason why Congress should not adjourn after we clean up the odds and ends."

Interpreting The War News

Cuba Making History

World Spotlight Shifts From War-Torn Europe, Seeking Peace Formula

By KIRKE L. SIMPSON
Amid suspense, deepened by Hitler's surrender-or-die ultimatum to England, the world's attention turns to peaceful events elsewhere of hardly less potential significance.
Another island, serene and beautiful in a new world tropical setting, is the stage for events of a nature which could go even farther to influence world destiny than the immediate fate of England.
In Cuba, the Pan-American conference is gathering in the most important meeting that the new world international family council ever held. Momentous decisions for the Americas and for the world may come from it.
Down all the years since the beginning of the dream of western hemisphere solidarity to insulate the new world against the wars and ills of the old, there has never been an hour of greater peril.
Golden Opportunity
If there was ever a golden opportunity for realization of that dream, it is now. The peaceful gathering of representatives of equal and friendly national sovereignties of the new world at Havana is bordered by a war-torn Europe, a dozen nations in Europe, great and small, slumber in the wake of the Nazi conqueror with their wreckage. England may be next.
Across the Pacific, vast and potentially powerful but utterly unprepared China struggles on against Japanese invaders and a further grim object lesson to the Americas.
Ominous echoes of the war in Europe and the chaos that must follow there, whatever the military outcome, form their own meaningful accompaniment for the Havana conference. There is a rising chorus of prediction of winter famine in Europe on a scale never before known.
Winter Of Want
A winter of want in Europe among the millions trampled by the war, many of them innocent bystanders, would have world-wide repercussions. Across the new world is a bulging storehouse of plenty, an alluring objective for an all-conquering Rome-Berlin axis alliance, already wrestling food reserves from conquered countries to feed its own armies and peoples.
The promised axis "new order" in Europe will be built on quicksand unless its authors can contrive to feed and clothe, not their armies and people alone, but the peoples in nations that have been conquered.
The form that aggression in the Americas takes—whether economic or military, or through "fifth column" machinations—is less immediately important than the certainty that it will come in some form. The Havana conference can have no serious doubt of that, for all Hitler's renewed assurances that he has no ambitions in this part of the world.
Europe Influences Meet
Day to day developments of the battle of Britain will have a strong influence on the Havana deliberations. The imminence of the danger for the Americas, if not their ultimate security, is bound up closely with the fate of Britain's fleet. What may happen within weeks or days to that fleet, or to indicate its future disposition if England herself falls, will be a matter of vital consequence to the Americas in conference assembled.
Hitler's Reichstag speech, with its pistol-point threat of utter destruction of England and her empire, gave the Havana conference and the world at least a hint of what he expects to happen. There is significance in his sardonic assertion that if England fought on, at least there would be "no Churchill" to wage the fight there and the "people left behind in London" might have a different mind about accepting the Reich's peace proffers.
In effect it says that the German all-out attack on England will drive Churchill and the British government to refuge in some other part of the British empire. Hitler clearly expects Churchill to follow the course Churchill urged on tottering France, to fall back across the sea.
War Nears New World
That would bring the war into the western hemisphere, presumably if Canada became the base of the refugee government of the British empire. Hitler asserts that he has no intention of reaching beyond Europe in the establishment of the axis "new order," but he also intimates that he planned to follow a resisting British empire government wherever it went, and to destroy it.
This is a matter of increasing concern to the Americas.
The strongest card for unity Secretary Hull has to play as representative of the United States at Havana would seem to be this: Despite a red-hot presidential campaign in this country, the rival candidates and party platforms are both pledged to the "total defense" motto, a two-ocean navy and air power to match and supplement it. That makes a collective Pan-American Monroe Doctrine of "one-for-all-and-all-for-one" nearer realization than it ever has been.

GEORGE ALLEN HONORED HERE

Valley Man Will Go To Huntington

GEORGE ALLEN

HARLINGEN — Mr. and Mrs. George Allen Saturday noon were honored with a luncheon at the Madison Hotel by the Jefferson Standard Life Insurance Company, Greensboro, N. C., for which Allen is Valley district manager.
Allen will leave Wednesday for Huntington, W. Va., where he has been transferred as branch manager for that half of the state. Allen came here more than four years ago and his division has been thriving at the rate of \$500,000 per year, according to E. Schnabel, San Antonio branch manager. Allen has been active in church, civic and charity work since his residence here. He is president of the Harlingen Optimist club, president of the Baptist Brotherhood here, secretary-treasurer of the Valley Grande Association of Life Underwriters, and chairman of the organization committee of the Boy Scout organization luncheon, Schnabel presided, and Rev. E. Douglas Carver, Lee O. Cox and M. O. Johnson spoke in praise of Allen. Other guests were D. B. Meadows, C. S. Jackson, M. B. Gore, I. B. Lee, Gene Davis, Irene Ellebrecht.
Schnabel said Allen's successor had not been named but a number of applications were under consideration. Miss Irene Ellebrecht will continue as cashier at the local office, which for the present will be directed from the San Antonio branch office.

Texans Train

Industrial Classes Enroll 500

AUSTIN — (P) — Five hundred men currently are enrolled in industrial classes in Texas for emergency defense training, State Superintendent L. A. Woods announced Saturday.
Woods said \$20,000, the first allotment of federal funds for such training, had been sent to schools participating in the program and \$60,000 had been earmarked for a second period of training. The first allotment covers a four-weeks period.
The superintendent stated the federal government was paying salaries of instructors, light and power bills, and was buying special equipment. Present enrollees are persons with at least two years experience in industrial employment.

Youth Charged With Automobile Stabbing

SAN ANGELO — (P) — Hubert Ritchie, 17-year-old Marble Falls youth, was charged with murder here in connection with the fatal stabbing Friday midnight of his brother-in-law, Leslie Terry, about 34, also of Marble Falls.
Hold as material witnesses were Ruben Ritchie of Marble Falls and James Gallagher of San Angelo. All four were riding in the same automobile when Hubert Ritchie and Terry allegedly became involved in a fight which ended in the stabbing, County Attorney Ralph Logan said.

Wallace May Resign To Run Campaign

WASHINGTON — (P) — Senator George (D-Ga) predicted Saturday that Secretary Wallace would resign soon as Secretary of Agriculture to conduct an active campaign vice-presidency.
Some speculation that Mr. Arvey Jones (D-Tex), chairman of the House agriculture committee, might be appointed to succeed Wallace, but friends of the Texan, who is on a fishing trip, questioned this. They pointed out that Jones had received a life-time appointment to a judgeship on the United States Court of Claims.

CONSUL WILL OPEN BORDER POST MONDAY

Byington Arranging Reynosa Schedule

McALEN — U. S. Vice Consul James C. Byington of Torreon, Mexico, announced Saturday that the Reynosa, Mexico consulate probably will open Monday.
Byington and his wife arrived in McAllen Friday afternoon, and the vice consul immediately began making arrangements for office space at Reynosa and conferred with Mexican immigration officials. He went to Reynosa Friday afternoon to inspect office quarters and met Mexican Immigration Chief Eduardo Ochoa Urtiz.
More Clerks Needed
Later, the young consular official went to Matamoros to confer with U. S. Consul H. W. Gotroth there in an effort to increase clerical help at the Reynosa office.
Byington said with only one clerk, the office could visa but from 10 to 20 passports a day. He wants to secure enough clerks for the issuance of 100 visas daily. The clerks, who must be able to speak and write Spanish, would be employed at Reynosa or McAllen, he indicated.
Mr. and Mrs. Byington will make their home in McAllen. They will remain here three or more months or longer, depending upon instructions from the state department, he said.
C of C Aids Work
The McAllen Chamber of Commerce foreign relations committee Saturday began compiling a list of Mexican citizens who frequently come here to aid the consul in expediting the visa work.
Byington was ordered to Reynosa from Torreon by the state department after the McAllen chamber and others requested the government to open a consular office at the border city to permit Mexican nationals to secure passports visas for visiting McAllen and other Valley cities in compliance with American immigration regulations which went into effect August 1.

US Due One Cent
Sears Head Settles Income Tax Bill
WASHINGTON — (P) — A penny was all that was left Friday of an income tax controversy between the treasury and Lessing J. Rosenwald, Philadelphia millionaire.
The treasury thought that Rosenwald, head of Sears Roebuck and Company, hadn't paid enough income tax for 1937. Rosenwald thought he paid too much.
After a few years of arguing, the treasury said Rosenwald was almost right. He was awarded \$28,173.29 in refunds, and \$4,694.99 in credits against subsequent taxes.
This left the treasury still claiming one cent, but it won't be pressed.

Prisoners Of Nazis
Ask Red Cross Help
VICHY, France — (P) — Andre Francois-Poncet, former ambassador to Italy, conferred with representatives of the International Red Cross Saturday over the care of some 1,500,000 Frenchmen taken prisoner of war by the Germans.
Francois-Poncet, who was named French delegate to the Red Cross Friday, has ordered a census of French prisoners.
Under armistice terms, Germans held by the French already have been freed, but the French need not be released until the peace treaty is signed. The Germans, however, are reported to have agreed to release members of the sanitary and medical services.

Fugitive Witness Is Found With Carnival
INDIANAPOLIS — (P) — State Police Captain Walter Eckert said Saturday a carnival photographer arrested at Claypool, Ind., had admitted being William C. McQuiston, 38, Dies committee witness charged with murder in New Orleans.
McQuiston is under indictment in the fatal shooting of Philip Carey, National Maritime Union official, in front of a New Orleans tavern last Sept. 17.
Eckert said the photographer was identified as McQuiston through a tattoo on one arm even before he admitted who he was. He said the man was undecided whether to resist extradition.

Fireboat Handy When Barge Needs Service
NEW YORK — (P) — When flames broke out in an ash-laden department of sanitation barge being towed up East River Saturday the skipper hustled the barge alongside the fireboat Firefighter, moored at the battery, and called for service.
The sea-going firemen, obliged when the ash fleet literally steamed off toward the dumping ground.

HARLINGEN — M. E. Mitchell of La Feria will be principal speaker at the meeting of the Harlingen Townsend Club to be held here Monday at 8 p.m. at city auditorium. L. A. Baker, president of the club said Saturday.

NATION RECORD IS SET BY DIARY STARTED IN 1866

STAFFORD SPRINGS, Conn. — (P) — It is almost a sure-thing bet that one of the first things Washington-Davis Graves did Saturday was to record his 93rd birthday in his diary.
Graves, a retired carpenter, has been keeping a diary since 1866, and believes that his diary jottings for 74 years constitute a national record.
Born in Bowdoinham, Me., in 1847, Graves, as a young man, made two voyages around Cape Horn in clipper ships which he helped to build. He has been a resident of this town for 70 years.

Air Squadron Goes To Puerto Rico Post

SAN ANTONIO — (P) — One hundred and thirty-seven men of the 24th Air Base Squadron were scheduled to depart from Kelly Field by special train Saturday afternoon for their new station at Boringue Field, Puerto Rico.
The detachment will embark on army transport at Charleston, S. C.

CCC Office Slated

HARLINGEN — James B. Stafford, San Antonio, vice-president of Commercial Credit Company, will open offices here at 116 East Van Buren on August 1, according to announcement Saturday.
Carl Garner will be in charge of the local office. Tracy Evans has charge of the Valley district for the company.

Suspenders Break As Wearer Atop Ladder With His Hands Full

MARISSA, Ill. — (P) — Harold Jackson claims this as the height of embarrassment: His suspenders broke while he was perched at the top of a step ladder, dropping his trousers to the ankles. To add to the blush moment, he had a blow torch in one hand, a putty knife in the other.

Two Fines Assessed In Harlingen Court

HARLINGEN — Two fines were assessed by Judge Menton Murray in corporation court here Saturday. Eddie Rocha was fined \$5 and lost a driver license stub when charged by State Highway Patrolman Ben Thomas with violating the law of the road. Arnulfo Galinda was fined \$5 on charge of using abusive language, filed by City Officer Joe Alvarez.

Willkie And Peek Discuss New Farm Program For U. S.

FORMER AAA CHIEF TELLS OF HIS PLAN

However Willkie Says He'll See Others

DOLORADO SPRINGS, Colo.—Wendell L. Willkie received a comprehensive outline of a new farm program Saturday from George Peek, former agricultural administrator, but the nominee made it plain that Peek's was only one of many suggestions he would consider in drafting the farm section of his acceptance address.

Peek, who left the New Deal administration because of his disagreement with its reciprocal trade policies, submitted a lengthy memorandum on his plan at Willkie's afternoon press conference.

Here's Farm Program

Peek, the former AAA administrator, offered this farm program: Secure protection of the American market for the American farmer.

An "American price for American commodities" should be insured independent of export or world prices.

"Active and at times aggressive government assistance will be necessary in negotiating for the disposal of surplus in foreign trade."

4. Development of new uses for farm products.

Soil Conservation Urged

5. A long range soil conservation program.

6. Farmer-owned and controlled co-operative organizations designed to reduce the price spread between the producer and consumer.

7. Continuation of commodity loans on a sound basis.

8. Retention of "desirable features" of existing farm legislation.

Willkie said he asked Peek to come here for that about farm problems because he understood the latter had a number of ideas on the subject.

Seeks Varied Views

The nominee said he was "trying to get the viewpoint of a number of people on the agricultural situation," and that he would make his own decisions later.

Willkie did express interest in one statement by Peek—that if all wealth comes from productivity, then the productivity should be placed on the production of wealth rather than on its restriction.

Peek said he thought many New Deal measures had been restrictive. Quoting a statement about the reciprocal trade treaties, the former administration official said "I never have thought they were worth a damn and I haven't changed my mind."

Willkie also received Peek's ideas on a trade program. Among other things, Peek suggested that the tariff commission be converted into an executive foreign trade board which would determine trade policy.

Thanks Demo Backers

Peek also suggested congressional approval or rejection of any trade agreements.

Prior to the luncheon conference with Peek the Republican presidential nominee expressed gratification that Irvin Cobb, Charles Fawcett of New Orleans and other Democrats and said they would support him.

"My phone hasn't stopped ringing since the Democratic convention because of the important Democrats over the country saying they will come out for me," Willkie told his press conference.

Several, Willkie added, had asked his suggestion as to when they should make their declarations.

Fisherman Wounded By Trout; Jumps In And Lands His Fish

HOLBROOK, Ariz.—Dillon Lewis vouches that the fish really were biting.

A 22-inch trout nipped him so severely he needed first aid treatment for a wounded hand. His dander up, Lewis jumped into the water, clothes and all and tossed the three pounder out onto the bank.

Texas Woman Hits Wallace Nomination

DALLAS.—Mrs. D. U. Buckner has as house guests her brother, Mr. and Mrs. H. A. Buckner and children, Richard and Carol, of Taft, California.

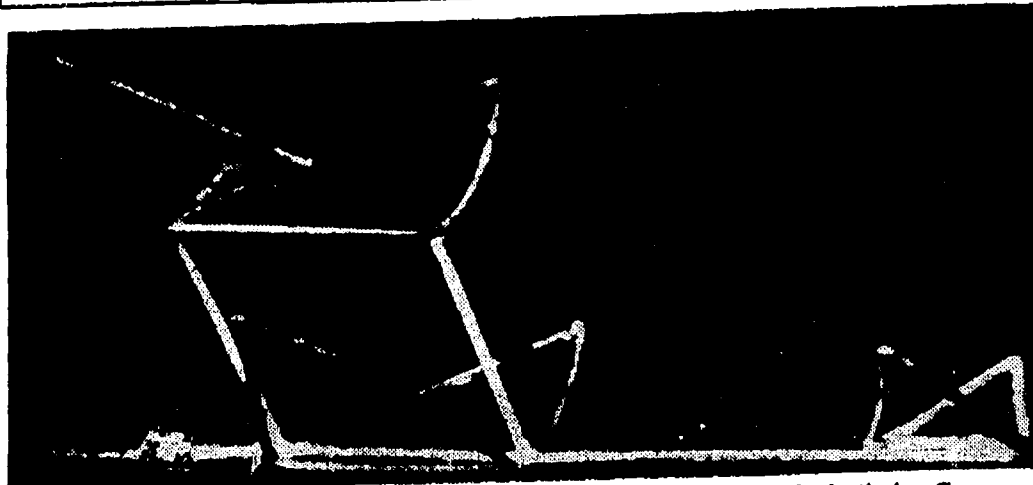

"It was awful," she said. "Simply awful."

E. B. Germany, head of the Garner-for-President movement, said he would make a statement concerning the convention sometime late Saturday.

THARR—Mr. and Mrs. D. U. Buckner have as house guests her brother, Mr. and Mrs. H. A. Buckner and children, Richard and Carol, of Taft, California.

The Latest In One Horsefly-Power

Shown above is the one fly-power, microfilm model plane recently built by Garver Murray and his Harlingen model plane club boys. The fly Saturday afternoon demonstrated his ability to drag the light plane with the transparent wings through the air, until the motor went dead. Murray and his co-workers are now studying design on a three horsefly-power job which is expected to be to the model plane field what the Stuka dive-bomber is to the combat plane field. Who knows? This may be the answer to England's quest for more powerful warplane motors. Harnessing enough horsefly power may do the job.

Brownsville To Study Passport Difficulties

Session Is Called For Tuesday Night At Chamber Of Commerce Office

BROWNSVILLE—Brownsville business and professional men and women will meet Tuesday night at the chamber of commerce building to discuss the passport situation on the border.

The session was called by George Aziz, chairman of the merchants' committee of the chamber of commerce, after the committee met Friday night with H. W. Goforth, American consul in Matamoros.

Just what has been done, what the situation is and what Brownsville people can do to help by getting proper information to the Latin American people affected, will be explained at the meeting.

One way they can help, it was suggested, is for Brownsville business or professional people who have regular customers in Matamoros to write letters of recommendation to those persons, so these letters can be presented as indications of reliability, facilitating issuance of passports to those persons.

Added Help

Mr. Goforth said that he has received from the State Department authorization for the employment of an additional clerk, and has employed the clerk. The issuance of passports is being accomplished at a faster rate every day, and the consul said he expects it to reach a total of 20 in a short time.

So far 60 passports have been issued, covering about 240 persons, since most of these are for families of several people.

The various activities of the chamber of commerce in connection with the matter were explained by President Frank L. Davis.

The first action was to appeal for a six-month period of grace in which to make the transfer. When this was refused, the chamber of commerce appealed for additional help at the consulate to facilitate issuance of the passports.

This was followed by action of the State Department in establishing a temporary consulate at Reynosa, to relieve the Matamoros consulate of the burden of issuing passports to residents of that area, and by authorization of additional help in the Matamoros office.

To Ask More Aid

An appeal for still more aid to the office in Matamoros was forwarded to Washington Saturday by the Chamber of Commerce.

Merchants at the meeting Friday night explained that Brownsville will suffer a tremendous loss in business the next four months unless the issuance of passports can be speeded up to permit crossing of a large number of the people who ordinarily come here.

It was brought out at the meeting that there are some border crossing papers now held by Mexican citizens living on both sides of the Rio Grande which are still good.

There are a few Mexican citizens residing in Mexico who have cards issued at the Brownsville office giving them a commuter's status, according to R. L. Shultz, assistant inspector in charge of immigration. They have paid their immigration fees, and have lawful residence in the United States although they still live in Mexico. The orders under which these cards were issued have been cancelled, and all but about a dozen who were issued such cards have failed to maintain their U. S. resident status.

Mexican citizens residing in the United States who have resident cards issued at the local office also can continue to use their present papers.

Others Listed

Mexican citizens residing in the United States who have immigrant identification cards issued by the American consul when they obtained their immigrant visas, or who have registry certificates issued from Washington upon application at the local office, can obtain resident cards from the immigration office here if they have a legitimate

Commission Lowers Texas' Production

AUSTIN.—(AP)—Railroad Commission engineers Saturday figured current allowable Texas oil production at 1,286,923 barrels daily or 72,477 barrels below the U. S. Bureau of Mines estimate of market demand in July.

Subtracting 38,008 barrels a day as estimated underproduction, the commission's engineering division set statewide production at approximately 1,104,855 barrels under the federal estimate.

NAVY SEEKING NEW RECRUITS

Valley Boys Told Of Requirements

HARLINGEN.—Valley youths, who have a minimum of two years of college work, have an opportunity to apply for the rank of midshipman, and later ensign in the U. S. Navy, Recruiting Officer R. A. Kern of Harlingen, announced Saturday.

The candidates are taken on a 30-day probationary cruise, and if they qualify are eligible for three months' instruction as midshipmen.

Will Receive Pay

Satisfactory completion of the three months' course of instruction will qualify the midshipman for a commission of ensign in the U. S. naval reserve.

While taking the midshipman's course, he will be paid at the regular midshipman's rate of \$120 a year with a 75-cent daily ration allowance.

Must Be Native Born

Applicants must be native born, with at least two years of college, age limit 19 to 26, be of good repute and be able to pass a physical examination.

Urging interested Valley youths to contact him immediately, Officer Kern pointed out that the appointments are likely to be open only for several weeks.

Robert Dell, Nation Correspondent, Dies

NEW YORK.—(AP)—Robert Dell, 75, for 20 years the Paris and Geneva correspondent of the Nation, died Saturday in the Hotel Brevoort after an illness of two months.

Jones Is Backed

TAYLOR.—(AP)—The District Co-operative Ginners Association here Saturday endorsed Rep. Marvin Jones (D-Tex.) for Secretary of Agriculture if Secretary Wallace, Democratic vice presidential candidate, resigns or is elected.

CAMERON HAS 194 BALLOTS

Absentee Vote About Normal

BROWNSVILLE.—Cameron county voters had cast 194 absentee ballots for the July 27 primary, shortly after noon Saturday, according to deputies in Cameron County Clerk H. D. Sengo's office at the courthouse in Brownsville.

Absentee ballots may be cast through July 24 for the primary, and Mr. Sengo's office will remain open for that purpose until midnight Wednesday, the last day, deputies said.

Persons who will be out of the county on the election day, and those who are sick or physically disabled and thus unable to go to the polls on election day, may cast absentee ballots.

Knox Sees Army

Congress To Approve US Conscription

MANCHESTER, N. H.—(AP)—Secretary of the Navy Frank Knox said Saturday that "the country as a whole is urgently demanding some form of compulsory military training" and that there is "every prospect" that congress would approve such a program when it reassembled.

Here to spend the week-end with Mrs. Knox at their summer home, the colonel said such procedure was the only Democratic way for a Democracy "to organize its defenses so that the burden falls equally on rich and poor alike."

Legislation providing for compulsory military service would come up as soon as congress reassembled, he added.

Mexico Mining Firm Enters Labor Plea

MEXICO CITY.—(AP)—The Cananea Copper Company of Sonora state filed a petition with the federal labor board Saturday to declare the four-month-old strike of its 1,200 employees nonexistent, or in effect, to order the strikers to return to work.

The company urged that its petition should be accepted on the grounds that the firm is economically unable to grant the workers' demands for higher wages.

Shrinking Mystery Is Solved

PHILADELPHIA.—(AP)—Detectives gleefully claimed Saturday a solution to the six-year mystery of the "shrinking suits" which they said cost the nation's clothing makers at least \$200,000.

For years manufacturers puzzled over why trouser legs galled up and topsuits suddenly became a size smaller at little more than a sign of rain.

The answer came, said Captain Richard Doyle of the labor squad, with the arrest of three men, one the operator of a sponging plant which shrinks suiting for clothing makers from all parts of the country.

The detective said his investigators found the "shrinking" had been done "with a scissors, not a sponge," and that \$5,000 worth of cloth had been recovered in a south Philadelphia home.

Doyle explained that the operator, instead of shrinking the cloth merely snipped three yards—the normal shrinkage of sponging—from the end of each bolt and sent the rest back to the manufacturer.

Another man relayed the odds and ends to a third, who sold them to small tailors.

He was six feet and three inches in height.

Blakemore returned home. For a year he practiced a deliberate "slump" before the mirror until the slump "came natural." The slump took an inch and a half off his height.

Next week, he enters the final 10 weeks of his air training at Kelly Field, San Antonio.

Reticent Cherokee Tribe Ends Ancient Fire Dance

Din Of Tom-Toms And Songs Of Nighthawk Clan Heard As Rite Enacted

GORE, Okla.—(AP)—Saturday's dawn brought an end to the fire dance of the Kee-Too-Wahs, shy, reticent Cherokee tribesmen who live deep in the wooded Cookson Hills.

The din of tom-toms and the ancient songs of this nighthawk clan had reverberated through the hills since Friday morning, reaching a fevered pitch as night fell.

Dancing and chanting in supplications to their Fire Gods, the Kee-Too-Wahs, inventor of the Cherokee alphabet, and to John Redbird Smith, modern hero of the clan, the Kee-Too-Wahs enacted their mystic rite for the 112th known time.

Abkize in a secluded grove were the ever-burning seven sacred fires. Legend says the Cherokee had seven sainted priests when they were driven from Georgia over the "Trail of Tears" more than a century ago. The first high priest went up into the mountains and there communed with a heavenly spirit, who lit his sacred fire and named the clan "Kee-Too-Wah," or "Nighthawks." Each priest followed until there were seven fires and a complete creed to be taken into the Cherokee's new hunting ground.

It is around these same sacred flames, say the Kee-Too-Wahs, that the clan gathers for its annual meetings.

Although the members of the clan are strongly opposed to the white man's civilization, a few neighbors were permitted to watch the copper-skinned celebrants sway to the savage rhythm, flinging their heads backward and bowing earthward in praise of their gods.

COST OF FOOD SEEN ON HIKE

Living Costs Climb As Result Now

NEW YORK.—(AP)—A 1.4 per cent increase in the cost of food was responsible largely for a rise of 0.5 per cent in wage earners' living costs in June, the National Industrial Conference Board reported Saturday. The board is a research organization supported largely by industry.

Food prices, said the report, reached the highest level since July 1938, were 4.9 per cent above those in June a year ago and 33.7 per cent above the depression low of March, 1933.

The dollar's purchasing value, as against 700 cents in 1923, was 115.7 cents last month.

Clothing prices and sundries remained unchanged from May. June, said the report, which stated rents and coal prices each rose 0.1 per cent in June.

Dr. R. M. McRill, Optometrist, In Valley 18 Years

McALLEN.—Dr. R. M. McRill, optometrist, is now celebrating his 18th anniversary in McAllen, having maintained offices here since moving from Oklahoma in 1922.

An "eye-sight specialist," Dr. McRill has been fitting glasses for 32 years, holding a license in optometry by standard examination in Kansas, Oklahoma and Texas. He has been a member of the Better Vision Institute for nine years, of the International Optical League for 22 years, and has been attending state and national clinics and congresses of optometrists since 1914 in order to give his patients the advantage of the latest developments in this field.

Dr. McRill returned recently from the national convention, Congress and Clinic of Optometry held in Cincinnati, Ohio, June 21 through July 1.

In his offices in McAllen, Dr. McRill has the finest and most modern equipment for examining eyes and for prescribing and fitting lenses and mountings. Some of the lenses and mountings now being fitted by Dr. McRill were introduced for the first time at the national congress which he attended this summer in Cincinnati.—(Adv.)

To The Voters Of Cameron County

Again I want to apologize to those of you that I have been unable to call on personally to solicit your vote, but wish to assure you that I do want your vote and support in my race for Sheriff of Cameron County.

I have heard "rumors," in some parts of the county, in regards to my intentions if elected, and as those reports do not coincide with my own, I wish to take this opportunity to straighten it out.

I expect to uphold the dignity of the office, and give Cameron County an honest administration; also, I will see that the best deputies for the various communities to be served will be available, also see that they attend to their duties as officers, and not allow them to put in too much time campaigning at the expense of the taxpayers, because after all, the taxpayer is the real boss of the County, and when you spend too much of the Boss' money, he sometimes does not like it and shows his disapproval.

I hope you will go to the Polls on July 27, and show by your vote that you are my kind of people.

I thank you.

(PAID POLITICAL ADV.)

TOM J. MORRISON OF COMBES, TEXAS

First, let me say that I did not announce for the office of "Deputy Sheriff" of Cameron County as I have no fight with them. Most of them are fine, upright, efficient officers that any "Sheriff" should be proud of, but while we are on the subject, I would like for you to know that there are a few who have had a very weak line of "Merchandise" to offer, such as the following: (quote) Well there may have been some irregularities in the "office" in times gone by, but that has all been straightened out and everything is on the up and up now; also there is this to consider—If the present Sheriff should be defeated, what will become of me? I may lose my job and that would not do, as I surely do need it.—(end of quote.)

In other words, the honest, upright citizens of Cameron County must tolerate the present administration so that some deputy may draw a regular salary.

Folks, that may appeal to your sympathetic nature, but to me it sounds like pretty "Weak Tea".

Now, while we are on the subject, let's talk a little more about Deputies. It seems to be an ancient and honored (not honorable) custom to put on quite a few Deputies just before election and then fire them after the Primaries are over. Also I noticed in

a local paper of recent date where the Sheriff Department is putting on (one hundred) new "Pistol Toters" to combat Fifth Column activities. If there are any such activities, they should be investigated to the fullest extent of the law, but the article to me smells slightly of Pre-election gestures, as I do not know of a Red Blooded American Citizen who needs a "Commission" in order to report to the F. B. I. or other law enforcing agencies anything that he or she thinks is absolutely not on the level. In fact, the President of the United States only recently appealed to the Citizens of our Country that they are not to get hysterical and try to take the law in their own hands, but to report any subversive activities to the proper authorities and to that I say "Amen", as I have implicit faith in our President.

If elected—I want to run the Sheriff's office as a business—as it is a business that belongs to the people of Cameron County, and does not belong to a certain Ring or Clique of "Political Tycoons" who have various "political axes" to grind, "axes" that would be for personal gain of a chosen few, but not for the benefit of the people as a whole. No, good people, that office belongs to the Taxpayers of the entire County,

not just a few of the "teacher's pets".

I expect to uphold the dignity of the office, and give Cameron County an honest administration; also, I will see that the best deputies for the various communities to be served will be available, also see that they attend to their duties as officers, and not allow them to put in too much time campaigning at the expense of the taxpayers, because after all, the taxpayer is the real boss of the County, and when you spend too much of the Boss' money, he sometimes does not like it and shows his disapproval.

Revolta Holds Slim Lead In Chicago Open

Guldahl Is Hanging On In Second

Amateurs Putting Up Battle

By EARL HILLIGAN

CHICAGO (AP)—Curly-haired Johnny Revolta, long one of the finest short-iron artists in the game, demonstrated his wizardry Saturday with a three-under-par 69 performance which gave him a 36-hole total of 136 strokes—and the leadership of the \$5,000 Chicago Open Golf championship at the half-way point.

The 29-year-old professional from Evanston, Ill., who had a fine line under par 67 Friday, gave a brilliant exhibition of chip and explosion shots in four of his five birdies as he went out in 36, even par, and came home in 33, three under regulation figures.

In second place as the tourney headed for Sunday's 36-hole final was Ralph Guldahl, two-time winner of the National Open. He came in with a blazing 34-68, for a 36-hole total of 137.

The amateur contingent were still in there "pitching." Jim Frier, Open and Amateur champion of Australia, who led the field Friday with a 66, came in Saturday with a 73 for a 139 total which led the simon-pure entries.

Also in the 139 bracket was Dick Metz, Chicago professional. In the 141 division were amateurs Wilford Wehrle of the home club, and Willie Turney, former National Amateur title-holder.

Jim Foulis, Chicago, and Al Huske, De Kalb, Ill., were in the 142 bracket, with a Chicago professional, Bob McDonald, and Ben Hogan of New York, at 143. Among the equals of par of 144 were Ed Oliver, Harry Cooper and Gene Sarazen.

Lawson Little, who had a 73 Friday, equaled par Saturday for a 145 total. Sam Sneed could do no better than a 75 Saturday for a 36-hole total of 148. This put him well within the group of some 75 players who qualified for the finals but far away from a reasonable chance of copying the first prize money of \$1,500.

Now You Tell One-

Superstition Rampant

LONDON—(P)—An R. A. F. pilot made his own coat of arms, defying superstitions with sketches of a broken mirror, three cigarettes lit with one match, a person walking under a ladder and the number 13.

For three cigarettes lit with one match, a person walking under a ladder and the number 13. He's had good luck so far.

Those Hitch Hikers!

MEMPHIS, Tenn.—(P)—One hitch hiker had a busy day. He kept his thumb working as a funeral procession went past. He even signaled the hearse.

'Little Brother' Is 79

SHEPHERDSTOWN, W. Va.—(P)—Shepherdstown has four brothers and sisters whose combined ages total 342 years. They are Mrs. Betty Rench, 90; Ed Licklider, 87; Miss Anna Licklider, 86; and Will Licklider, who shortly will be 79.

Love Conquers All

ROSELLE PARK, N. J.—(P)—Deprived of her kittens, the pet cat of Mr. and Mrs. John Fehrenbacher timidly showed up at the house with a baby

rabbit in her mouth. When there were no signs of objection, she disappeared into nearby woods and returned with three more young rabbits.

The First 100 Years

Not At All Hard

MEMPHIS, Tenn.—(P)—Born 100 years ago in Williamson, N. C., Joe Hoggis still tends his own vegetable garden and raises poultry.

Joe and Mrs. Hoggis have been married 68 years—"with never a cross word," he adds. And he boasts: "I've never smoked nor drank, chewed tobacco, dipped snuff, cursed or got convicted in a court of law."

Shop For A Hat

And Forget The War

MEMPHIS, Tenn.—(P)—Judge Camille Kelley of juvenile court suggests two ways for women to get their minds off war. Says she:

"Get interested in some youngster who needs help."

"Go down town and look at hats."

Of Mice And Women

RICHMOND, Va.—(P)—Mrs. Louise Pittman, police switchboard operator, yelled for police when she saw a mouse on the board. Cops failed to dislodge it by brute force, de-

fectives failed with stealth.

When Mrs. Oia Sharp, night operator, came on duty she called indignantly to detective headquarters:

"Who put this stuffed mouse on my board?"

"Lady, he is very much alive."

S.W.-I.S.-H went Mrs. Sharp's floor. Detectives said the rodent died of a blow inflicted by a blunt instrument.

The Rover Boys

In A Predicament

CHARLES CITY, Va.—(P)—When Edward and Walter Major, twin brothers, started to school, Rover, a collie pup, followed them.

This year, when the boys got their high school diplomas, Rover was waiting in his accustomed place at the door. He has been a regular attendant for years and is going to be a sad dog unless Mr. Major makes provision for three to go to college next fall.

Eye To Business

MANCHESTER, England—(P)—A bungalow dweller in a southeast England town charged his neighbors and friends a penny each to look down a crater made in his garden by a German air-raid bomb.

WHAT! NO CARS

ON MAIN STEM

TO BLOCK WAY

AUSTIN—(P)—Cities without a single motor vehicle parked on streets were envisioned here Friday by O. H. Koch, Dallas consulting engineer.

Addressing a conference of southwest traffic engineers, Koch suggested the time may come when cities will set aside a strip of land, perhaps 100 feet wide, in the center of each block or alternate blocks for parking purposes.

These would give 50 per cent more traffic movement on streets by eliminating parking lanes and triple the number of cars now parked around a given block, he asserted.

Cotton Gin Trash Inspection Seen

FIRST PESTS LOCATED IN AREA'S CROP

Infestation Thought Lighter Now

McALLEN—With the disclosure last week of the first 1940 pink boll worm infestation of mature cotton in southern Cameron county, gin trash inspection for the other three Valley counties was scheduled to get under way this week to determine possible further extent of the cotton pest's ravages.

Evidences of the infestation in southern Cameron, where last year approximately 30,000 acres of cotton stalks were destroyed in a special federal clean-up program, were discovered at a gin in San Benito on the first day's operation of the gin trash machine. The cotton is from the fields infested last year.

Infestation Is Lighter

Pink boll worm officials said Saturday they were not prepared to estimate what the extent of the infestation was other than that it apparently is lighter at this time this year than it was at the approximate period last year, due, they explained, to the installation of gin trash machines with the initial processing of the crop.

The worm's depredations increase in intensity with the age of the cotton which, as it ages, produces additional generations of the pest.

To date there has been no attempt to find the maximum number of worms. F. I. Jeffrey, assistant chief of the pink boll worm control project in the Valley, said. The gin trash inspections are more in the nature of a random test on cotton picked from various fields to determine how widely scattered the infestation might be rather than to ascertain its intensity at a given time.

Some Fields Heavy

The gin trash inspections revealed conditions which had been unearthed by the bloom inspection and in the earlier stages of the crop's maturity by the field inspection conducted by the research division of the department of agriculture. The research unit, working primarily in southern Cameron, revealed some fields with as high as 12 per cent infestation which is a relatively heavy infestation at this time of the year, Jeffrey explained. Since the infestation by nature is progressive, the percentage will increase in proportion to the age of the cotton.

No field inspections were made in Hidalgo, Starr or Willacy counties which were examined during the bloom inspection.

Canada For U. S.

Hitler Charged With 'Fantastic Plan'

LONDON—(P)—The London Sketch, in its "Inside Information" column, said Saturday that one of the things Adolf Hitler failed to mention in his speech was a "fantastic plan to offer Canada to the United States which Ribbentrop (German foreign minister) conceived and is having circulated tentatively in Washington."

The paper added that by this plan, which it said had been communicated to leading propagandists in the United States, "Hitler will give a solemn pledge not to interfere in the Americas after proof of his sincerity he would agree to the incorporation of Canada."

Convicts Caught

Dead End Street Aid In Capture

ST. JOSEPH, Mo.—(P)—Two bursts of gunfire in the Sunday school room of a church and a baffling dead end street brought about the recapture of two escaped Iowa convicts who had robbed a bank, then kidnapped motorists, stolen cars and fought pistol battles in panic-stricken flight.

One convict, Lowell Haenze, 27, of Sleepy Eye, Minn., slumped to the floor of the church at Marysville, Kan., Friday with bullet wounds in his legs after he was beaten to the draw by Leo Schramm, assistant city marshal of the northeast Kansas town.

The other convict, Ivan Sullivan, 29, was so confused Saturday at Atchison, Kan., by a dead end street that he jumped from his stolen automobile as a pursuing officer fired at him, made his slow way across the Missouri river into Missouri where two highway officers pounced on him.

Van Zeeland Arrives In U. S. From Horta

HAMILTON, Bermuda—(P)—Dr. Paul Van Zeeland, former Belgian premier, arrived Saturday from Horta on his way to New York. He told reporters he was "not in a position to say anything."

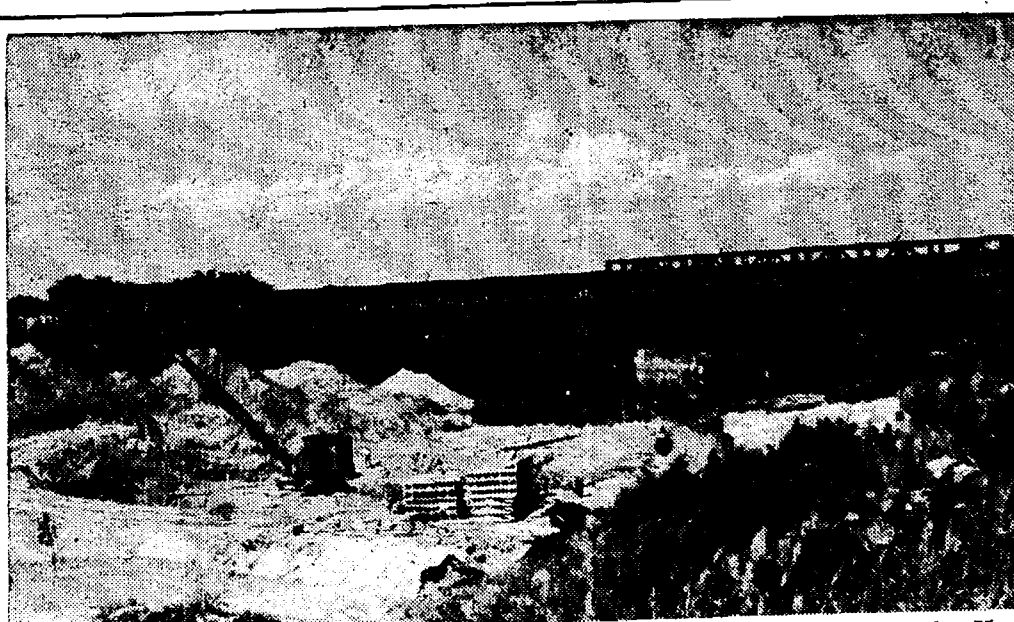

RETURN TO TULSA

WESLACO—Mrs. V. B. Westover and Miss Mary Brown, who left Thursday night for Tulsa, have been visiting in the home of Mrs. Westover's sister and family. Mr. and Mrs. Fred Rogers and also, has been a guest of her niece, Mrs. Ray Cassidy and Mr. Cassidy in Edcouch.

BARBECUE IS STAGED

McALLEN—Local American Legion Post members, their families, and members of the Fourth of July celebration committees, attended a barbecue at Legion Park Friday evening.

DONNA—Frederick W. Sanborn of Denver, Colo., E. T. McDowell, Mrs. E. W. McDowell and son, Sanborn McDowell of San Antonio, are visiting their cousins, the Walter G. Weaver family in Donna.

Shock Proves Fatal To Ice Dock Worker

DENVER CITY—(P)—Gus E. Bowles, 24, was shocked to death Saturday morning when he caught an extension cord at a Denver City ice house.

The cord carried only 110 volts, but Bowles, dock worker, was standing in water.

Despite artificial respiration, Bowles was dead when dislodged from the wire.

CLUB MEETING CALLED

HARLINGEN—The North Harlingen 4-H Club will meet Tuesday afternoon at the home of Mrs. Harry Wendt, officials said Saturday, and urged all members to be present.

Cop Quits Traffic To Rush To Rescue Of Stuffed Animal

SEASIDE, Ore.—(P)—Patrolman Albert Henshaw abandoned a traffic snarl and hastened to rescue a bull wedged in a crate and apparently dying.

"Do you mean to keep that creature boxed up like that?" he demanded of the owner.

"I certainly do," the owner replied. Henshaw threatened humane society action but the owner assured him it wouldn't be necessary.

The life-like bull was a stuffed subject used by a photographer.

WARNING SET ON ORDINANCE

Sanitary Rules To Be Enforced

HARLINGEN—Sanitary plumbing ordinance passed some time ago was publicized here Saturday by leaflets, which outlined provisions and penalties for violation of the regulations concerning out-door open toilets after the September 15 deadline.

Fine for not connecting toilets to the city sewer system by September 15 ranges from \$10 to \$50. In connection with enforcement of this ordinance, the city has suspended the \$10 sewer tap fee ordinarily charged when the system is tapped for residences.

Commissioners pointed out some time ago that numerous surface toilets not connected with the sewer or septic tanks constituted a hazard to the public health.

Nickel Is Found

Arizona Deposit Is Nation's Tops

PHOENIX, Ariz.—(P)—The nation's most important nickel deposit has been discovered in a remote section of northwestern Arizona near Littlefield, W. J. Graham, secretary of the Arizona Mineral Resources Board, declared Saturday.

Surface samples, Graham asserted, reveal a nickel content of .68 of one per cent with a by-product of platinum running from \$1.50 to \$3.50 per ton. There also is a small copper content, he added.

Nickel, a strategic mineral used in alloys, is imported for the most part from Canada, which is responsible for about 85 to 90 per cent of world production.

Texas Fared Lost In Wyoming Canyon

BASIN, Wyo.—(P)—Under Sheriff William Barnett and eight CCC men from the Basin camp searched Saturday in Trapper Canyon for Henry Bailey, 34, of Toiyah, Texas.

George Benedict of Greybull, Wyo., reported Friday night that Bailey was lost while the two were fishing.

Benedict told Sheriff Don C. Parkin that they separated, met again at an appointed spot, but that the Texan did not appear. A brief search did not locate him.

New Yorker Cleared Of Un-Americanism

WASHINGTON—(P)—Representative Dempsey (D-NY) said Saturday that a House subcommittee had cleared Carl Boyer, New York publicist, of "charges of un-American activities."

In a telegram to Chairman Dies of the House committee investigating un-American activities, Dempsey recommended that it adopt a resolution "covering a full exoneration."

Appointed

Fred C. Keeney, Weslaco, (above) son of Mrs. Lola C. Keeney, Weslaco, was admitted to the United States Naval Academy at Annapolis, Md., on July 10, for a six year term. Keeney was an honor graduate from Weslaco high school in 1939, and had attended Texas A. and M. College one year. Keeney was born in New York and came to Weslaco with his parents in 1932.

BACK FROM MISSOURI

SAN JUAN—Mrs. M. E. Zinn has returned home from a visit with relatives in Missouri.

DEATH PROBE DUE MONDAY

McAllen Woman Dies Friday Night

McALLEN—Assistant District Attorney Hollis Rankin will conduct an investigation Monday morning into the death Friday night of Mrs. Elsie Johnson, 50, who has been living here for about two weeks.

Rankin told McAllen Police Officer Richard Bales he would take statements from relatives Monday at the police office.

Mrs. Johnson was taken to City Hospital about 5:30 p.m. Friday by a Martin-Nelson ambulance after an emergency call was turned in by a neighbor. Police said a bottle of disinfectant was lying on the floor by her bed.

She died about midnight. Funeral services will be held at Stafford, Kan., where the body was forwarded by the Kreidler Funeral Home.

Mrs. Wayne A. Hartnett is the only relative living in McAllen.

Hearing Is Ordered After Auto Mishap

McALLEN—Fernando Garza and E. E. Phelps were cited to appear for a hearing before City Judge C. D. Martin Monday morning concerning a collision in which their autos figured Friday night. City Patrolman Richard Bales said Saturday.

Autos driven by the two men collided at the intersection of South Seventeenth Street and Austin Avenue.

REELÉCT JOE P. HATCHITT YOUR DISTRICT ATTORNEY

Pledging a continuation of the vigorous prosecution of organized racketeers and other criminals that characterized his administration, District Attorney Joe P. Hatchitt is seeking re-election to the office of District Attorney on the basis of the work he has done in the past.

Joe P. Hatchitt pointed out that he has obtained 299 convictions in Cameron County as against 4 acquittals. The last Grand Jury unanimously passed a resolution commending the District Attorney's office for the efficient manner in which all cases were handled and presented.

"Numerous law enforcement officers have commended Joe P. Hatchitt and his staff on the excellent cooperation the District Attorney's office has given in the enforcement of the law and suppression of crime."

"My office has taken a fair impartial stand on all matters that has come before us; Hatchitt declared.

"I have never compromised with crime and do not intend to do so—that is the reason that organized racketeers are fighting me so; Hatchitt declared," but as long as I am your district attorney there will be no blackout law or order in this district."

YOU'LL FIND IT In HARLINGEN

The Merchant's Committee of the Harlingen Chamber of Commerce has always advocated that you trade first in your own home town—regardless of where you live. This committee realizes that your patronage should go, whenever possible, to your home-town merchant first.

IF, however, your local merchant in your own home town does not stock the type nor quality merchandise that you need, the Merchant's Committee is glad to point out that you will be able to find the merchandise you desire in Harlingen. Harlingen merchants are courteous, and their prices are "right in line." . . . but more than anything else, they're proud of the reputation their complete stocks have given them—"YOU CAN FIND IT IN HARLINGEN."

FRIDAY Mrs. Joe LeBow will assist at the McAllen Child's Clinic.

Informal Summertime Events Held

City Of Palms Women Entertain

McALLEN—McAllen hostesses defied the summer's heat last week by entertaining groups of their friends at small, informal affairs.

Marked by an atmosphere of informality, in keeping with the lassitude caused by the temperatures, the parties were for the most part small gatherings of intimate friends or entertainment for clubs.

Yellow and white combined with summertime coolness to form the table decoration Thursday when Mrs. R. L. White entertained her bridge club with luncheon at the Casa de Palmas Hotel.

Mrs. J. Edelstein was the only out-of-club guest. Members were Mrs. Hoyt Perry, Mrs. Lyle Talbot, Mrs. J. R. Glasscock, Mrs. Frank Crow, Mrs. Nile Esrey and Mrs. H. H. Hensley.

MRS. ANNE-JO JONES IS LUNCHEON HOSTESS

Most informal was the luncheon party Mrs. Anne Jo Jones gave Thursday in the tricky little summer cottage at the rear of her new home.

During the afternoon the following guests played "garbage." Mrs. N. E. Buescher, Mrs. Lee Hart, Mrs. E. B. Darby, Mrs. J. D. Lauck, Mrs. E. R. Russell, Mrs. C. A. Marshall, Mrs. Bill Harris and Mrs. Charles Holland.

MRS. LEE HART WINS HIGH SCORE CLUB PRIZE

Mrs. Lee Hart won the high score prize for the Wednesday Bridge club, meeting for luncheon at the Casa de Palmas Hotel this week.

Mrs. Gene Darby of Pharr was hostess.

Others present were: Mrs. C. A. Marshall, Mrs. N. E. Buescher, Mrs. J. D. Lauck, Mrs. L. A. Buescher, Mrs. Charles Holland and Mrs. D. C. Perkins, members with guests, Mrs. G. Aubrey Thomas, Mrs. Bryce Ferguson, Mrs. Mitchell Darby of Lockhart and Mrs. Marion Kuntz of Edna.

E. N. CATLETTS ARE HOSTS FOR BRIDGE CLUB

Mr. and Mrs. E. N. Catlett entertained the Ace-High Bridge club Thursday night for dinner at their home.

Winners of high score were Mr. and Mrs. A. Bonneau.

The members present were Mr. and Mrs. Homer Isenberg and Mr. and Mrs. A. Bonneau with Mr. and Mrs. Aubrey Thomas as guests.

New Officers Are Elected By Auxiliary

ALAMO—Officers for the coming year were elected at the regular meeting of the American Legion Auxiliary at the home of Mr. and Mrs. A. E. Elliott, this week.

Saterlee was re-elected as president; Mrs. Fred Davis as vice president; Mrs. Art Hagen, secretary; Mrs. Dreike, first vice president; Mrs. Elliott, second vice president; Mrs. Clement Williams, historian; Mrs. Grant Montgomery, chaplain; Mrs. VanDenBark, pianist. The executive committee includes Mrs. Albert Sell and Mrs. Arthur Kautsch.

A picnic supper was planned for August 11 at Cascade pool. Delegates to the state convention at Laredo August 17-20, were appointed. They are Mesdames A. E. Elliott, A. C. Hagin, and Arthur Kautsch.

Refreshments were served to 25.

E. H. Bresett, son of Mr. and Mrs. Carl Bresett, celebrated his fourth birthday on Thursday. The following playmates were invited to play during the morning hours and have picnic lunch: Barbara Knapp, Spencer Knapp, Charles Davis, Marion Davis, and Wayne Bresett.

The regular meeting of the Community Church Ladies Aid was especially interesting this week when the program arranged by Mrs. M. A. Travis was given entirely by the young ladies of the community.

Glenn Manning read a Psalm and prayer followed by two piano duets by Betty Burkhardt and Shirley Ward. Mary Elizabeth Bolling of Harr reviewed the book "Pilgrim's Progress."

A violin arrangement of "Santa Lucia" was played by Betty Jo Watts accompanied by her mother Mrs. D. M. Watts. Cold watermelon was served to 44.

Predictions Made In 1449 Heard By Baptist Group

McALLEN—In monthly session the Fidelis Matrons' class of the First Baptist church were luncheon guests of Mrs. C. H. Arnold at her home Wednesday.

To feature the program Mrs. Paul T. Vickers read a poem, "The Future Disclosed," written in 1449, forecasting many events which have happened and are continuing to happen at the present.

In the absence of Mrs. B. D. Kimbrough, president, Mrs. John L. Bryan conducted the short business session which preceded the luncheon.

Members present were Mrs. Ward Timlin, Mrs. Irene Peebles, Mrs. Ray Fyler, Mrs. Herbert Hamilton, Mrs. A. House, Mrs. E. M. Jones, Mrs. T. W. Kelly, Mrs. Marvin Taylor, Mrs. Henry Whittenburg, Mrs. D. F. Batis, Mrs. Granger Smith, Mrs. Frank Henderson, Mrs. Vickers and Mrs. Bryan.

Summer Is Fun

(FOR PICTURES SEE PAGE ONE)

Soaring mercury fails to lower the spirits of energetic Valley girls caught by the cameraman during the past week enthusiastically enjoying outings and games. Some of the shots he made are presented on the first page of this section.

On their bicycle built for two, brunettes Misses Martha and Mary Epperson of McAllen, (pictured at top left) halted just long enough for one shot and then wheeled merrily away. A couple of popular high school girls, they are, left to right, Martha and Mary. (We know, because we asked; few persons can tell them apart.) (Monitor Staff Photo)

Far less energetic, at least when the camera clicked, (pictured at top right) were Misses Betty Burdette (left) and Barbara Ruth Green (right), both of Harlingen, who found the romantic view at Lake Olmito excuse for dawdling. Miss Burdette, daughter of Mr. and Mrs. G. I. Burdette of Harlingen, will return to Agnes Scott College at Atlanta, Ga., in the autumn and Miss Green, daughter of Dr. and Mrs. J. M. Green, will continue classes at Mary Hardin-Baylor, Belton.

The first victim in the middle row exhibits in her swinging stroke reflects the eagerness with which many young matrons and girls are turning to this sport. Summer finds no slackening in interest.

Water is the perfect background for an outing whether the sport is swimming or boating or both, in the opinion of Miss Florence Ellen Cowgill (shown seated left in boat in center picture) and Miss Mary Frances Seago, Brownsville (right). Miss Cowgill has completed her first year at Our Lady of the Lake, San Antonio. She is the daughter of Mr. and Mrs. S. Paul Cowgill. Miss Seago, daughter of Mr. and Mrs. H. D. Seago, attends the University of Texas and is a member of Tri Delta sorority.

Hostess and house guest enjoy a little light exercise at ping pong, third picture, middle row, in which are presented Miss Jamie Lee Green and Miss Sunbeam Northrup of Columbus, Texas.

They are shown again in the picture at lower left relaxing after a game in the midul garden at the Green home. Pictured left to right are Miss Green, Miss Kay Cooper of Hope, Arkansas, Miss Cooper's hostess, Miss Mary Lee Konikowsky, and Miss Northrup. The four are former classmates at Mary Hardin-Baylor College.

A picnic party on the shady bank of Lake Olmito made a gay group picture presented at the lower right. Pictured, left to right, are Misses Betty Burdette, Harlingen; Peggy Sappington, Virginia Runyon, and Mary Frances Seago, Brownsville; Dorothy Ann Prentiss, Betty Bohner, Florence Ellen Cowgill, and Frances Hulsey, San Benito; Miss Doris McKay, Brownsville; and Miss Barbara Ruth Green, Harlingen.

Miss Sappington, daughter of Col. and Mrs. Sappington, is leaving with them for the Philippine Islands October 8. Miss Runyon, daughter of Mr. and Mrs. Robert Runyon, will return to Austin in the fall to complete a few hours of work required for a degree from the University of Texas. Miss McKay, a Tri Delta, will begin her senior year at Southwestern University, Georgetown, in the autumn. She is the daughter of Mr. and Mrs. H. P. McKay.

Misses Prentiss, Bohner and Hulsey attended Brownsville Junior College the past year and will continue study in the fall in different colleges.

Elsewhere in the house colorful summer flowers were used which tones made an effective combination with the bevy of summer colored frocks the guests wore.

When coffee was served, guests gathered on the porch where Miss Ruth Griffin and Miss Gloria Izaguirre presented the bride with a basket of kitchen pieces as a shower from the gathering.

Present were Misses Griffin, Izaguirre, Verlyn Bonner, Mildred Card, Jean Kelly.

Mesdames Jack Parker, J. B. Ashcraft, Maynard Kreidler, Harry Kreisler, Jeanette Pridg, F. M. Robinson, Martin Russo, Bob Abbott, R. L. Bounds, N. E. Buescher, A. A. Bonneau, J. H. Faust, George Gady, Charles Holland.

Mesdames Frank Freeland, Jack Howell, Tom Vessels, Ray Losh, W. L. Lipscomb, D. C. Clossner, T. W. Mahone, R. L. Marston, W. H. Moon, P. D. Moore, J. E. Pate, Jack Kidd, D. C. Perkins, Marion Kuntz, Charles Starling, H. L. Smith, G. Aubrey Thomas, A. F. Vannoy, J. E. Wilkins, Kent Manning, C. A. Marshall, R. L. White, T. W. Kelly, F. D. Thornton, Frank Matthews, John Griffin, Edward Womack and Joe Gallagher.

McALLEN—The first of the round of pre-nuptial parties, slated to honor Miss Elizabeth Griffin who will be married to J. C. Monk August 10 at the Sacred Heart Catholic Church was given Thursday morning by two of her family's oldest friends, Mrs. T. J. Powell and Mrs. John Gatling at the former's home.

The lovely bride-to-be is the only daughter of Mr. and Mrs. H. P. Griffin, long time McAllen residents, and the groom-elect, a former Dallas man, now living in McAllen.

Their wedding will take place at 7:30 p. m. August 10.

Talisman roses in a large silver bowl highlighted the coffee table whose attractive appointments were silver and crystal. Mrs. Griffin and Mrs. Harry Lee Smith poured with Mrs. A. A. Bonneau and Mrs. Tom Vessels, Jr., assisting.

Going Away Party Given In Weslaco

WESLACO—A charming courtesy for the younger set of Weslaco was given by Miss Tommie Gene Rives Thursday honoring Miss Virginia Ransom with a lovely luncheon and handkerchief shower. The event was planned as a going away compliment.

The dining table held an unusual arrangement of water lilies in lavender and blue with cat tails as the background, a delightful accent on coolness in a summer setting.

Guests were Misses Catherine Farina, Ruth Miller, Katie Rogers, Grace Dixon, Margaret Ann Mitchell, Phyllis Hufty, Millicent Yoder, Betty Comper, Robbie Jane McCants and Margaret Godfrey. Mrs. D. E. Ransom and Mrs. Thoms F. Rives.

The shower gifts were presented to Miss Ransom on an attractive tray before the dessert course was served.

Miss Ransom will spend a vacation at Bay City, Michigan, and will enter Tulsa University in the fall.

Goldenrod and zinnias formed a delightful decorative theme for Thursday afternoon when Mrs. I. R. Stahl was hostess to the members of the Dos Mesas club.

Mrs. Frank Koester was winner of high score. The hostess served a delicious sweet course to club members.

An effective color note of yellow and blue was accented in a lovely floral arrangement when Mrs. W. F. Powell was hostess to the Thursday Club this week.

Mrs. E. C. Christensen won high score and the group enjoyed a delicious iced course after play ended.

SAN JUAN—Charley Griffith is confined to his home here with a case of the measles.

Two Honor Bride With Breakfast

Setting For Affair Pretty

McALLEN—Two prominent City of Palms hostesses honored Bride-Elect Jean Epperson with a breakfast Friday morning at the Casa de Palmas Hotel to add another delightful event to the many which have done honor to the young McAllen resident since the announcement of her marriage to James W. Glasscock August 6. Mrs. Maynard Kreidler and Mrs. J. B. Ashcraft were hostesses.

Here at the breakfast the touch was done with a deft hand in decorating the table all in pink in the bridal mood. Pink tulle illusion covered the table in misty array. The table was centered with a low bowl of pink roses on a reflector mirror. To complete the coloring, pink toned place cards marked the services.

The hostesses presented Miss Epperson with a gift.

Among the guests were Misses Carolyn Cramer, Margaret Brown, Marilyn McAskill, Virginia Pride, Daisy Ellen Polk, Mary and Martha Epperson, Mrs. Ralph Greenly of New Orleans, Mrs. Jack Lomax, Mrs. Larry Fritz, Mrs. J. R. Glasscock, Mrs. J. C. Epperson and Mrs. J. M. Daniels.

Annual PAA Picnic Is Staged

BROWNSVILLE—Approximately 13,200 pounds of watermelon were consumed Saturday afternoon when the western division of Pan American Airways staged its annual picnic at Del Mar beach.

About 1200 Pan American employees and immediate families attended the annual affair, which has been held every summer since 1937, when only 400 persons attended.

Picnic chairman and head of PAA's reservation department is Mr. Guy Bevil, who has made arrangements for the events for the past several years.

In addition to the watermelon, 600 pounds of barbecue, several thousand buns, 2,000 bottles of soda pop, and other delicacies, were consumed.

During the afternoon attractions were bathing beauty contests, sack and potato races, swimming, dancing and other amusements.

The program committee which planned the picnic included Misses Eleanor McLerran and Carita Hart; and Calvin Yeggy, H. L. DeWalt, and Robert McElhannon. In charge of publicity was Glenn Dennis.

Vacation Ends

ELSA—Mr. and Mrs. Clifford Pickens and Mrs. Ida Wise have returned from two weeks vacation in Chester, Pa. and New York. They visited Mrs. Wise's sons, Alvin Runnels of Chester and Marvin L. Bounds of New York. Mrs. E. V. Jackson and two children of Edcouch accompanied them as far as DeQueen, Ark. where she visited relatives.

VISIT AT HOUSTON

LOS FRESNOS—Mr. and Mrs. R. B. McLeish and sons, Robert, Jr., Edward, and Jimmy, left Saturday for a short visit with relatives in Houston, Bryan and Galveston. They were accompanied by Thomas McLeish, nephew of Mr. McLeish.

Fort Brown Scene For Two Events

BROWNSVILLE—Miss Janet Whitney, daughter of Col. and Mrs. Clifford C. Whitney, entertained with an informal watermelon feast and dance Wednesday at her home in Fort Brown.

After refreshments had been served on the lawn, the group entered the house for an evening of dancing. Guests at the affair included Misses Peggy Sappington, Kay Sasse, Ann Wilbourne, Dorothy Campbell and Lucie Starr Grider, and Robert Wilbourne, Edward Whitney, John Beeson, Robert Maher, Craig McNair, William D. Armond, Harrison Whitney and Lieut. Richard Alexander.

Another affair for the younger set of Fort Brown was the buffet supper at which Miss Kay Sasse, daughter of Col. and Mrs. Ralph I. Sasse, was hostess Friday evening. The buffet supper, Mexican style, was given preceding the weekly post hop.

Anniversary Guests

RIO HONDO—Mr. and Mrs. Richard Stewart and family have gone to Mineral Wells where they will visit Mr. and Mrs. A. C. Cox, who will celebrate their golden wedding anniversary soon.

McAllen Ceremony Announced

McALLEN—Miss Jean Epperson and James W. Glasscock, both of McAllen, will be married in a garden ceremony Tuesday, August 6, at 6:30 in the evening.

The rites will be read by Rev. F. H. Hammer, pastor of the First Methodist church here, in the garden of the bride-elect's parents' home. Mr. and Mrs. J. C. Epperson. The groom-to-be is the son of Mr. and Mrs. J. B. Glasscock.

Attendants include Mrs. LARRY Fritz, the former Nina Glasscock, matron-of-honor; Miss Margaret Brown of Edinburg, maid-of-honor; with bridesmaids, Mary and Martha Epperson, twin sisters of the bride-elect, Carolyn Cramer of Elsa, Mary McAskill of Edinburg, Patricia Hankerson of Tyler and Jane Rice of San Antonio.

Young Dorothy Sue Ashcraft, daughter of Mr. and Mrs. J. B. Ashcraft, will be the flower girl.

Attendants to the groom-elect are Larry Fritz, best man; groomsmen, Tom and Bill Watts of Donna, George McCasne of Harlingen, C. C. McDaniel, Jr., John Epperson and Myrnett Smith.

Miss Daisy, Ellen Polk of Pharr will sing with Mrs. J. M. Frisby playing the wedding music.

There will be a reception at the Epperson home after the ceremony.

Four Hostesses Honor Miss Foster With Attractive Shower And Tea

HARLINGEN—Highlight of a week filled with an unusually large number of pleasing affairs was the large tea and shower arranged Thursday afternoon at the home of Mrs. John D. Townsend to honor Miss Hassie Browning Foster. Miss Foster's marriage to Alvis Layton Barrier of Pittsfield, Mass. will take place Saturday, July 27.

Bride Feted By Shower Of Crystal

MERCEDES—Delightful among the social events of this week was the crystal bridge shower given Thursday evening for Mrs. Dale Brown, the former Miss Doris Garrison of Mercedes, whose marriage took place recently.

The ceremony was held in the home of Mrs. Lloyd Lucas, who shared hostess duties with Mrs. Pat Mitchell and Miss Elizabeth Warren.

Observing a color note of red and white, lovely blossoms filled baskets and vases. Winners of the bridge trophies presented their gifts to the honoree. A refreshment course was served in the evening. Guests in addition to the above mentioned were Miss Leona Streckfus, Miss Ista Pritchard, Miss Jeanette Jones, Mrs. Herbert Alston, Miss Dorothy Sue Perry, Miss Verna Rose Gaudin, Mrs. Kent Jones, Mrs. Bill Coppin of Harlingen, Mrs. Fay Williams, Miss Harriett Kidd, Miss Jacqueline Johnson, Miss Helen Teal Stotler, Mr. Herbert Pike, Mrs. J. P. McElyea and Miss Doris Griffin.

First Camp Set For Ships

PORT ISABEL—Preliminary plans are being made for the first annual summer camp of the Girl Scout Mariners which will be held on August 7-14 on Padre Island. About ten Port Isabel girls will be joined by the Pharr ship composed of about 14 girls. The camp will be located near the Coast Guard Station on the bay side of Padre Island. Classes will be held regularly in secret.

Skipper Roba Williams of the MSS Ranger of Port Isabel will accompany her girls and Mrs. June Avery of the MSS Juliette Lowe of Pharr will come with her group.

On Monday night the members of the Port Isabel MSS Ranger held a regular weekly meet at the home of Mrs. Ed Warren, captain of the local Girl Scout troop for a social evening with several guests present. Three tables of cards, Schmidt as high scores, tea cream sandwiches and chicken were served. During the evening they were serenaded by some of the Port Isabel boys.

Guests were Mary Jane Anderson, Jonnie Marie Schmidt and Peaches Wooten.

A vote was taken, adopting as the Mariner uniform, blue dungarees, white sailor caps, white shirts, white tennis shoes and black silk sailor ties.

Classmates Guests In Home In Mission

MISSION—Dr. and Mrs. C. D. Eppright returned Wednesday from a visit to up-state points. They were accompanied home by their daughter, Miss Evelyn, and three other college girls. Miss Eppright has been attending the summer session at the University of Texas and was joined in Austin by her parents last weekend for a family re-union of the Eppright family including several generations.

A classmate of Miss Eppright's at T.S.C.W. during the past year, Miss Louise Clark of Dallas, accompanied her home for a visit. Other members of the party are Misses Carolyn Eppright of Charlotte and Lorraine De Arment of Antonio, cousins of Miss Eppright. The latter two will spend part of their time with an aunt, Mrs. J. Nabors of San Juan. Both attend the University of San Antonio.

Summer Meet Held By Garden Club

HARLINGEN—The inviting patio and shaded porch at the home of Mrs. Joe Junkin made a pleasant setting Thursday for the monthly social meeting of the Harlingen Garden Club. Mrs. L. R. DuBois directed the brief business session.

Affording special interest was Mrs. H. L. Hunt's report regarding the Latin-American Garden Club, which is actively sponsoring the proposed Day Nursery for Latin-American children in Diaz park. Considerable discussion was had relative to the need for shade for children of the Day Nursery on Madison Street, particularly at the wading pool but no definite plans were made.

To California

HARLINGEN—Mr. and Mrs. Joe Junkin and daughter, Mrs. S. R. Horton, are making an extensive trip to California and the West Coast.

MERCEDES—A party composed of Mesdames Lillah Lyle, Artie S. S. Lena Johnson, Lola Robinson, Ed Perry and Myrtle Lee are spending the week-end at Boca Chica.

Bride-Elect Honor Guest For Coffee

Miss Epperson Complimented

EDINBURG—Miss Jean Epperson, August bride-elect, was honored by Mrs. W. R. Montgomery Wednesday morning with a coffee.

The linen laid table was centered with a large green white garden hat filled with pretty blossoms of white, blue and pink. Silver and crystal were used in the appointments with the dainty sweets served buffet style.

The hostess was assisted by Mesdames A. W. Taylor, E. S. Hearne and C. O. Gingsass.

The honoree was presented a lovely gift of silver from the hostess, by little Miss D'Ette Looney.

The guest list for this courtesy included Mesdames J. C. Epperson, A. L. Cramer, A. C. Statham, Elmeda Hilliard, O. E. Tatum, Sid Hardin, Mary E. Mason, Henry Klossner, Roy H. Klossner, Robert H. Klossner, Marshall McIlhenny, E. H. Bonner, Kate Harris, A. J. Ross, Sr., J. M. Frisby, C. E. Bryan, R. B. Curry, Sr., Bishop Clements, J. C. Looney, R. J. Sawyer, Marvin McAskill, Misses Mary and Martha Epperson, Carolyn, Phyllis, and Janet Cramer, Margaret Brown, Marilyn McAskill, Frances Ross, Margaret Louise and D'Ette Looney, the honoree and the hostess.

Sharing hostess duties with Mrs. Townsend were Mrs. A. E. McClendon, Miss Jennie Case, and Mrs. Jack Cooke.

In the receiving line with the hostesses and honoree were her mother, Mrs. J. T. Foster, Mrs. L. A. Harrier, mother of the prospective bridegroom, and Mrs. R. E. Buckles of Corpus Christi, aunt of the honor guest.

Miss Foster was strikingly attractive in a frock of white jersey, the basque section being heavily beaded in turquoise. Mrs. Foster was in pale blue chiffon. Mrs. Barrier chose peach lace. Mrs. Townsend wore mauve chiffon. Mrs. McClendon wore a summer print of chiffon. Mrs. Cooke peach organdy, and Miss Case blue taffeta.

Pink was the predominant color tone for the affair and was reflected in baskets and vases of pink roses arranged about the room.

Exquisite representation was given to the bridal motif in the decoration for the tea table. The dramatic table centerpiece was an upstanding heart outlined with a fringe of silk lace with wedding bells hanging from the center. Sweetheart roses gave floral interest and replicas of the rose decorated the cake squares.

Assisting in serving the tea dainties and in other hostess duties during the afternoon were Miss Mary Annice Bush, Marjorie Broadlove, Jean Phipps, Jane Davis, and Julia Botts, Mrs. Jim Landrum Goode, La Feria, and Mrs. Philip Newell.

In charge of the guest register were Miss Ruth Townsend and Miss Mary Jo Phipps.

In the drawing room tables spread with linen covers held the many lovely gifts for the bride. Her personal gifts and linens for her new home were displayed in the bedroom.

About 175 guests were received from 5 to 7 o'clock.

Valley Unit Plans For Hostess Part In Laredo Meeting

MISSION—Last-minute details for a state convention luncheon will be planned by members of the Valley Salon, Eight and Forty, when members meet Monday afternoon at the home of Mrs. H. L. Murphy in Pharr. The Valley unit will be hostess to all others of the state when the Texas State American Legion convention is held in August at Laredo.

A highlight of entertainment features planned by the Valley members will be a luncheon Saturday, August 17. The Valley Salon is the mostly recently organized in the state and the only one in South Texas of the Eight and Forty organization, the honor unit of the American Legion Auxiliary.

Barbecue Gay Event Honoring Visitors

HARLINGEN—Climax to a gay series of informal parties that marked the visit of Martha and Jacquelyn Murphy of Edinburg was the barbecue given by their hostess, Bettylou Williams, in the garden at the home of her parents, Mr. and Mrs. W. J. Williams.

An appetizing barbecue supper was served, followed by games and informal entertainment.

In the guest group were the honor guests and Gerry Chastain, Polly Breedlove, Doris Ann Gavenda, Betty Lou Hill, Jo Carolyn Lewis, Betty Jean Smith and Loretta Boggs. Bettylou accompanied the twins when they returned to Edinburg and will remain for a few days.

Latin-American Club To Sponsor Nursery

HARLINGEN—At the regular meeting this week, the Latin-American Garden Club temporarily dropped its activities in planting and dedicated joint efforts to the proposed Day Nursery. The meeting was held at the residence of Mrs. Eloisa Olivera, 711 Wright St.

Mrs. Miller Tijerina and Mrs. Andrea Vallejo were initiated as new members.

A social hour followed the business meeting. Prizes at bingo went to Mrs. M. Tijerina and Mrs. H. D. Vela.

Iced watermelon was served by the hostess.

Next meeting will be at the home of Mrs. Frances Fields, 309 North L St. on August 7.

Birthday Is Noted With Pretty Party

RAYMONDVILLE—A pretty party of the week was that given by Miss Louise Florence at her home on Wednesday evening in honor of Miss Nita Taylor in recognition of her birthday.

Mrs. J. C. Doedynes was hostess to members of the Dorcas Missionary Society Thursday afternoon at her pretty country home northeast of San Juan. Harold C. Cramer gave a paper on "Christianity in Great Britain." Devotional was led by Mrs. O. H. Stugard.

A social hour was held and refreshments served members of the Four-Square class. Mesdames F. S. Munch, Armour Moore, O. H. Stugard, W. G. Rice, Clark Mellenbruch, C. E. Elliott and Harold Cramer.

Mr. and Mrs. Edward Genenwein home returned after a month's honeymoon spent in the East.

Mrs. Burwell Honor Guest

EDINBURG—Mrs. George T. Jones entertained informally Thursday morning at her home in honor of Mrs. J. G. Burwell who will soon make her home in Bryan.

Pink rosebuds and lace fern were used throughout the rooms as the attractive floral accents.

Mrs. Jones, Mrs. Burwell and Miss Frances Wilroy of Canyon, sister of Mrs. Burwell, greeted guests at the door.

Mrs. Cecil Stephens directed the guests to the lace covered table where Mrs. J. S. Pelt served punch and dainty cookies. Rose buds floating in a low bowl and encircled by fern made the table centerpiece.

The hostess presented the honoree with a lovely gift.

Daughters Visit Mrs. Mattie Owen At Brownsville

BROWNSVILLE—Mr. and Mrs. Gerald Ingle of El Campo and Mr. and Mrs. J. D. Hairston of San Marcos have been guests for the past week in the home of Mrs. Mattie Owen of Brownsville. Both Mrs. Ingle and Mrs. Hairston are daughters of Mrs. Owen.

Arriving in Brownsville with them was Miss Sara Joy Owen, who had spent the previous six weeks in El Campo.

Another daughter, Miss Johnnie Beth Owen, will return to San Marcos Saturday to attend the second semester of the summer school there.

Valley Bride-Elect

Miss Betty Jean Chastain will become the bride of Paul Russell White of Houston in simple rites to be solemnized August 4. Date for the wedding was announced Thursday night at a meeting of the NoName Club of which the bride-to-be is a member. She is the daughter of Mrs. J. Franklin Chastain of Harlingen. (Tegee Photo)

Novel Announcement Of Coming Rites Made As Club Group Meets

HARLINGEN—Surprise revelation of the marriage date for Miss Betty Jean Chastain, a member, and Paul Russell White of Houston greeted members of the NoName Club Thursday evening when they were guests of the bride-elect's mother, Mrs. J. F. Chastain, and her sister, Miss Frances Chastain. The wedding will be solemnized August 4.

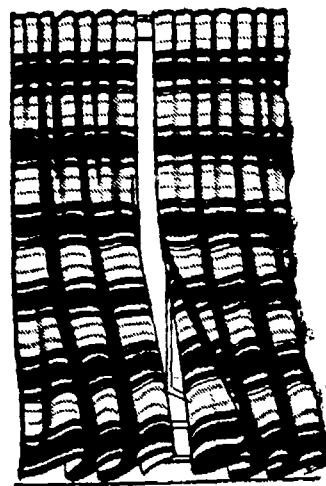

In keeping with the informality that is a custom of the club, the announcement was made by frosting the mirror over the fireplace on which was traced, "Jean and Paul, August 4."

The bridal theme prevailed throughout the evening. Each member wrote in an autograph book for the bride her idea of the road to happiness.

MERCEDES—A picnic lunch and swim was enjoyed Thursday evening on the beach at Boca Chica by Mrs. R. H. Kern, Mrs. Marguerite Simpson and Mrs. Merton Gray of Mercedes.

This 'N' That

By Minnie Gilbert

DOG DAYS ARE just ahead, but summer lethargy has definitely ended if the pace set for visitors, brides-to-be and their friends the past week in Harlingen alone may be taken as an augury.

Such a round of luncheons, teas, and bridges would spell a pretty busy week without the sandwiching of swimming parties, picnics, games of badminton and tennis that summer inspires.

With store windows showing fur coats and college students thinking about rush parties, it's doubtful that the summer slump will return this year.

THE ALWAYS interesting question of what fashion changes autumn will bring holds special fascination this year because American designers will practically run the show.

It's more than likely that national attention focusing on the Americas to the South will produce a strong style influence.

The catch is that travelers in metropolitan areas in South and Central America and even Mexico find women and girls wearing clothing very similar to that worn in the United States.

One has to go into the hinterlands to find the picturesque, native costumes that are linked with the early arts and history.

MOST REPEATED question in connection with Red Cross work being done by hundreds of women over the Valley concerns the nationality of persons who will receive the garments on which many hours of patient work have been spent.

Chairman or other members of local Red Cross committees know little more than their interrogators, but a recent statement by Norman H. Thomas, national chairman, probably meets the major questions. He states:

"It is the policy of the American Red Cross to extend relief where it is most urgently needed, provided it has the necessary freedom of action and safeguards for carrying out the distribution of its supplies to the actual victims, whether refugees or war wounded soldiers."

"At present there are three distinct areas: Great Britain; the unoccupied portion of France; and those territories under German occupation."

"With regard to the first we have set up an American Red Cross committee in England and are sending medical and hospital equipment, clothing, and other supplies including food as rapidly as tonnage is available."

"With regard to the unoccupied portion of France, the U.S. Government, enjoying safe conduct from the British blockade, is now headed for Marseilles where its cargo will be distributed to millions of refugees and war wounded in Southern France under the direction of American Red Cross representatives."

"Aid in Poland is under American Red Cross supervision, thus safeguarding control over the ultimate destination of supplies. As for other occupied territories, aid to the sick and wounded and to refugees, particularly children, is being extended only in Paris and vicinity under the direction of Wayne Chaffield Taylor, American Red Cross delegate working in co-operation with the American Hospital and French Red Cross."

"Beyond this limited activity, the American Red Cross is not extending any relief in the occupied portion of France. The needs for relief, which are daily increasing in areas where we are now operating and in which we will operate in the future will require continued large outlays."

"None of the supplies of the Red Cross have been interfered with by any act of the American people or the enemy and the American people rest assured that we do not intend to engage in any operations not adequately safeguarded and which do not give consideration to the wishes of those who have so generously contributed to the work."

NOT MANY MEN admit reading the society section of the newspaper.

But curiosity was too much for the male reader puzzled as to the nature of a hospitality referred to as "brunch."

After digesting information that a brunch combines features of both breakfast and lunch, he volunteered: "Well, then the meal we have at our house on Sundays must be brunch."

ADVERTISEMENTS say the new fall hats are designed to be worn with pompadours, but we don't see many pompadours yet.

"Pompadourable" is the way one particular style was described.

Pompadours probably will turn out to be quite satisfactory hairdos, but we have an uncomfortable notion that a part of the pompadoured Gibson girl picture is a long neck imprisoned from shoulder to ear in a collar or stock.

A TRIP TO THE polls is a chore to round out the coming week's activity.

Women who have poll tax receipts stay away from the voting place election day because there is no one on the ballot they particularly care to vote for or they're sure their vote will be wasted because their candidates will lose.

Such a state of mind is understandable, campaigning tactics being what they are.

But if one remembers that the unscrupulous never fail to vote or to get every other qualified voter to the polls who supports the right candidates, that few minutes at the polling place seems important.

Plan Saturday's marketing or business to allow time to help choose the leaders for your county and state for the next two years. Vote early if you can.

Radiophone conversations now are possible between Australia and the Philippines.

Party Series Is Aftermath To Wedding

MISSION—Visit in the Valley this week of two girls who were bridesmaids at the recent Smith-Buxton wedding in Memphis, Tenn., has provided the inspiration for a series of social gestures extended by their hosts, Mr. and Mrs. R. N. Smith, parents of the bridegroom, and by the young men who were ushers at the wedding.

Miss Robertine Rhymes of Monroe, La., and Miss Mary Frances Parnell of Little Rock, Ark., were bridesmaids at the brilliant June wedding of Miss Betty Buxton and R. N. Smith, Jr., who were classmates of the visitors at Tulane University. They arrived Wednesday for a visit with the senior Smiths. Also in the party are Mrs. Robert Rhymes, mother of Miss Rhymes, and Mrs. John K. Adkinson, both of Monroe.

Wednesday's courtesy was a Mexican supper given by Lloyd Bensten, Jr., who was an usher at the wedding, and his parents, Mr. and Mrs. Lloyd Bensten. Decorative floral centerpiece of bluebells and red roses, providing gay accent to the Spanish cloth and bright pottery. A colorful fruit piece on the buffet added further accent.

Places were marked for Miss Rhymes, Miss Parnell, Mr. and Mrs. Norman E. Buscher of McAllen, Frank Strickland of Mission, Mr. and Mrs. Bensten, Lloyd Bensten, Jr.

The four visitors and Mrs. Smith spent Thursday visiting lower Valley points, including Brownsville and Del Mar. Friday's hospitalities will include a dinner to be given by Mr. Strickland, who was also a member of the wedding party.

Rainbow Idea Is Keynote

HARLINGEN—Saturday's commitment to Miss Hattie Browning Foster, popular bride-elect, was an afternoon bridge given by Miss Mary Ann Bush at her home. The rainbow theme was effectively represented in the floral arrangements and in appointments for the games of bridge.

At the tea hour dainties were served from a table beautifully decorated with roses which presented the blending pastel shades of the rainbow. Sandwiches, confections, and other details emphasized the chosen theme.

Guests included close friends of the honoree from Harlingen and neighboring towns.

Ice Cream Social Bridge Club Has Substitute Hostess

EDCOUCH—Delta Unit 188 of the American Legion will hold an ice cream social July 25 at 7 p. m. on the lawn in front of the high school cafeteria.

Madame Mary Adkins, Jack Moore, and A. H. Pickens are in charge of arrangements and Mesdames R. E. Snyder, J. L. Porter and H. H. Guinn form the refreshment committee.

Pharr Girl Scouts Enjoy Camping Trip

PHARR—A delightful overnight hike and camping trip was enjoyed by the Pharr Intermediate Girl Scouts and the Brownies, Thursday night at Wahler's Checks, south of this city. Swimming was the principal diversion.

A sunrise flag ceremony was held Friday morning with Hazel Ingram as color bearer, guarded by Paty Liles. Following the camp breakfast and a watermelon feast the troops hiked back to town.

Enjoying the camp were Joyce Derr, Mollie Slate, Doris Ruby, Norma Fraiser, Mary Crutchfield, Betty Polk, Patsy Liles, Beatrice Gross, Joyce Conquest, Joan Stewart, Virginia Spencer, Shirley Leddel, Yvonne Fields, Belva Jean Norman, Hazel Ingram, Betty Evans, Virginia Wahlers and the leader, Mrs. June Avery.

Alamo Club Group Meets In Edinburg

PHARR—Mrs. M. H. Collins was hostess to the North Alamo Sunshine club at the home of her daughter, Mrs. Lew Piper, at Edinburg Thursday afternoon. Bridesmaid Hostess For Dinner Event

EDINBURG—Miss Eleanor Doughtie, a member of the bridal party of Miss Marilyn McAskill, complimented the bride-to-be with a dinner at seven o'clock Wednesday at the Edinburg Hotel dining room.

The linen-laid table was centered by a low basket covered with blue cellophane and tied with silver ribbons, holding pink rosebuds and a silver statue. Blue and silver crystal were used in the appointments. Glowing silver tapers in crystal holders illuminated the scene.

At the honoree's place was laid a lovely gift of crystal from the hostess, and a pink and white corsage of carnations tied with silver ribbon.

Miss Margaret Brown rendered several selections at the piano.

The delicious four-course dinner was served to Mrs. Elmedia Hilliard, Mrs. O. E. Tatum, both of Paris, Tenn., Mrs. Marvin McAskill, Miss Margaret Brown, Miss Carolyn Cramer, Miss Margaret Boyce of Pharr, Miss Jean Epperson of McAllen, Miss Margaret Hogan of Pharr, Miss Ann Elizabeth Doughtie, Mrs. E. Setting For Mission Event Is Delightful

Nautical Theme Is Carried Out

MISSION—A picturesque setting was developed for the dinner party which Frank Strickland gave Friday evening to bring to a brilliant climax the series of courtesies extended this week to Miss Robertine Rhymes of Monroe, La., and Miss Mary Frances Parnell of Little Rock, Ark. The two young ladies were bridesmaids in the wedding of Miss Betty Buxton of Memphis, and R. M. Smith, Jr., in this week for a visit with Mr. and Mrs. Smith. Sr. Mrs. Robert Rhymes mother of Miss Rhymes, and Mrs. John K. Adkinson, both of Monroe, completed the party of visitors.

Friday's hospitality was both unusual and colorful in combining the tropical and nautical themes. The secluded garden of the Strickland home was illuminated with hurricane lamps set in wrought iron standards about the long buffet table and around the smaller tables grouped over the garden.

Lighted sailboats floated on the reflector pool which was illuminated beneath the water to give further charming illusion. Guests were invited into the game room which has been done in a nautical theme.

During the evening gypsy airs were played from the game room providing a background of appropriate melody. After the courses were served, games of loteria, the Spanish version of bingo, were played. Further emphasis on the tropical motif was noted in the macaw birds which were at home in the sub-tropical trees overshadowing the garden.

The guest list included Misses Rhymes and Parnell, the honorees; Janet Cramer, Edinburg; Quita Sammons, Opal Bridges, Mission; Marjory Medley, Harlingen; Betty Burkhardt, Alamo; Tita Brulay, Brownsville; Blanche Lucy McAllen and Sam Antonio; Lorraine Fox, and Mary Alice Conway, Mission.

Mesdames Rhymes and Adkinson; Mr. and Mrs. Frank Van Ness, Mr. and Mrs. Lloyd M. Bentzen, Mr. and Mrs. R. N. Smith, Sr. Mr. and Mrs. Wilfred S. St. Claire-Fisher, Mr. and Mrs. Dee Davenport, Mr. and Mrs. Roy P. Conway, Judge and Mrs. W. R. Blalock, all of Mission.

Mr. and Mrs. J. E. Wilkins, Sam Juan; Mr. and Mrs. Coyne Cox, Mr. and Mrs. S. Casady, Dr. and Mrs. Joe McKensie, Dr. and Mrs. McKee Cotton, all of McAllen; Bob Kern, Mercedes; Charles Clark, McAllen; Ben Meadows, Harlingen; Milton West, Jr., Volney Taylor, Jr., Brownsville; Harley Halstead, Lloyd Bentzen, Jr., and Lloyd Sloan, Mission.

Los Fresnos Event Fetes San Benito Rebekah Lodge

LOS FRESNOS—Mr. and Mrs. G. B. Waller of Los Fresnos entertained members of Resaca City Rebekah Lodge No. 155 and their families with a lawn party and watermelon feast Thursday evening. Lodge No. 155 is the San Benito chapter of the Rebekahs.

Following several games, watermelon was served to the guests on the lawn of the Waller home. The guests at the delightfully informal affair included Mr. and Mrs. Ed Yarrow and children, Baulah Lee and Carol Wayne; Mr. and Mrs. Joe Spears and daughter, Florence; Mr. and Mrs. R. H. Gerlach, Mrs. Daisy Knight, Mrs. Mabel Glasgowl and daughter, Frances; Mr. and Mrs. William McCain and their son, and Mr. and Mrs. James Greenwald and children, Bobby and Peggy.

MRS. WEBER HOSTESS

WESTACO—Golden glow, galardias, and Aztec daisies effectively decorated the living rooms at the E. A. Weber home Thursday night when Mrs. Weber was hostess to the Fidelity Class of the Methodist Sunday school. Assisting Mrs. Weber were Mrs. Clark Miller and Mrs. M. D. Stice.

Games were played and cake and coffee served to 25.

Mrs. H. O. Peterson gave the short devotional which opened the program.

Accompanied on the piano by Mrs. Faye Jones, Miss Laura Schmuck sang two patriotic numbers. Miss Eva Ellen Miller accompanied the group singing of hymns on her accordion.

Receives B. A. Degree

Miss Isabel Vigness received her B. A. degree from the University of San Antonio July 13, completing her college course in three years and six weeks of summer study. Miss Vigness, daughter of Mr. and Mrs. L. M. Vigness of Le Feria, majored in high school music. She was a member of the Dramatic Club, played the piano in the university orchestra, and was a member of the Council for Mary Catherine Hall. She was a student for two years at Texas A. & I. College and was salutatorian for her graduating class from the La Feria high school. (Teague Photo)

Ruth Elaine Anderson Is Bride Of L. R. Cohrs In Pretty Church Rites

DONNA—Miss Ruth Elaine Anderson, daughter of Mr. and Mrs. Arthur Anderson, was married Thursday evening at eight o'clock to Leo R. Cohrs, son of Mr. and Mrs. A. E. Cohrs.

The ceremony was performed in the First Christian Church with the Rev. M. M. Moss officiating.

As the wedding guests were arriving, Mrs. Esther Barron played softly on the piano, "An Sweet Mystery of Life."

She accompanied Orin Anderson, uncle of the bride, as he sang "Oh, Promise Me," and played "The Bridal Chorus" from Wagner's "Lohengrin" for the entrance of the bride and her attendants.

Miss Betty Anderson, sister of the bride, and Miss Annie Leubner, bridesmaids, were both wearing lovely floor-length dresses of aqua chiffon with tiny flower hats and carried large arm bouquets of gladiolus.

Immediately preceding the bride was little James Louis Morrow, dressed in a white suit, who bore the ring on a white satin pillow, and little Alice Ann Holland, flower girl, who wore a floor-length lavender organza dress.

The bride entered on the arm of her father who gave her in marriage. She was lovely in a floor-length model of chiffon and finger tip bridal veil. She carried a huge bouquet of white lilies of the valley and white carnations tied with a large white satin bow from which cascaded streamers of sweetheart roses.

After the ceremony a large reception was held on the church lawn. Miss Mildred Cohrs, Miss Elinora Anderson, and Miss Georgia Mae Davis served the punch and the bride's cake, made of four large layers and topped by a miniature bride couple.

Miss Dorothy Foster presided over the bride's book in which more than 100 guests registered.

Eastern Star Organization Is Completed

Chapter To Be Instituted Soon

ELSA—First steps toward organization of a chapter of the Order of the Eastern Star were taken Thursday evening July 18 at the home of Mr. and Mrs. J. P. DeWald north of Elsa. E. C. Couch, Pharr, grand worthy patron for Texas and Mrs. Couch, also a grand officer, assisted members in the organization work. The following officers were elected:

Mrs. J. P. DeWald, worthy matron; J. P. DeWald, worthy patron; Mrs. W. W. Wilson, associate matron; Mrs. Wilson, associate patron; Mrs. L. B. Doshier, secretary; Mrs. Fred Archer, treasurer; Mrs. Gordon Smith, Conductress; Mrs. J. P. Pealor, associate conductress.

Mrs. Minnie Barr, chaplain; Mrs. E. C. Cooper, organist; Mrs. A. H. Pickens, Adah; Mrs. Milton Mills, Ruth; Mrs. J. F. Galloway, Esther; Mrs. Dorothy Delp, Martha; Mrs. W. W. Wyman, Electa; and J. P. Pealor, sentinel.

The worthy matron appointed Mr. DeWald, Mrs. J. F. Galloway, and Mrs. J. P. Pealor as a committee on constitution and by-laws.

Meetings will be held each second and fourth Tuesday night at the Edcouch Masonic lodge room.

The new chapter will be instituted on Saturday night, August 18. A number of grand officers will assist and guests are expected from several Valley chapters. The newly elected officers of the Edcouch chapter will open and close the meeting.

Honored On Birthday

McALLEN—Barbara Linn Miller, daughter of Mr. and Mrs. S. L. Miller, celebrated her seventh birthday Friday afternoon by giving a tea party for her little friends from 4 p. m. until 6 p. m. at the Miller home on North Fifteenth street.

To provide entertainment for the young guests games were played on the lawn with many prizes given the winners.

Center of attraction when refreshments were served was the birthday cake which centered the tea table. Decorations on the cake were unique card holders, shaped like miniature animals, each with a tiny basket on one side which held the lighted candle.

Favors were given the guests, Sylvia Telford, Dora Lee Watson, Mary Lee Wilkins, June Ellen Melienbruch, Greta Bonnie Steel, Jane Cox, Mary Kay Bonneau, Elizabeth Thompson.

Suzanne Hall, Betty Jane Barker, Ann Osborne, rolling Rogers, Betty Jane Dunlavey, Hilda Charles, Jean Laycock, Clarence Sissell, Buzze Hartman, Jimmy Telford, Jeff West, and two cousins from Taft, Calif., Carolyn and Richard Buckner.

Girl Scout Troops Have Swimming Party At McAllen

McALLEN—Thirty girls from two McAllen Girl Scout troops and one Edinburg troop went on a swimming party and picnic at Cascade pool Thursday.

Leaders present were Mrs. Peyton Weaver of Edinburg and Miss Marjorie Dean of Troop 2, McAllen. Mrs. Harry Pray and Mrs. Nick Paraskevass accompanied the Edinburg troop.

Young Collegiates Guests For Tea Given Friday To Honor House Guest

HARLINGEN—Miss Peggy Bush's tea given to honor her house guest, Miss Kathryn Heep of Austin, was also a homecoming affair since she returned just a few days ago after an absence of several months. Hostesses and honoree will return in the autumn to begin their sophomore year at the University of Texas.

Guests for the delightful affair, mostly members of the collegiate set, were from San Benito and Harlingen and numbered about 70.

Miss Bush received her guests with her mother, Mrs. H. E. Bush, her sister, Miss Mary Annise Bush, and, of course, the honoree. The latter was charmingly attired in yellow chiffon; the hostess wore a formal in blue moire; Miss Mary Annise chose white chiffon; and Mrs. Bush wore a costume in black and blue.

Pink roses were placed about the living and music rooms. In the dining room a yellow color theme was noted in interesting detail. Yellow roses graced the tea table which was set in silver and lighted by yellow tapers. Sandwiches and other dainties repeated the yellow hues.

For the first half hour Miss Barbara Ruth Green, who was frock was in the tea table and Miss Kathleen Carter was in charge from five thirty to six. Miss Carter wore white net.

Attending the annual outing are Misses Dorothy Shealer, Marion Smith, Nola Jean Libbe, Gladys and Emma Jean Rollins, Lorene Schroeder, Betty Hicks, Opal Dennis, and Billie Jean Chesnut.

Plans for the affair were completed Saturday afternoon when the club members met at the home of Miss Schroeder.

Mrs. Walter Wagers Hostess To Class

WESLACO—Mrs. Walter Wagers was hostess to the Altathene Class at her home Wednesday with Mrs. C. L. Burton, president, directing the business routine. A lovely garden flowers made an inviting setting. Delicious refreshments were served.

Club members present included Mesdames Ura Broadlove, Lewis Carroll, Roy Carlson, Clair Chase, N. G. Chatelle, Ralph Coon, Grover Greer, James Greenwald, Leon Hinkley, Ed Hockaday, Frank Kretz, Harry Lupton, Fred Miller, Joe Neeserli, Clinton Oliver, W. B. Palmer, Hall Palmer, Noel Ryall, Harry Whipple, Frank Williams, Misses Genevieve Palmer and Ethel Gammon.

Charles Boyer and Bette Davis in "All This and Heaven Too," booked for current showing Sunday, Monday and Tuesday at the Capitol Theatre in Brownsville.

Mickey Rooney and Judy Garland in "Andy Hardy Meets Debutante," booked for current showing Sunday and Monday at the Arcadia Theatre in Harlingen and at the Rivoli Theatre in San Benito, Thursday, Friday and Saturday.

Douglas Fairbanks, Jr. and Madeleine Carroll in "Safari," booked for current showing Sunday and Monday at both the Rivoli Theatre in San Benito and the State Theatre in Mercedes; Thursday, Friday and Saturday at the Palace Theatre in McAllen and at the Capitol Theatre in Brownsville, Friday and Saturday.

Current Films

AGAINST a glamorous Manhattan background, the Hardy Family is once again presented in a hilarious story "Andy Hardy Meets Debutante," which is booked for current showing Sunday and Monday at the Arcadia Theatre in Harlingen, and at the Rivoli Theatre in San Benito, Thursday, Friday and Saturday.

In this latest episode of screen's saga of a typical American family, the Hardys take a trip to New York where Lewis Stone as Judge Hardy must fight a dramatic battle against the best legal brains in the metropolis or see the Carvel orphanage, refuge of the little town's parentless youngsters, be closed for lack of funds. How he manages to win the battle furnishes the best courtroom scene of the year.

Meanwhile Mickey Rooney, as Andy, has enmeshed himself in a situation from which he can see no escape. Infatuated with pictures of a New York glamour girl, he has boasted to his sweetheart back home, Ann Rutherford, and to Carvel chums that he knows the debutante.

POPULAR SINGING STARS IN NEW FILM

FOR THE first time in more than a year, Jeanette MacDonald and Nelson Eddy share co-starring honors in "New Moon," which is booked for current showing Sunday and Monday at both the Palace Theatre in McAllen and the Ritz Theatre in Weslaco.

A story of many musical as well as dramatic thrills, "New Moon" is set against the colorful background of early New Orleans, and travels, by way of the high seas, through pirate adventures, shipwrecks and subsequent life on a desert island.

The varied musical score solos by Miss MacDonald are the famous "Lover Come Back To Me," "One Kiss," "Pace" and "Rondelet." Together with Eddy she sings "Waiting For You," while the "Largo" number is sung by Miss MacDonald with a choir. Eddy's songs include "Softly As In A Morning Sunrise," "Stout Hearted Men" and "Shoe Shine Song," and a male quartet renders the lifting "Marianne."

A cast of more than fifty speaking roles is seen in support of the co-stars, with Mary Boland, fresh from her triumph in "The Women," giving another pitiless comedy characterization, and prominent roles filled by George Zucco, H. B. Wagner and Grant Mitchell. Patsy Cutler, a new screen find, makes her debut as Julie, Miss MacDonald's maid, and Dick Purcell, who was discovered and developed in short subjects, is seen in one of his first featured roles as Alexander, Eddy's friend.

'ALL THIS AND HEAVEN TOO' AT CAPITOL

THE SCREEN'S two greatest dramatic stars, Bette Davis and Charles Boyer are co-starring in the film version of Rachel Field's sensational novel, "All This and Heaven Too," booked for current showing Sunday, Monday and Tuesday at the Capitol Theatre in Brownsville.

"All This and Heaven Too" is the highly dramatic story of a little French governess, seemingly destined for a life of spinsterhood, who became the storm-center of a Parisian murder scandal which shook Europe nearly a century ago, but who survived the ordeal to find peace and happiness in America.

Besides Miss Davis and Boyer, the film features a notable cast which includes Barbara O'Neil, Jeffrey Lynn, Virginia Weidler, Walter Hampden, Henry Daniell, George Coulouris and many more.

George Brent Stars In New Thrill Film

George Brent is co-starring with lovely Virginia Bruce in the thrill drama "The Man Who Talked Too Much" which is scheduled for showing Tuesday and Wednesday at the Arcadia Theatre in Harlingen.

Nelson Eddy and Jeanette Mac Donald in "New Moon" booked for current showing Sunday and Monday at both the Palace Theatre in McAllen and the Ritz Theatre in Weslaco.

'SAFARI' PRESENTS TROPIC ROMANCE

LOVELY Madeleine Carroll and Douglas Fairbanks, Jr. are co-starring in the screen's action-filled romance of the tropics, "Safari," booked for current showing Sunday and Monday at both the Rivoli Theatre in San Benito and the State Theatre in Mercedes; Thursday, Friday and Saturday at the Palace Theatre in McAllen and at the Capitol Theatre in Brownsville, Friday and Saturday.

The story has to do with a safari planned by a wealthy Baron, Tullio Carminati, who arrives on his yacht in M'Pola, with Madeleine Carroll and Muriel Angelus as his guests. Madeleine is determined to marry Carminati and welcomes the opportunity to arouse his jealousy by becoming deeply interested in Fairbanks, a big game hunter Carminati has hired to lead the expedition.

Strong-willed and independent Fairbanks immediately antagonizes Carminati, and refuses to accompany the hunt until Madeleine persuades him. Flying over the area the safari will travel, Fairbanks and Madeleine are forced to remain alone all night in the jungle, arousing Carminati's insane rage. Learning that Carminati has been carelessly responsible for the death of one of the native boys, Fairbanks denounces him as a murderer.

On a lion hunt Carminati intentionally wounds a lion and suggests that Fairbanks make the kill single-handed. Fairbanks emerges with a torn arm, disbands the camp and returns to M'Pola after angrily tongue-lashing both Madeleine and Carminati. He plans flying to Europe and the war. In a series of tensity dramatic scenes, the picture is brought to an unexpected but wholly believable conclusion.

REG. U. S. PAT. OFF.

IN THE BLACK CHAMBER OF ALI HASSAN, MYRA AND DR. WU ARE WITNESSING THE STRANGE PHENOMENON OF HEARING AND SEEING A STORY FROM THE ARABIAN NIGHTS AS RELATED BY SCHEHERAZADE THROUGH THE MYSTIC PROCESS OF MENTAL PROJECTION

DR. WU! DID YOU SEE HIM? ZERO IN THAT CAVE WITH SINBAD AND THE FISHERMAN!

QUIET, MYRA! APPEARS WE ARE ABOUT TO RECEIVE THAT INFORMATION FOR WHICH WE CAME TO ALI HASSAN!

YES-YOU MUST NOW OBSERVE MOST INTENTLY--FOR HERE SCHEHERAZADE'S TALE MERGES WITH REALITY!

"THE STRANGE LITTLE MAN GREETED SINBAD AND THE FISHERMAN, TELLING THEM THAT HE POSSESSED A POWERFUL CHARM AGAINST THE FEROCIOUS DRAGONS."

BUT TELL US, O STRANGER, HOW COME YOU TO THE VALLEY OF DIAMONDS?

MY FRIENDS, I HOLD HERE A MOST MARVELOUS CARVING! ITS EYES OLEAM LIKE FIRE WHEN PRECIOUS GEMS ARE NEAR. THIS MYSTIC DRAGON HAS LED ME HERE - TO THE WORLD'S GREATEST TREASURE!

COME! I WILL SHOW YOU HOW I INTEND TO BECOME A MULTI-MILLIONAIRE. FILL YOUR CLOTHING WITH ALL THE GEMS YOU CAN CARRY-- THEN WATCH WHAT HAPPENS!

"NO SOONER HAD THE LITTLE MAN SPOKEN, WHEN A STRANGE THING TOOK PLACE. HUGE CARCASSES OF BEEF AND LAMB CAME TUMBLING INTO THE VALLEY FROM THE CRAGS ABOVE!"

IT IS THE MERCHANTS WHO COME EVERY DAY AND TOSS THEIR BAIT TO THE GIANT VULTURES WHICH VISIT THE VALLEY. OCCASIONALLY A FEW OF THE GEMS CLING TO THE FRESH MEAT AND THUS ARE CARRIED TO THE MOUNTAINS ABOVE

BUT TODAY IT SHALL BE WE WHO ARE CLINGING TO THE MEAT...AND OUR POCKETS SHALL BE FILLED WITH THE VALLEY'S CHOICEST DIAMONDS!

LOOK! ZERO'S PLAN IS WORKING! THEY ARE BEING CARRIED OUT OF THE VALLEY!

YES! AND WHEN THEY REACH TOP WE SHALL BE ABLE TO SEE EXACT PART OF WORLD THEY ARE IN!
